Sealing Steamers John Feltham, 1995-01-01 **S.S. Eagle, the Secret Mission, 1944-45** Harold Squires, 1992
Chafe's Sealing Book Levi George Chafe, 1923 A history of what was once one of Newfoundland's most prosperous industries this book contains statistics facts and images of the seal fishery **Diplomatic and Consular Reports** Great Britain. Cataloging Policy and Support Office, 2009 Library of Congress Subject Headings Library of Congress, 2009 *Newfoundland National Convention, 1946-1948* James K. Hiller, Michael Harrington, 1995 The history of the Newfoundland National Convention is of key importance for understanding how Newfoundland became a Canadian province in 1949 In 1946 forty five convention delegates were elected to consider the condition and prospects of Newfoundland and Labrador and make recommendations to the British government concerning the forms of government that should be put before the electorate in a referendum The debates and committee reports were not published after the Convention's dissolution in 1948 they are now brought together in an accessible form for the first time *The Ice Hunters* Shannon Ryan, 1994 The demand for oil to light and lubricate the industrial world changed the face of much of the planet Newfoundland was part of this widespread transformation as migratory cod fishermen settled here in the early 1800s in order to hunt seals in late winter and early spring The seal fishery brought prosperity and growth and shaped this new society but seal hunters and their families paid a heavy human cost in lives lost and suffering experienced The traditional oil industries were doomed with the discovery of mineral oils and the harnessing of electricity and Newfoundland along with other societies faced painful adjustments while searching for alternative industries However while its place in the economy declined the seal fishery left an indelible imprint on Newfoundland's culture and identity This study with its tables maps and illustrations examines the history of the Newfoundland seal fishery from its origins up to 1914 ranging in scope from the life of the hunter on the ice flows to the demands of the consumer in the marketplace Shannon Ryan was born in Riverhead Harbor Grace Newfoundland and educated at Memorial University of Newfoundland BA Ed BA and MA and the University of London PH He worked for nine years as a schoolteacher and principal and in 1971 he was appointed to the faculty of History His publications and presentations are in the fields of Newfoundland Maritime fisheries and oral history He served as president of the Newfoundland Historical society during 1984-1988 as Newfoundland's representative on the Social sciences and humanities research council of Canada during 1989-1993 and was elected a fellow of the Royal society in 1988 *Dictionary of Newfoundland English* W.J. Kirwin, G. M. Story, J.D.A. Widdowson, 1990-11-01 The Dictionary of Newfoundland English first published in 1982 to regional national and international acclaim is a historical dictionary that gives the pronunciations and definitions for words that the editors have called Newfoundland English The varieties of English spoken in Newfoundland

date back four centuries mainly to the early seventeenth century migratory English fishermen of Cornwall Devon Dorset and Somerset and to the seventeenth to the nineteenth century immigrants chiefly from southeastern Ireland Culled from a vast reading of books newspapers and magazines this book is the most sustained reading ever undertaken of the written words of this province The dictionary gives not only the meaning of words but also presents each word with its variant spellings Moreover each definition is succeeded by an all important quotation of usage which illustrates the typical context in which word is used This well researched impressive work of scholarship illustrates how words and phrases have evolved and are used in everyday speech and writing in a specific geographical area The Dictionary of Newfoundland English is one of the most important comprehensive and thorough works dealing with Newfoundland Its publication a great addition to Newfoundlandia Canadiana and lexicography provides more than a regional lexicon In fact this entertaining and delightful book presents a panoramic view of the social cultural and natural history as well as the geography and economics of the quintessential lifestyle of one of Canada s oldest European settled areas This second edition contains a supplement offering approximately 1500 new or expanded entries an increase of more than 30 per cent over the first edition Besides new words the supplement includes modified and additional senses of old words and fresh derivations and usages

Congress. Senate. Committee on Commerce,1972 **Commercial Fisheries Review** ,1946 The Shadows of Consumption Peter Dauvergne,2010-09-24

An environmentalist maps the hidden costs of overconsumption in a globalized world by tracing the environmental consequences of five commodities The Shadows of Consumption gives a hard hitting diagnosis many of the earth s ecosystems and billions of its people are at risk from the consequences of rising consumption Products ranging from cars to hamburgers offer conveniences and pleasures but as Peter Dauvergne makes clear global political and economic processes displace the real costs of consumer goods into distant ecosystems communities and timelines tipping into crisis people and places without the power to resist In The Shadows of Consumption Peter Dauvergne maps the costs of consumption that remain hidden in the shadows cast by globalized corporations trade and finance Dauvergne traces the environmental consequences of five commodities automobiles gasoline refrigerators beef and harp seals In these fascinating histories we learn for example that American officials ignored warnings about the dangers of lead in gasoline in the 1920s why China is now a leading producer of CFC free refrigerators and how activists were able to stop Canada s commercial seal hunt in the 1980s but are unable to do so now Dauvergne s innovative analysis allows us to see why so many efforts to manage the global environment are failing even as environmentalism is slowly strengthening He proposes a guiding principle of balanced consumption for both consumers and corporations We know that we can make things better by driving a high mileage car eating locally grown food and buying energy efficient appliances but these improvements are incremental local and

insufficient More crucial than our individual efforts to reuse and recycle will be reforms in the global political economy to reduce the inequalities of consumption and correct the imbalance between growing economies and environmental sustainability Ocean Mammal Protection, Hearings Before the Subcommittee on Oceans and Atmosphere..., 92-2, on S. 685, 1315, 2579, 2639, 2871, 3112, 3161, and Amendment 1048, Ocean Mammal Legislation....
