[Faces](#) Mohamed Choukri,2024-10-01 The first English translation of one of the novels that helped change modern Arab literature Mohamed Choukri one of the most important writers of modern Moroccan literature grew up in extreme poverty in Tangier and was illiterate until the age of twenty After learning to read he realized that writing could also be a way to expose to protest against those who have stolen my childhood my teenage hood and a piece of my youthfulness His vivid portrayals of marginalized people which had been considered taboo led to the censorship of his work and a cultural backlash in the Middle East In Faces the third book in his trilogy of fictionalized autobiographical works he describes gritty events extreme poverty prostitution violence sexual revelry deprivation and abuse It is through his storytelling that Choukri reflects on human nature love and kindness emphasizing the need for community and collaboration Faces humanizes those undergoing poverty and places the blame for the violence they encounter squarely on colonial forces and the resulting postcolonial government while opening literary traditions to a new style of writing Choukri s friendships with Tennessee Williams Paul Bowles Jean Genet and other writers brought him attention in his lifetime But Faces his last novel which was originally published in Arabic in 2000 has remained untranslated until now In English for the first time Jonas Elbousty s translation allows Choukri s work to reach wider international discussions of contemporary Arab literature
