Ships Richard Humble,1991-08-01 Takes the reader on a voyage through the history of boats from the earliest Greek galleys to the modern ocean going vessels of today *Ships, Sailors and the Sea* Caroline Young,John C. Miles,1992 An introduction to the world of ships and the people who sailed them *Sailing Ships from Plastic Kits* Kerry Jang,2024-10-30 Models of sailing ships with their towering masts and billowing sails have always held a special fascination for model makers because they capture all the romance of the sea shipboard life and a fighting spirit However many would be modelers are discouraged by the inherent complexity of the subject especially the masts and rigging as well as the often sumptuous decoration Plastic kit manufacturers were quick to capitalize on this interest and produced kits that were advertised as easy and reasonably quick to assemble featuring ready made detail that is easily tackled by modelers of varying skills and ages with the promise of a good result Plastic sailing ship kits are affordable especially in comparison to wooden ship kits and building a fleet of the most famous ships in history is easily achieved Despite their ease of assembly plastic models of sailing ships like the ships themselves remain complicated to build Manufacturers devised several simplifications of the most difficult aspects such as molding the lower upper and topmasts in one piece offering preformed molded plastic shrouds and ratlines or sails in vacuum formed plastic However modelers have long complained that these simplifications the physical limitations of injected plastic moldings and the very medium of styrene plastic itself have resulted in often crudely detailed and unrealistic finished models This book is the remedy It describes and demonstrates techniques unique to plastic sailing ship models that overcome these limitations allowing the construction of authentic and personally satisfying models Each modeler has a different expectation for their model Some will want a simple build with some straightforward refinements whereas others will want a more detailed build that takes advantage of the many new aftermarket items and there are those who seek the most accurate and detailed replica possible *Sailing Ships from Plastic Kits* aims to give every modeler regardless of skill and experience a range of fundamental and advanced techniques to choose from when transforming a plastic kit into an authentic sailing ship model Heavily illustrated in color throughout this book is an ideal addition to the purchase of any plastic ship kit Ships, Sailors and the Sea J. Miles,1989-04-01 A fascinating insight into how things were made and developed through the ages Full color maps diagrams and cutaway sections *Upstairs and Downstairs* James Leggott,Julie Anne Taddeo,2014-12-11 The international success of *Downton Abbey* has led to a revived interest in period dramas with older programs like *The Forsyte Saga* being rediscovered by a new generation of fans whose tastes also include grittier fare like *Ripper Street* Though often criticized as a form of escapist conservative nostalgia these shows can also provide a lens to examine the class and gender politics of both the past and present In *Upstairs and Downstairs* British

Costume Drama Television from *The Forsyte Saga* to *Downton Abbey* James Leggott and Julie Anne Taddeo provide a collection of essays that analyze key developments in the history of period dramas from the late 1960s to the present day Contributors explore such issues as how the genre fulfills and disrupts notions of quality television the process of adaptation the relationship between UK and U S television and the connection between the period drama and wider developments in TV and popular culture Additional essays examine how fans shape the content and reception of these dramas and how the genre has articulated or generated debates about gender sexuality and class In addition to *Downton Abbey* and *Upstairs Downstairs* other programs discussed in this collection include *Call the Midwife* *Danger* *UXB* *Mr Selfridge* *Parade* *s End* *Piece of Cake* and *Poldark* Tracing the lineage of costume drama from landmark productions of the late 1960s and 1970s to some of the most talked about productions of recent years *Upstairs and Downstairs* will be of value to students teachers and researchers in the areas of film television Victorian studies literature gender studies and British history and culture

Sailors of the Cloud Ships David Fooks,2023-10-10 The Age of Sail wrought the greatest change to the world in the history of mankind possibly until the Age of Space Exploration From 1450 to 1850 the Western world experienced explosive and violent change most of it brought about by the great sailing ships of the era and driven by the personal ambition for power and riches in a handful of men and women who in many cases didn t have a clue what they were getting into Today this exciting era receives just superficial coverage names dates and what was accomplished But behind these were real people and digging into their lives can bring up startling facts Columbus spent much of his life as a pirate Magellan wasn t the first to circumvent the globe Horatio Nelson England s greatest naval hero suffered from violent seasickness America s most famous lightkeeper recognized for saving as many as 32 drowning men over 52 years was a woman Women served as crew in the British Navy and fought alongside their husbands a two year old boy served as a midshipman and babies were born on Nelson s flagship during both the Battles of Trafalgar and the Nile The British monarchy financed and provided oversight for the largest slave transport company in history History can be humorous surprising and even shocking and it is anything but dull

