Reinventing Democracy Labours Mibion For The New Century:

The Washington Post Index ,1994 Renovating Democracy Nathan Gardels,Nicolas Berggruen,2019-04-30 The rise of populism in the West and the rise of China in the East have stirred a rethinking of how democratic systems work and how they fail The impact of globalism and digital capitalism is forcing worldwide attention to the starker divide between the haves and the have nots challenging how we think about the social contract With fierce clarity and conviction Renovating Democracy tears down our basic structures and challenges us to conceive of an alternative framework for governance To truly renovate our global systems the authors argue for empowering participation without populism by integrating social networks and direct democracy into the system with new mediating institutions that complement representative government They outline steps to reconfigure the social contract to protect workers instead of jobs shifting from a redistribution after wealth to pre distribution with the aim to enhance the skills and assets of those less well off Lastly they argue for harnessing globalization through positive nationalism at home while advocating for global cooperation specifically with a partnership with China to create a viable rules based world order Thought provoking and persuasive Renovating Democracy serves as a point of departure that deepens and expands the discourse for positive change in governance *Reinventing Democracy* Paul Hirst,1996-12-16 Democracy is everywhere praised and aspired to as a political system Yet in established democracies people feel dissatisfied with existing institutions and the levels of accountability they offer This book explores the ways in which democracy in national states local government and social institutions can be renewed and extended
