The Story of My Heart: An Autobiography Richard Jefferies, 2019-11-22 In *The Story of My Heart* An Autobiography Richard Jefferies embarks on a poignant exploration of the human experience through a blend of lyrical prose and introspective narrative. Written in the late Victorian period, Jefferies' work transcends mere autobiography, venturing into philosophical musings on nature, existence, and the essence of life itself. The author's vivid descriptions of the English countryside intertwine with an earnest quest for understanding, reflecting the Romantic ideals of individualism and connection with the natural world that were prevalent in his time. Richard Jefferies, a prominent figure in English literature, was known for his deep affinity with nature and his critiques of the industrialized society of his era. His personal struggles with health and belonging, as well as his overarching existential inquiries, provided rich material for this reflective narrative. Jefferies' writing often reveals his acute awareness of the discrepancies between the human spirit and the mechanistic world, themes that resonate throughout this autobiography. This book is highly recommended for readers seeking to deepen their appreciation for the intricate relationship between humanity and nature, as well as those interested in the philosophical underpinnings of life. Jefferies' eloquence makes *The Story of My Heart* not just an autobiography but a vital exploration of the quest for meaning in a rapidly changing world.

The People of the Sea Paul D'Arcy, 2006-01-01 Countering the dominant paradigms of recent Pacific Islands historiography, which tend to limit understanding of the sea's importance, this volume emphasizes the flux in the maritime environment and how it instilled an expectation and openness toward outside influences and the rapidity with which cultural change could occur in relations between various Islander groups. Students and scholars of Pacific history and environmental and cultural studies will welcome this re-evaluation of the sea's influence in Oceanic history.

The Uncontrolling Love of God Thomas Jay Oord, 2015-11-09 Rarely does a new theological position emerge to account well for life in the world, including not only goodness and beauty but also tragedy and randomness. Drawing from Scripture, science, philosophy, and various theological traditions, Thomas Jay Oord offers a novel theology of providence, essential kenosis that emphasizes God's inherently noncoercive love in relation to creation.
