**Affective intimacies** Marjo Kolehmainen, Annukka Lahti, Kinneret Lahad, 2022-07-19 This volume provides a novel platform to re-evaluate the notion of open-ended intimacies through the lens of affect theories. Contributors address the embodied affective and psychic sensorial and embodied aspects of their ongoing intimate entanglements across various timely phenomena. This fascinating collection asks how the study of affect enables us to rethink intimacies, what affect theories can do to the prevailing notion of intimacy, and how they renew and enrich theories of intimacy in a manner which also considers its normative and violent forms. This collection brings together a selection of original chapters which invite readers to rethink such concepts as care, closeness, and connectivity through the notion of affective intimacies. Based on rigorous research, it offers novel insights on a variety of themes from austerity culture to online discussions on regretting motherhood, from anti-ableist notions of health to teletherapies in the era of COVID-19, and from queer intimacies to critiques of empathy. Lively and thought-provoking, this collection contributes to timely topics across the social sciences, representing multiple disciplines from gender studies, sociology, and cultural studies to anthropology and queer studies. By so doing, it advances the value of interdisciplinary perspectives and creative methodologies for understanding affective intimacies.

*Virginia Woolf and the Ethics of Intimacy* Elsa Högberg, 2020-02-06 Revisiting Virginia Woolf's most experimental novels, Elsa Högberg explores how Woolf's writing prompts us to re-examine the meaning of intimacy. In Högberg's readings of *Jacob's Room*, *Mrs Dalloway*, *To the Lighthouse*, and *The Waves*, intimacy is revealed to inhere not just in close relations with the ones we know and love, but primarily within those unsettling encounters which suspend our comfortable sense of ourselves as separate from others and the world around us. *Virginia Woolf and the Ethics of Intimacy* locates this radical notion of intimacy at the heart of Woolf's introspective modernist poetics, as well as her ethical and political resistance to violence, aggressive nationalism, and fascism. Engaging contemporary theory, particularly the more

recent works of Judith Butler Luce Irigaray and Julia Kristeva it reads Woolf as a writer and ethical thinker whose vital contribution to the modernist scene of inter war Britain is strikingly relevant to critical debates around intimacy affect violence and vulnerability in our own time

**Same Sex Intimacies** Catherine Donovan, Brian Heaphy, Jeffrey Weeks, 2003-09-02 Our families are increasingly a matter of choice and the choices are widening all the time This is particularly true of the non heterosexual world where the last ten years have seen a popular acceptance of same sex partnerships and to a lesser extent of same sex parenting Based on extensive interviews with people in a variety of non traditional relationships this fascinating new book argues that these developments in the non heterosexual world are closely linked to wider changes in the meaning of family in society at large and that each can cast light on the other Same Sex Intimacies gives vivid accounts of the different ways non heterosexual people have been able to create meaningful intimate relationships for themselves and highlights the role of individual agency and collective endeavour in forging these roles as friends partners parents and as members of communities This topical book will provide compelling reading for students of the family sexuality and lesbian and gay studies

*Gender and Child Protection* Jonathan Bryn Scourfield, 2018-06-26 It has been widely noted in the social work literature that the practice of child protection is highly gendered When it comes to child abuse women come under more scrutiny and men who are more likely to present a risk of harm to children are not engaged with This important text takes

stock of this controversial topic examining the state of policy and theory on the subject and exploring the organisational culture and the professional knowledge and values that influence contemporary social work in the field of child welfare Skilfully combining theory with illustrative example it concludes by focusing on the lessons for practice **Why Love Matters** Sue Gerhardt, 2014-10-24 *Why Love Matters* explains why loving relationships are essential to brain development in the early years and how these early interactions can have lasting consequences for future emotional and physical health This second edition follows on from the success of the first updating the scientific research covering recent findings in genetics and the mind body connection and including a new chapter highlighting our growing understanding of the part also played by pregnancy in shaping a baby's future emotional and physical well being The author focuses in particular on the wide ranging effects of early stress on a baby or toddler's developing nervous system When things go wrong with relationships in early life the dependent child has to adapt what we now know is that his or her brain adapts too The brain's emotion and immune systems are particularly affected by early stress and can become less effective This makes the child more vulnerable to a range of later difficulties such as depression anti social behaviour addictions or anorexia as well as physical illness

revised and updated and with a new chapter bringing the story right up to date this new edition considers the transformation of the sexual world through globalization and the internet the changing impact of the AIDS pandemic over the last thirty years the influence of new currents in social and cultural theory on the study of sexuality the gradual depoliticization and mainstreaming of sexuality within historical study Combining rich empirical detail with innovative theoretical insights *Sex Politics and Society* remains at the cutting edge of the subject and this third edition will inspire and provoke a whole new generation of readers in history sociology social policy and the study of sexuality *Changing Families, Changing Food* P. Phoenix, 1999-03-08 This book provides a compelling analysis of the conditions in which women are sustained within prostitution in Britain at the end of the millennium Based on a major empirical study it is a unique glimpse into how some women who live lives completely torn apart by poverty violence and criminalization are able to understand their lives in prostitution and make sense of the choices they make including their involvement in prostitution in their struggles to survive *Further Adventures of The Dialectic of Sex* M. Merck, S. Sandford, 2010-09-13 In these eleven essays scholars from diverse disciplines address the argument reception and implications of *The Dialectic of Sex* and make a compelling critical case for its contemporary salience **Childhood and Sexuality** Allison Moore, Paul Reynolds, 2017-10-25 This book explores how children engage with sex and sexuality Building on a conceptual and legal grounding in sexuality studies and the new sociology of childhood the authors debate the age of consent teenage pregnancy sexual diversity sexualisation sex education and sexual literacy paedophilia and sex in the digital age Whilst Moore and Reynolds recognise the necessity of child protection and safeguarding in the context of risk danger and harm they also argue that where these stifle children's sexual knowledge understanding expression and experience they contribute to a climate of fear ignorance and bad experiences or harms What is necessary is to balance safeguarding with enabling and encourage judicious understandings that advance from a rigid developmental model to one that recognises pleasure and excitement in children's nascent sexual lives Exploring that balance through their chosen issues they seek to encourage changed thinking in professional personal and academic contexts and speculate that children might teach adults something about the way they think about sex *Childhood and Sexuality* will be of interest to students scholars and professionals across a range of subjects and disciplines including sociology social work criminology and youth studies
