**The Search for Modern China** Jonathan D. Spence, 1990 This work chronicles the history of China for over four hundred years through the spring of 1989 *The Search for Modern China* Janet Y. Chen, Pei-kai Cheng, Michael Elliot Lestz, Jonathan D. Spence, 2014 Jonathan D Spence is George Burton Adams Professor of History at Yale University and author of eight acclaimed books on China Here he has written a very readable history of this fascinating country To understand China's past there is no better place to start than Jonathan D Spence's excellent new book The New York Times Book Review front page review 136 pages of photographs **Defining and Defending the Open Door Policy** Gregory Moore, 2015-05-27 There has been little examination of the China policy of the Theodore Roosevelt administration Works dealing with the topic fall either into brief discussions in biographies of Roosevelt general surveys of Sino American relations or studies of special topics such as the Chinese exclusion issue which encompass a portion of the Roosevelt years Moreover the subject has been overshadowed somewhat by studies of problems between Japan and the United States in this era The goal of this study is to offer a more complete examination of the American relationship with China during Roosevelt's presidency The focus will be on the discussion of major issues and concerns in the relationship of the two nations from the time Roosevelt took office until he left something that this book does for the first time Greater emphasis needs to be placed on creating a more complete picture of Teddy Roosevelt and China relations especially in regard to his and his advisers perceptual framework of that region and its impact upon the making of China policy The goal of this study is to begin that process Special attention is paid to the question of how Roosevelt and the members of his administration viewed China as it is believed that their viewpoints which were prejudicial were very instrumental in how they chose to deal with China and the question of the Open Door The emphasis on the role of stereotyping gives the book a particularly unique point of view Readers will be made aware of the difficulties of making foreign policy under challenging conditions but also of how the attitudes and perceptions of policymakers can shape the direction that those policies can take A critical argument of the book is that a stereotyped perception of China and its people inhibited American policy responses toward the Chinese state in Roosevelt's Administration While Roosevelt's attitudes regarding white supremacy have been discussed elsewhere a fuller consideration of how his views affected the making of foreign policy particularly China policy is needed especially now that Sino American relations today are of great concern *True Crimes in Eighteenth-Century China* Robert E. Hegel, 2011-12-01 The little examined genre of legal case narratives is represented in this fascinating volume the first collection translated into English of criminal cases most involving homicide from late imperial China These true stories of crimes of passion family conflict neighborhood feuds gang violence and sedition are a treasure trove of information about social relations and legal procedure Each narrative describes circumstances leading up to a crime and its discovery the appearance of the crime scene and the body the apparent cause of death speculation about motives and premeditation and whether self defense was

involved Detailed testimony is included from the accused and from witnesses family members and neighbors as well as summaries and opinions from local magistrates their coroners and other officials higher up the chain of judicial review Officials explain which law in the Qing dynasty legal code was violated which corresponding punishment was appropriate and whether the sentence was eligible for reduction These records began as reports from magistrates on homicide cases within their jurisdiction that were required by law to be tried first at the county level then reviewed by judicial officials at the prefectural provincial and national levels with each administrator adding his own observations to the file Each case was decided finally in Beijing in the name of the emperor if not by the monarch himself before sentences could be carried out and the records permanently filed All of the cases translated here are from the Qing imperial copies most of which are now housed in the First Historical Archives Beijing

**The United Nations at Work in Asia** Roy D. Morey, 2013-12-03 The groundwork for the Asian economic miracle was established in the last 25 or so years the time period covered in this book China and Vietnam started substituting pragmatism for communist ideology and Thailand started on a path toward greater democracy The timing was perfect for an American United Nations representative to arrive in the two communist countries because for the first time both placed a premium on improving relations with the U S and both were moving toward a market economy This book acquaints the reader with evolving political economic and social conditions in these countries and the role played by UN organizations A chapter on the South Pacific details the challenges of providing useful development assistance in small isolated countries The book also reveals a hidden side of the United Nations the role played by more than 30 UN agencies funds and programs in providing development and humanitarian assistance The past two or three decades were a period of great upheaval in Asia Enormous events and developments involving the United Nations are analyzed in the book These include the Tiananmen Square crisis in China 300 000 Cambodian refugees camped along the Thai border escaping the killing fields of the Khmer Rouge efforts to rid the Golden Triangle of opium production the sensitive diplomacy required in fostering cooperation among North Korea South Korea China and Mongolia and a firsthand account of negotiating the international agreement creating the Mekong River Commission

