Tarbert,2003 **Reading, Translating, Rewriting** Martine Hennard Dutheil de la Rochère,2013-11-15 In translating Charles Perrault s seventeenth century Histoires ou contes du temps pass avec des Moralit s into English Angela Carter worked to modernize the language and message of the tales before rewriting many of them for her own famous collection of fairy tales for adults The Bloody Chamber published two years later

In *Reading Translating Rewriting Angela Carter's Translational Poetics* author Martine Hennard Dutheil de la Rochère delves into Carter's *The Fairy Tales of Charles Perrault* 1977 to illustrate that this translation project had a significant impact on Carter's own writing practice. Hennard combines close analyses of both texts with an attention to Carter's active role in the translation and composition process to explore this previously unstudied aspect of Carter's work. She further uncovers the role of female fairy tale writers and folktales associated with the Grimms *Kinder und Hausmärchen* in the rewriting process, unlocking new doors to *The Bloody Chamber*. Hennard begins by considering the editorial evolution of *The Fairy Tales of Charles Perrault* from 1977 to the present day as Perrault's tales have been rediscovered and repurposed. In the chapters that follow, she examines specific linkages between Carter's Perrault translation and *The Bloody Chamber*, including targeted analysis of the stories of *Red Riding Hood*, *Bluebeard*, *Puss in Boots*, *Beauty and the Beast*, *Sleeping Beauty*, and *Cinderella*. Hennard demonstrates how even before *The Bloody Chamber*, Carter intervened in the fairy tale debate of the late 1970s by reclaiming Perrault for feminist readers when she discovered that the morals of his worldly tales lent themselves to her own materialist and feminist goals. Hennard argues that *The Bloody Chamber* can therefore be seen as the continuation of and counterpoint to *The Fairy Tales of Charles Perrault* as it explores the potential of the familiar stories for alternative retellings. While the critical consensus reads into Carter an imperative to subvert classic fairy tales, the book shows that Carter valued in Perrault a practical educator as well as a proto folklorist and went on to respond to more hidden aspects of his texts in her rewritings.

Merchant Vessels of the United States, 1989 **Space and Place in Children's Literature, 1789 to the Present**
 Maria Sachiko Cecire, Hannah Field, Malini Roy, 2016-03-09
 Focusing on questions of space and locale in children's literature, this collection explores how metaphorical and physical space can create landscapes of power, knowledge, and identity in texts from the early nineteenth century to the present. The collection is comprised of four sections that take up the space between children and adults: the representation of real world places, fantasy travel and locales, and the physical space of the children's book as object. In their essays, the contributors analyze works from a range of sources and traditions by authors such as Sylvia Plath, Maria Edgeworth, Gloria Anzaldá, Jenny Robson, C. S. Lewis, Elizabeth Knox, and Claude Ponti. While maintaining a focus on how location and spatiality aid in defining the child's relationship to the world, the essays also address themes of borders, displacement, diaspora, exile, fantasy, gender, history, home, leaving, and homecoming, hybridity, mapping, and metatextuality. With an epilogue by Philip Pullman in which he discusses his own relationship to image and locale, this collection is also a valuable resource for understanding the work of this celebrated author of children's literature.
