SARA

"One of the finest works of
[Garth Ennis'] career." — Alan Moore

In the second terrible winter of the siege
of Leningrad, seven women snipers find
themselves caught up in the struggle
against the German invaders.

Their deadliest shot is Sara, whose inner
demons may yet prove her undoing —
but with the enemy to their front and
the agents of the Soviet state lurking in
the shadows, how long can any squad
survive the terrifying maelstrom of war?

Netherlandic Mennonite History and Genealogy 1st Edition Barry Teichroeb, 2025-05-29 The cultural group associated with the Russian Mennonites was born during the tumultuous period of the Anabaptist Movement in the early 16th century stemming from the Protestant Reformation in the Lowland countries of western Europe Viewed on a 21st century map this region encompasses parts of northern France Belgium the Netherlands and parts of the Rhine River basin in western Germany Foundational political and religious principles evolved as this Mennonite group established its identity freedom of religion separation of Church and State exemption from military service adult baptism and disintermediation of the Clergy The Anabaptist movement posed a serious threat to the Church of Rome and the Holy Roman Empire Fervent violent attempts were made to stamp out the movement driving congregants underground or sweeping them northward as the Inquisition sought out captured and murdered Anabaptist heretics The Mennonites fled through the northern territories of the Netherlands and into safer regions such as the Polish Lithuanian Commonwealth and the city of Danzig where some religious toleration existed Danzig became a hub of Mennonite settlement and other centers emerged particularly in the Polish Lithuanian Commonwealth as the community expanded Until the late 18th century these Mennonites were able to live according to their principles and succeed In the latter half of the 18th century European political tensions and conflicts led to the partitioning and eventual dissolution of the Polish Lithuanian Commonwealth and some the most important privileges enjoyed by the Mennonites were lost among them the unfettered right to acquire land and exemption from military service In the last years of the 18th century Russia under Catherine the Great began a program to encourage settlement by foreigners in her vast western regions The Mennonite community regarded this as a salvation and carved out a new life on the steppes along the Dneiper River beginning in the last decade of the 18th century For nearly a century these Mennonites lived in Russia able to abide by their principles However political encroachment on their systems of education and governance and threats to their deeply held principles caused a new migration this time to North America Many Russian Mennonites came to Canada They arrived in three waves in the 1870s 1890s and finally following the upheaval of World War I the Russian Revolution and the Ukrainian War of Independence the 1920s

Searching for Sarah in the Second Temple Era Joseph McDonald, 2020-02-20 Seeking to build upon recent scholarship based on Biblical women Joseph McDonald uses a character centered literary approach to read the story of Sarah as it was told and retold in the Second Temple period McDonald offers an alternative to the usual approaches to rewritten Bible narratives which often emphasize near context synoptic comparison of retold stories and their scriptural precursors arguing that examination of retold narratives as narratives reveals important aspects of their internal literary effects that may otherwise go unnoticed Taken together McDonald suggests that such readings reveal one of Sarah's trans narrative or deep traits as a curious multi faceted resemblance to the character of Abraham The richness of her images however shows that this resemblance is not the ultimate distillation of Sarah but a

symptom of the kind of restriction that she consistently faces in this literature McDonald concludes that creative readings of the narratives featuring Sarah in the Hebrew Bible the Septuagint the Genesis Apocryphon and the Jewish Antiquities of Josephus illuminate Sarah as a complex and sometimes contradictory figure whose individuality and agency often struggle to escape limitations placed upon her both by other characters such as Abraham and God and by the narrators of her tales

Beyond the Search Engine Liese Zahabi, 2024-12-24 Focusing on the user experience of online search this book explores the complex design at play and the ways social media platforms websites and other online interfaces have been created to provide information Author Liese Zahabi addresses three key questions How do users perceive search engines and what is their understanding of how they work What are the various user interface designs contemporary and historical that

have created access points to search and how do these interfaces affect each other and a user's search process What do these designs and products say about our priorities and our relationships with information and other people This book weaves archival and contemporary examples of interface designs together with the results of user research conducted by the author These user studies focus on how people utilize various platforms apps and interfaces in their quest for information answers and meaning Current research from the fields of user experience design interaction design and information design is integrated throughout to expand on these ideas and provide larger takeaways This book is crucial reading for advanced students scholars and professionals in the fields of design specifically user experience and interaction design media and cultural studies information science and design studies

Look, I'm leaving SARA VANNELLI,2012-08-02 Shattered families and bleak everyday interiors at the heart of a hyper realistic urban scenario There are people who make up names and stories for themselves Men who leave fathers who leave women who leave women who stay and get in the way People who are about to say I love you or the opposite and who incessantly ask themselves what in the world it means Today's love and that of tomorrow The I don't know One two escapes abroad And ultimately a greeting A promise A docking So that the search for oneself calms down for a moment only to start up once more working itself up again in a feverish stile like the frenetic lives that the author narrates without haste

Private Censorship J. P. Messina,2023-10-13 Private Censorship is about free speech and how corporations and social groups can interfere with it J P Messina asks and variously answers questions like what should we think when employees get fired for things they say When is it appropriate for social media firms to deplatform users and what does it mean for our democracy that those in charge of such decisions are often wealthy Silicon Valley executives Do search engines act as massive gatekeepers to information in troubling ways and how might they be constrained if so Messina argues that while there is much to worry about when it comes to these exercises of private power it would be a mistake to simply do away with them as some have suggested

Language Policy in Business Elisabeth Barakos,2020-11-15 Language Policy in Business Discourse ideology and practice provides a critical sociolinguistic and discursive understanding of language policy in a minority language context Focusing on Welsh English bilingualism in private sector businesses in Wales the book unpacks the circulating discourses ideologies and practices of promoting bilingualism as a sociocultural and economic resource in the globalised knowledge economy It sheds light on businesses as ideological sites for struggles over language revitalisation which has been characterised by tensions and discursive shifts from essentialist ideologies about language identity nation and territory to an increased commodification of bilingualism The book is premised on the understanding that language is a focal point for articulating and living out historical power relationships and inequalities and that language policy processes are never apolitical It adds to a body of literature about bilingualism in minority language contexts and more broadly about how the fields of politics business and society are inextricably related

T. Desmet,2007 Contexts and approaches The bibliographical data Case study formula fiction series Case study classic girl fiction Case study award winning books *Graphic Design, Print Culture, and the Eighteenth-Century Novel* Janine Barchas,2003-06-05 The uniformity of the eighteenth century novel in

today's paperbacks and critical editions no longer convey the early novel's visual exuberance. Janine Barchas explains how during the genre's formation in the first half of the eighteenth century the novel's material embodiment as printed book rivalled its narrative content in diversity and creativity. Innovations in layout, ornamentation, and even punctuation found in, for example, the novels of Richardson, an author who printed his own books, help shape a tradition of early visual ingenuity. From the beginning of the novel's emergence in Britain, prose writers including Daniel Defoe, Jonathan Swift, and Henry and Sarah Fielding experimented with the novel's appearance. Lavishly illustrated with more than 100 graphic features found in eighteenth-century editions, this important study aims to recover the visual context in which the eighteenth-century novel was produced and read.
