The Worldliness of a Cosmopolitan Education William F. Pinar, 2009-08-04 Pinar positions himself against three pressing problems of the profession the crime of collectivism that identity politics commits the devaluation of academic knowledge by the programmatic preoccupations of teacher education and the effacement of educational experience by standardized testing A cosmopolitan curriculum Pinar argues juxtaposes the abstract and the concrete the collective and the individual history and biography politics and art public service and private passion Such a curriculum provides passages between the subjective and the social and in so doing engenders that worldliness a cosmopolitan education invites Such worldliness is vividly discernible in the lives of three heroic individuals Jane Addams 1860 1935 Laura Bragg 1881 1978 and Pier Paolo Pasolini 1922 1975 What these disparate individuals demonstrate is the centrality of subjectivity in the cultivation of cosmopolitanism Subjectivity takes form in the world and the world is itself reconstructed by subjectivity's engagement with it In this intriguing thought provoking and nuanced work Pinar outlines a cosmopolitan curriculum focused on passionate lives in public service providing one set of answers to how the field accepts and attends to the inextricably interwoven relations among intellectual rigor scholarly erudition and intense but variegated engagement with the world

The Pursuit of Pleasure Lionel Tiger, 2017-07-12 Pleasure is biologically desirable and

good for physical and mental health In *The Pursuit of Pleasure* Lionel Tiger explores this aspect of human nature by focusing on the origins and forms of pleasure Medical science has perfected a host of often astonishingly impressive methods for preventing alleviating or recovering from pain Its opposite pleasure has not had such a well funded and fully justified constituency In fact those committed to the understanding and pursuit of pleasure are rarely accorded respect and a sense of significance People have objected to the notion of pleasure for a variety of reasons The most complex derive from religious convictions that the most morally admirable human life is marked by abstemiousness suffering even martyrdom There is also a corresponding fear that people may pursue pleasure too avidly and with too strong a sense of entitlement and the world's work will not get done But just as there have been suspicions of the dangers of pleasure there have also been its supporters who assert its vital and joyful centrality to human experience *The Pursuit of Pleasure* favors an agnostic approach borrowed from natural science In lively witty and eminently readable prose Tiger identifies major forms of pleasure and explores their variations now and in the past Pleasure says Tiger is not a luxury but an evolutionary entitlement that deserves to be taken seriously As we acknowledge our need for enjoyment we understand the need to establish balance in our lives our need for the pursuit of pleasure