**Chinese Industrial Espionage** William C. Hannas, James Mulvenon, Anna B. Puglisi, 2013-06-14 This new book is the first full account inside or outside government of China s efforts to acquire foreign technology Based on primary sources and meticulously researched the book lays bare China s efforts to prosper technologically through others achievements For decades China has operated an elaborate system to spot foreign technologies acquire them by all conceivable means and convert them into weapons and competitive goods without compensating the owners The director of the US National Security Agency recently called it the greatest transfer of wealth in history Written by two of America s leading government analysts and an expert on Chinese cyber networks this book describes these transfer processes comprehensively and in detail providing the breadth and depth missing in other works Drawing upon previously unexploited Chinese language sources the authors begin by placing the new research within

historical context before examining the People's Republic of China's policy support for economic espionage clandestine technology transfers theft through cyberspace and its impact on the future of the US This book will be of much interest to students of Chinese politics Asian security studies US defence US foreign policy and IR in general *Documentaries and China's National Image* Chen Yi, 2022-08-30 Emphasizing the role of documentary in shaping a nation state's image demonstrating social development and promoting cultural exchanges this book examines the changes in China's national image in documentaries at home and abroad since 1949 Based on theoretical frameworks of media sociology political economy of communication and cultural studies the book traces the development of Chinese documentary and discusses social transformation and cultural representation embodied in documentaries related to China It is revealed how these works witness reflect and interact with social transitions in all aspects of a modernizing China as well as how documentary production struggles among and mediates between technology market ideology social forces and professionalism In terms of future prospects of documentary in an era when media convergence is burgeoning the author explores feasible paths to further promotion of cross cultural communication and China's national image by analyzing documentary aesthetics and representative cases of documentary practice The title will appeal to scholars and students interested in culture and communication documentary film media and Chinese society *Advantage China* Jeremy Garlick, 2023-10-05 The influence of the People's Republic of China on world affairs is increasingly keenly felt in Asia in Africa in Latin America and in Europe and North America too But what are the reasons for China's rise and how can the West adapt *Advantage China* explores these essential questions and the political economic and cultural factors behind the answers From the economic and demographic pressures of China's domestic economy to the expanding economic influence of the Belt and Road Initiative Jeremy Garlick looks beyond Western misperceptions of China's rise to argue for new approaches to the international political order particularly in the wake of the COVID 19 pandemic **The Discourse of Race in Modern China** Frank Dikötter, 2015 Dikötter writes accessible history and has won the prestigious BBC Samuel Johnson Prize for his book *Mao's Great Famine* The author shows how and why notions of race became so widespread in China now updated to include the continuation of this trend into the twenty first century He examines how Western notions of scientific racism have played out in China *China's Search for Democracy* Suzanne Ogden, 1992 Presents a view from the grassroots of the 1989 student and mass movement in China and its tragic consequences Here are eyewitness and participant accounts expressed through wall posters students speeches movement declarations handbills and other documents *Remaking China's Public Philosophy for the Twenty-first Century* Jinghao Zhou, 2003-08-30 In this book author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society modernization globalization and democratization as a whole Challenging conventional thinking in China studies he examines China systematically in seven aspects history ideology economy politics religion education and China's future and does so from both Eastern and Western perspectives The volume

