Destiny scientific racism and social Darwinism all of which had profound consequences on Native Americans and the Spirit of the West Presenting research in anthropology archaeology biology history law medicine religion philosophy and psychology Dr Peterson provides the latest observations that delineate why the Native American's life was destroyed American Trinity is a stunning portrait a view at once unique panoramic and intimate It is a fascinating book that will make you think about the differences between belief and knowledge about the self skepticism of science and medicine and about what aspects of the world we take on faith

Hamada Abdelfattah, 2020-08-12 Seminar paper from the year 2017 in the subject American Studies Comparative Literature grade excellent Mansoura University course drama language English abstract The Cuban swimmer is a seven scene play in which Milcha Sanchez Scott depicts the individual's need of self assertion as a major theme Self assertion according to her is a metaphor standing for one's true identity a symphony combining one's individuality as well as one's cultural legacy The play follows the life of the Suarezs a displaced Cuban family who rode the ocean to take refuge in the United States They have migrated from Cuba in search of a secure sense of self worth The central character among these people is Margarita Suarez a nineteen year old Cuban girl who tries to win a swimming race in the ocean as a Cuban not as an American Margarita takes part in this race in search not only of the Cuban pride but also of her own self assertion In her play Sanchez Scott uses Margarita's story as an allegory for the whole immigration experience which Latin Americans had to go through Milcha Sanchez Scott was born in a multicultural family Her father was a Colombian man who lived in Mexico her mother is Indonesian with Chinese Dutch roots Jane T Peterson holds that her Milcha's heritage reflects a diversity of ethnic and cultural influences She is regarded as a playwright of powerfully expressive plays Her works consistently reflect her concern with racial and political issues particularly with the Latin woman's struggle for spiritual survival Latin American heritage and the sense of this culture form the ultimate base of Sanchez Scott's material Much of her writing reveals her concern for Latin women and their families Peterson is clear about the idea that Milcha Sanchez Scott's work frequently explores woman's