American Merchant Ships and Sailors Willis J. Abbot,2013-06 In all times and ages the deeds of the men who sail the deep as its policemen or its soldiery have been sung in praise It is time for chronicle of the high courage the reckless daring and oftentimes the noble self sacrifice of those who use the Seven Seas to extend the markets of the world to bring nations nearer together to advance science and to cement the world into one great interdependent whole Willis John Abbott 1863 1934 American journalist and author of several maritime books gives a detailed account of the history of merchant shipping in the United States

Revelation of Jesus Christ Grace Chung,2025-08-25 I was raised by my mother and my grandmother who were very devout Christians and who had believed in Jesus for four generations We all attended a Presbyterian church in South Korea and especially my grandmother handed down her faith in

Jesus to me through teaching me the bible and singing hymns for me The reason I translated this book was this The elder pastor from one of my former churches that I had attended asked me to interpret his sermons that he meditated on the words of Revelation When I refused to interpret his sermons Jesus appeared to me once in a cloud and confirmed me to translate his sermons from Korean to English So I obeyed the will of Jesus and interpreted his sermons from Korean to English While I was translating this book I saw Jesus shining His light upon me from Heaven Sometimes I could see even an angel pouring a jar of living water on me when I was translating this book from Korean to English While I was translating this book at 2 in the morning I even saw a mighty angel coming down from heaven whose face was so shining like the sun and whose voice was like the seven thunders This is the reason why I started interpreting this book This book is the words of God explaining about the book of Revelation and the end time It gives us the God s explanation about the plagues of seven bowls the perdition of the world the white throne judgment and heaven at the end This book will tell us in detail about how we should believe in Jesus in order to be saved out of hell fire and out of all the plagues that will strike the earth in the upcoming future The messages of this book must be the warning signals of God that He wants to send to all of His churches and to all the people who live in the end time of the world While I was translating this book Jesus showed me a pure river of life flowing from the top of the mountain to the sea Jesus showed me that this message of the words of Revelation must be the pure water of water flowing from the throne of God in heaven which will restore the spirits of people to life I wish you will all read these three books and get an insight into what will happen in the close future in the world and prepare yourselves to be saved out of upcoming punishment of God that will befall earth and enter into heaven in the end after all If you are pastors you can also preach these messages to your congregation since Jesus said not to close this book but to read and keep the things written in the book of Revelation I pray that whoever reads and keeps the things written in these books of the words of Revelation meet Jesus and be blessed according to the words written in the book of Revelation while they live in this world and enter into heaven after all I wish we will all meet in heaven someday May God bless you all Captain of the Carpathia Eric L.

Clements,2016-02-11 Responding to Titanic s distress calls in the early hours of 15 April 1912 Captain Arthur Rostron raced the Cunard liner Carpathia to the scene of the sinking rescued the seven hundred survivors of the world s most famous shipwreck and then carried them to safety at New York After twenty five years at sea the competence and compassion Rostron displayed during the rescue made him a hero on two continents and presaged his subsequent achievements During the First World War he participated in the invasion of Gallipoli and commanded Cunard s Mauretania as a hospital ship in the Mediterranean and a troop transport in the Atlantic As her longest serving master he commanded that legendary vessel in transatlantic passenger service through most of the 1920s Rostron retired in 1931 as the most esteemed master mariner of his era celebrated for the Titanic rescue decorated for his war service and knighted for his contributions to British seafaring This account uses newspaper reports company records government documents contemporary publications and memoirs to

recount Rostron's seafaring life from his first voyage as an apprentice rounding Cape Horn in sail to his retirement forty four years later as commodore of the Cunard Line Set within the context of his times and featuring particulars of the ships in which he served and commanded this is the first comprehensive biography of Arthur Rostron before during and after his year as captain of the Carpathia