asserts that the remaking of China's public philosophy is the key for the nation to achieve both economic and political prosperity making the bold argument that this remaking can contribute profoundly not only to China's development but to international peace and development as well. In *Remaking China's Public Philosophy for the Twenty First Century* author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society, modernization, globalization and democratization as a whole. Challenging conventional thinking in China studies, he examines China systematically in seven aspects: history, ideology, economy, politics, religion, education, and China's future, and does so from both Eastern and Western perspectives. The volume asserts that the remaking of China's public philosophy, the very principles and precepts it now takes for granted, is the key for the nation to achieve both economic and political prosperity. Zhou aims for a peaceful revolution of China's democratization while he explores a new paradigm in China studies, making the bold argument that this remaking can contribute profoundly not only to China's development but to international peace and development as well.

**The New World Power** Robert E. Hannigan, 2013-07-17 From the era of the Spanish American war onward, the United States found itself increasingly involved in the affairs of countries beyond North America. *The New World Power* offers an interpretive framework for understanding U.S. foreign policy during the first two decades of America's emergence as a world power. Robert E. Hannigan describes the aspirations of American leaders, explores the bedrock social views and ideological framework they held in common, and shows how the approach of U.S. policymakers overseas mirrored their attitudes toward domestic progressivism. While the vast bulk of work on U.S. foreign policy has been concerned with the period from World War II to the present, this comprehensive examination of American policy at the turn of the twentieth century is of vital importance to the comprehension of subsequent events. Hannigan relates U.S. foreign policy to domestic society in ways that are new; in particular, he examines how issues of class, race, and gender were combined in the ideology held by policy makers and how this shaped their approaches to foreign affairs. His study reveals a fundamental unity to U.S. activity throughout the period, not only toward the Caribbean and China regions that have been the traditional focus of historians, but toward the rest of North and South America as well. It also relates these regional activities to American policy toward the British Empire, European great power rivalries, and international institutions, arbitration, and law, culminating in a reinterpretation of U.S. involvement in World War I. Based on exhaustive research in the writings of presidents, secretaries of state, and key diplomats and advisers, *The New World Power* draws parallels between the methods by which policy makers sought to shape international society and the methods by which many of them hoped to secure the conditions they wanted within the United States. Most important, the book describes how an international search for order constituted the fundamental strategy by which American leaders sought to ensure for the United States a position of what they saw as wealth and greatness in the coming twentieth century world.

**Journalism's Roving Eye** John Maxwell Hamilton, 2009 *Journalism's Roving Eye* is the definitive history of American foreign reporting. Beginning with the colonial era, it focuses on underlying factors such

astechnology and public opinion as well as a cavalcade of personalities Here is Henry Morton Stanley who began the spate of journalistic exploration in the 19th century Victor Lawson owner of the Chicago Daily News who invented the idea of a quality foreign news service for Americans and Jack Belden a forgotten brooding figure who exemplified the best in combat reporting Journalism's Roving Eye is essential for understanding the evolution of foreign news gathering and its future

*Stating the Sacred* Michael J. Walsh, 2020-02-25 China's constitution explicitly refers to its sovereign domain as sacred territory Why does an avowedly secular state make such a claim and what does this suggest about the relations between religion and the nation state Focusing primarily on China *Stating the Sacred* offers a novel approach to nation state

formation arguing that its most critical element is how the state sacralizes the nation Michael J Walsh explores the religious and political dimensions of Chinese state ideology making the case that the sacred is a constitutive part of modern China He examines the structural connection among texts constitutions legal codes national histories ostensibly universal and normative categories race religion citizenship freedom human rights and territoriality the integrity of sovereignty and control over resources and people showing how they are bound together by the sacred Considering a variety of what he refers to as theopolitical techniques Walsh argues that nation states undertake sacralization in order to legitimate the violence of establishing and expanding their sovereignty Ultimately territorialization is a form of sacralization and the foundational role of the sacred makes all nation states religious states Stating the Sacred offers new ways of understanding China's approach to legality control of the populace religious freedom human rights and the structuring of international relations and it raises existential questions about the fundamental nature of the nation state
