Soloukhin, 1971 Searching for icons in Russia. Translated from the Russian by P. S. Falla Владимир Солоухин, Paul Stephen FALLA, 1971 *Hidden and Triumphant* Irina Yazykova, 2020-10-29 A true story told for the first time This dramatic history recounts the story of an aspect of Russian culture that fought to survive throughout the 20th century the icon Russian iconography kept faith alive in Soviet Russia after the Bolshevik Revolution As monasteries and churches were ruined icons destroyed thousands of believers killed or sent to Soviet prisons and labor camps a few courageous iconographers continued to paint holy images secretly despite the ever present threat of arrest Others were forced to leave Russia altogether and while living abroad struggled to preserve their Orthodox traditions Today we are witness to a renaissance of the Russian icon made possible by the sacrifices of this previous generation of heroes **The Russia Reader** Adele Marie Barker, Bruce Grant, 2010-07-12 An introduction to the history culture and politics of the worlds largest country from the earliest written accounts of the Russian people to today

Religious Persecution in the Soviet Union United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1986 **Reference Guide to Russian Literature** Neil Cornwell, Nicole Christian, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company The Faces of Contemporary Russian Nationalism John B. Dunlop, 2014-07-14 In contrast to the substantial output of Western works on the revival of nationalism among the non Russians in the USSR the critical phenomenon of Russian nationalism has been little studied in the West Here John B Dunlop measures the strength and political viability of a movement that has been steadily growing since the mid 1960s and that may well eventually become the ruling ideology of the state Professor Dunlop s comprehensive discussion depicts for the Western reader the gamut of Russian nationalism from Solzhenitsyn to the vehement National Bolsheviks Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Russia in Search of Itself** James H. Billington, 2004-03-19 Billington describes the contentious discussion occurring all over Russia and across the political spectrum He finds conflicts raging among individuals as much as between organized groups and finds a deep underlying tension between the Russians attempts to legitimize their new nominally democratic identity and their efforts to craft a new version of their old authoritarian tradition After showing how the problem of Russian identity was framed in the past Billington asks whether Russians will now look more to the West for a place in the common European home or to the

East for a new Eurasian identity *Religious Persecution in the Soviet Union: without special title* United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1985 **Russian Symbolism in Search of Transcendental Liquescence** Anastasia Kostetskaya, 2019-06-24 The book examines Russian symbolist texts and turns the focus from their traditional historic cultural interpretations to analyze the symbolist cognitive aesthetics aesthetics that govern links between poetry art and cinema and the sensory emotional imagery they evoke This aesthetics inextricably map mystical transcendence to a spiritual world a realibus ad realiora through fluid transmutation Anastasia Kostetskaya presents an innovative cross disciplinary analysis of iconicity a relationship of resemblance between the artistic form and its meaning the possibilities of which symbolist artists explored to create sublime emotional experiences for the reader or viewer She challenges the strictly dualistic and hierarchical terms of traditional symbolist concepts This study demonstrates that this counterdualistic tendency cognitively extends from liquescence a perception of fluid continuity between people and water This analysis of interconnected symbolist media shows how symbolists rely on blending in their attempts to engender emotional flux through the pliable form Fusing cognitivist and historic cultural approaches in fluidly connected art modes this book represents chronological conceptual and aesthetic continuity from poetry by Konstantin Bal mont 1867 1942 paintings by Viktor Borisov Musatov 1870 1905 and cinematography by Evgenii Bauer 1865 1917 Columbia Dictionary of Modern European Literature Jean Albert Bédé, William Benbow Edgerton, 1980 With more than 1800 critical entries on the writers and literatures of 33 languages this work presents the entire range of modern European writing from the symbolist and modernist works rooted in the last decades of the nineteenth century through the avant garde and existentialist movement to Barthes Blanchot Breton and continental thought pertinent today Russian Archaism Irina Shevelenko, 2024-08-15 Russian Archaism considers the aesthetic quest of Russian modernism in relation to the nation building ideas that spread in the late imperial period Irina Shevelenko argues that the cultural milieu in Russia where the modernist movement began as an extension of Western trends at the end of the nineteenth century soon became captivated by nationalist indoctrination Members of artistic groups critics and theorists advanced new interpretations of the goals of aesthetic experimentation that would allow them to embed the nation building agenda within the aesthetic one Shevelenko s book focuses on the period from the formation of the World of Art group 1898 through the Great War and encompasses visual arts literature music and performance As Shevelenko shows it was the rejection of the Russian westernized tradition informed by the revival of populist sensibilities across the educated class that played a formative role in the development of Russian modernist agendas particularly after the 1905 revolution Russian Archaism reveals the modernist artistic enterprise as a crucial source of insight into Russia s political and cultural transformation in the early twentieth century and beyond *Christianity And Russian Culture In Soviet Society* Nicolai N. The Russian Icon Nikodim Pavlovich Kondakov, 1927 *Post-Soviet Literature and the Search for a Russian Identity*

Boris Noordenbos, 2016-06-09 This book examines a wide range of contemporary Russian writers whose work after the demise of Communism became more authoritative in debates on Russia's character, destiny and place in the world. Unique in his in-depth analysis of both playful postmodernist authors and fanatical nationalist writers, Noordenbos pays attention to not only the acute social and political implications of contemporary Russian literature but also literary form by documenting the decline of postmodern styles, analyzing shifting metaphors for a Russian identity crisis and tracing the emergence of new forms of authorial ethos. To achieve this end, the book builds on theories of postcoloniality, trauma and conspiracy thinking and makes these research fields productively available for post-Soviet studies. *Icon and Logos* Daniel J.
