Seasons Of Rebellion Protest And Radicalism In Recent America

Joseph Boskin

Seasons Of Rebellion Protest And Radicalism In Recent America:

Seasons of Rebellion Robert A. Rosenstone,1972 **Seasons of Rebellion** Joseph Boskin,Robert A. Rosenstone,1972

Seasons of Rebellion Joseph Boskin,Robert A. Rosenstone,1980-01 *Social Movements and Global Social Change*

Robert K. Schaeffer,2014-02-06 *Social Movements and Global Social Change* teaches students not only about how social change occurs but also how social movements can contribute to this change The book links two concepts in sociology that are often related in real life but that can seem disconnected in traditional approaches to teaching these courses The book examines different types of social movements including those often ignored in social change textbooks such as riots migration and disorganized protest It also looks at citizens rights and inequality in connection to social movements and change The book features global perspectives and examples throughout **Catalog of Copyright Entries. Third Series**

Library of Congress. Copyright Office,1974 [The Spirit of the Sixties](#) James J. Farrell,2013-10-18 *The Spirit of the Sixties* explains how and why the personal became political when Sixties activists confronted the institutions of American postwar culture *The Spirit of the Sixties* uses political personalism to explain how and why the personal became political when Sixties activists confronted the institutions of American postwar culture After establishing its origins in the Catholic Worker movement the Beat generation the civil rights movement and Ban the Bomb protests James Farrell demonstrates the impact of personalism on Sixties radicalism Students antiwar activists and counterculturalists all used personalist perspectives in the here and now revolution of the decade These perspectives also persisted in American politics after the Sixties Exploring the Sixties not just as history but as current affairs Farrell revisits the perennial questions of human purpose and cultural practice contested in the decade **Boston Riots** Jack Tager,2001 The fascinating story of Boston s violent past is told for the first time in this history of the city s riots from the food shortage uprisings in the 18th century to the anti busing riots of the 20th century [Adventures of a Postmodern Historian](#) Robert A. Rosenstone,2016-09-22 Robert Rosenstone was among the first postmodern historians and remains one of the most renowned In this honest revealing and often funny memoir he shows us how he got there and why *Adventures of a Postmodern Historian* chronicles Rosenstone s research journeys over half a century Beginning in the 1960s his offbeat trajectory took him on adventures through the police states of Franco Spain and the Soviet Union to the Shinto shrines and Zen temples of Japan and ultimately to Hollywood Alongside his own memoirs Rosenstone reflects upon developments and changes within the realm of professional history which in turn reflect the social cultural and intellectual shifts of the late 20th century A pioneer of experimental and creative history he suggests how the experience of the historian can inflect the written history and provides a defence of innovation in historical writing that is both intellectually rigorous and entertaining In doing so he offers a window into the state of history today and points to exciting new ways of writing the past This is a book about the craft of history about both doing research and writing it It should be required reading for all historians *Slavery & Race in American Popular Culture* William L. Van Deburg,1984

Spanning more than three centuries from the colonial era to the present Van Deburg's overview analyzes the works of American historians dramatists novelists poets lyricists and filmmakers and exposes through those artists often disquieting perceptions the cultural underpinnings of American current racial attitudes and divisions Crucial to Van Deburg's analysis is his contrast of black and white attitudes toward the Afro American slave experience There has in fact been a persistent dichotomy between the two races literary historical and theatrical representations of slavery If white culture makers have stressed the unmaning of the slaves and encouraged such stereotypes as the Noble Savage and the comic minstrel to justify the blacks subordination Afro Americans have emphasized a counter self image that celebrates the slaves creativity dignity pride and assertiveness ISBN 0 299 09634 3 pbk 12 50 **Black Firefighters and the FDNY** David Goldberg, 2017-10-23

For many African Americans getting a public sector job has historically been one of the few paths to the financial stability of the middle class and in New York City few such jobs were as sought after as positions in the fire department FDNY For over a century generations of Black New Yorkers have fought to gain access to and equal opportunity within the FDNY Tracing this struggle for jobs and justice from 1898 to the present David Goldberg details the ways each generation of firefighters confronted overt and institutionalized racism An important chapter in the histories of both Black social movements and independent workplace organizing this book demonstrates how Black firefighters in New York helped to create affirmative action from the bottom up while simultaneously revealing how white resistance to these efforts shaped white working class conservatism and myths of American meritocracy Full of colorful characters and rousing stories drawn from oral histories discrimination suits and the archives of the Vulcan Society the fraternal society of Black firefighters in New York this book sheds new light on the impact of Black firefighters in the fight for civil rights *Achieving the Impossible Dream* Mitchell Takeshi Maki, Harry H. L. Kitano, Sarah Megan Berthold, 1999

The Redress Movement refers to efforts to obtain the restitution of civil rights an apology and or monetary compensation from the U S government during the six decades that followed the World War II mass removal and confinement of Japanese Americans Early campaigns emphasized the violation of constitutional rights lost property and the repeal of anti Japanese legislation 1960s activists linked the wartime detention camps to contemporary racist and colonial policies In the late 1970s three organizations pursued redress in court and in Congress culminating in the passage of the Civil Liberties Act of 1988 providing a national apology and individual payments of 20 000 to surviving detainees **After Camp** Greg Robinson, 2012-02-07

The tragedy of incarceration has dominated historical studies of Japanese Americans and few have explored what happened in the years that followed A welcome addition to the literature Greg Robinson's insightful study *After Camp* will appeal to historians of immigration the Asian American experience comparative race relations and the twentieth century United States more broadly David K Yoo author of *Growing Up Nisei* Greg Robinson has boldly and rightfully identified historians neglect of Japanese American experiences after World War II Rather than focusing exclusively on the Pacific Coast *After Camp* offers a nuanced exploration of the competing

strategies and ideas about postwar assimilation among ethnic Japanese on a truly national scale The depth and range of Robinson s research is impressive and *After Camp* convincingly moves beyond the tragedy of internment to explain how the drama of resettlement was equally if not more important in shaping the lives of contemporary Japanese Americans Allison Varzally author of *Making a Non White America* *Teachers and Reform* John F. Lyons,2008 Measuring the impact of the Chicago Teachers Union on public education in Chicago Who Gets What? Frances McCall Rosenbluth,Margaret Weir,2021-07-29 As stable political alliances in democracies have dissolved populism deepens social and economic divisions rather than addressing economic insecurity **Free Schools, Free People** Ron Miller,2002-07-18 The first historical account of the free school movement of the 1960s **Discrimination in Labor Markets** Orley Ashenfelter,Albert Rees,2015-03-08 This volume contains revised versions of the papers presented in 1971 at the Princeton University Conference on Discrimination in Labor Markets and the formal discussions of them This paper is by Kenneth Arrow winner of the Nobel Prize in Economics who lays the theoretical foundations of the economic analysis of discrimination in labor markets Finis Welch discusses the relationship between schooling and labor market discrimination Orley Ashenfelter s paper presents a method for estimating the effect of an important institution trade unionism on the wages of black workers relative to whites Ronald Oaxaca provides a framework for measuring the extent of discrimination against women Finally Phyllis Wallace examines public policy on discrimination and suggests strategies for public policy in this area Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Choice ,1985 *Social Conditions in the United States* Mary A. Vance,1985

My Generation John Downton Hazlett,1998 John Hazlett s engaging study of writers from the 1960s demonstrates the ways in which the idea of the generation has affected autobiographical writing in this century Autobiographers from the sixties claim to speak on behalf of all members of their generation However each writer presents a unique political and personal agenda Books in Print ,1991
