David A. Weaver,2016-10-20 No matter where you intend to fish almost anywhere around the world the principle is basically the same it is the knowledge that differs and the methods used to catch the fish that count so whether you use a rod and reel a pole or a hand line from the shore or a boat all that matters is how you present the bait in the right area for the species you want to catch with this in mind all the rigs traces and baits can be utilised on all the different systems Remember it is not the rod that catches the fish it is just a tool being used by you the angler to put your baited hook where the fish are The must have beginners guide to sea angling From choosing your first rod and reel to setting it up through a basic casting lesson to making your first rig and continuing on from there including all the baits required and how to present them on the hook fish identification to all the methods plus boat angling and traces ending up with filleting fish and the recipes to cook your catch
