Bibliotheca Sacra and Theological Review, 1855 **Bibliotheca sacra**, 1855 **Chinese-Japanese Competition and the East Asian Security Complex** Jeffrey Reeves, Jeffrey Hornung, Kerry Lynn Nankivell, 2017-07-14 This volume examines contemporary diplomatic economic and security competition between China and Japan in the Asia Pacific region The book outlines the role that Sino Japanese competition plays in East Asian security an area of study largely overlooked in contemporary writing on Asian security which tends to focus on US China relations and or US hegemony in Asia The volume focuses on Chinese and Japanese foreign policy under President Xi Jinping and Prime Minister Shinz Abe and regional security dynamics within and between Asian states institutions since 2012 It employs regional security complex theory as a theoretical framework to view Chinese and Japanese competition in the Asian region In doing so the volume draws on a levels of analysis approach to demonstrate the value in looking at security in the Asia Pacific from a regional rather than global perspective The vast majority of existing research on the region s security tends to focus on great power relations and treats Asia as a sub region within the larger global security architecture In contrast this volume shows how competition between the two largest Asian economies shapes East Asia s security environment and drives security priorities across Asia s sub regions As such this collection provides an important contribution to discussion on security in Asia one with potential to influence both political and military policy makers security practitioners and scholars This book will be of much interest to students of Asian politics regional security diplomacy and international relations **Two Years in a Gulag** Frank Pleszak, 2013-02-15 The true story of a Polish peasant exiled to the harsh Gulags of north eastern Siberia during the Second World War **From Book to Screen** Keiko I. McDonald, 2016-09-16 Of all the world s cinemas Japan s is perhaps unique in its closeness to the nation s literature past and contemporary The Western world became aware of this when Akira Kurosawa s Rashomon was awarded the Grand Prize at the Venice film festival in 1951 and the Oscar for best foreign film in 1952 More recent examples include Shohei Imamura s Eel which won the Palm d Or Best Picture at Cannes in 1997 From Book to Screen breaks new ground by exploring important connections between Japan s modern literary tradition and its national cinema The first part offers an historical and cultural overview of the working relationship that developed between pure literature and film It deals with three important periods in which filmmakers relied most heavily on literary works for enriching and developing cinematic art The second part provides detailed analyses of a dozen literary works and their screen adoptions The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7 Michael Gagarin, 2010 The Value(s) of Literature James S. Hans, 1990-01-01 Discusses the ethical aspects of literature **The Dawn of History** C.F. Keary, 2020-07-27 Reproduction of the original The Dawn of History by C F Keary Environmental Crises in Central Asia Eric Freedman, Mark Neuzil, 2015-10-23 Environmental conditions do not exist in a vacuum They are influenced by science politics history public policy culture economics public attitudes and competing priorities as well as past human decisions In

the case of Central Asia such Soviet era decisions include irrigation systems and physical infrastructure that are now crumbling mine tailings that leach pollutants into soil and groundwater and abandoned factories that are physically decrepit and contaminated with toxic chemicals Environmental Crises in Central Asia highlights major environmental challenges confronting the region's former Soviet republics Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan They include threats to the Caspian and Aral seas the impact of climate change on glaciers desertification deforestation destruction of habitat and biodiversity radioactive and hazardous wastes water quality and supply energy exploration and development pesticides and food security and environmental health The ramifications of these challenges cross national borders and may affect economic political and cultural relationships on a vast geographic scale At the same time the region's five governments have demonstrated little resolve to address these complex challenges This book is a valuable multi disciplinary resource for academics scholars and policymakers in environmental sciences geography political science natural resources mass communications public health and economics
