

SIX ROOMS AND DINING NOOK, 26 X 30 FT.

The SOUTHWOOD

IN England many of these half timbered homes have stood for centuries. They have a quiet peaceful air of permanency, combined with a warm homelike atmosphere that is always borne out by the big open fireplace in the living room. When the lower story is of brick or brick veneer the warmth and permanency are both accentuated. While a deep wide shady lot makes an ideal setting, the house is very well adapted to the narrower city lot.

The housewife will appreciate the downstairs toilet where a man can clean up after tinkering with his car without tracking into the kitchen or through the rest of the house. She will like the convenient breakfast nook with its outlook on the garden and be attracted by the entertainment possibilities of the ample dining room and bright and airy living room. The cedar closet on

the second floor and the third floor space where a maid's room might be finished are other desirable features.
