*Religion-State Relations in the United States and Germany* Claudia E. Haupt,2011-12-08 This comparative analysis of the constitutional law of religion state relations in the United States and Germany focuses on the principle of state neutrality A strong emphasis on state neutrality a notoriously ambiguous concept is a shared feature in the constitutional jurisprudence of the US Supreme Court and the German Federal Constitutional Court but neutrality does not have the same meaning in both systems In Germany neutrality tends to indicate more distance between church and state whereas the opposite is the case in the United States Neutrality also has other meanings in both

**Philosophy of Religion in Latin America and Europe** Michael Schulz, Roberto Hofmeister Pich, 2021-04-12 The title of this publication suggests a double meaning on the one hand most of the contributions outline philosophies of religion relevant for Latin America without however betraying an explicit Latin American perspective Does not philosophical reason always articulate itself in the same way whether in Berlin or Rio de Janeiro On the other hand the title refers to a specific form of philosophy that has developed regionally and bears explicit traces of its origins that differentiate it from philosophy in Europe Does not philosophical reason always articulate itself in a specific cultural context The charm of the book lies in the encounter of these two variants to think philosophically

**Theology Relationship of Religions & Philosophy** Andreas Sofroniou, 2018-08-09 THEOLOGY RELATIONSHIP OF RELIGIONS AND PHILOSOPHY Theological functions and interests imply that theology can master the disciplines with which it is confronted Theology is based on authority revelation as documented in scriptures of various religions philosophical philological historical studies and hermeneutical critical interpretive questions Theological tasks broaden into a concern with the history and traditions of religions With such approaches difficult and controversial questions arise whether and to what extent the scriptural standards of the sources of revelation are modified by traditions These problems play an important part in the relationship of people cultures and their political philosophies Thus the question of truth posed by theology requires the constitution of a discipline that specifically concerns itself with fundamental questions as is in systematic theology
