## **Searching The Scriptures A Feminist Commentary:**

**Searching the Scriptures: A feminist commentary** Elisabeth Schüssler Fiorenza, Shelly Matthews, 1994 This utilizes biblical historical and literary critical scholarship for a feminist reading of the Scriptures Rather than focusing only on the women s passages it analyzed the writings in their entirety and brings to the fore the suppressed voices and subjugated knowledges of times past

**Women's Bible Commentary** Carol Ann Newsom, Sharon H. Ringe, 1998-01-01 In the critically acclaimed best seller Women s Bible Commentary an outstanding group of women scholars introduced and summarized each book of the Bible and commented on those sections of each book that have particular relevance to women focusing on female charecters symbols life situations such as marriage and family the legal status of women and religious principles that affect relationships of women and men Now this expanded edition provides similar insights on the Apocrypha presenting a significant view of the lives and religious experiences of women as well as attitudes toward women in the Second Temple period This expanded edition sets a new standard for women s and biblical studies

**Searching the Scriptures** Elisabeth Schüssler Fiorenza, Shelly Matthews, Ann Graham Brock, 1994 DO MEN AND WOMEN read the Scriptures differently Do they bring different concerns and presuppositions to the text use different methods read with different eyes And should they These are some of the basic questions addressed in this book Searching the Scriptures is a feminist introduction and it differs from any book in that genre ever written It charts a comprehensive approach to feminist interpretation and prepares the way for a second volume which will engage in critical feminist commentary on the Christian Testament and other early Christian writings The two volume commentary project grew out of a five year long series of discussions in the Women in the Biblical World section of the Society of Biblical Literature involving feminist scholars from all over the world Their aim was to explore the ambivalent feminist legacy of Elizabeth Cady Stanton s The Woman s Bible the centenary of which falls in 1995 Like that volume Searching the Scriptures underlines the political character of biblical interpretation However it does not adopt the conceptual and methodological approach of The Woman s Bible nor like another recent study does it limit its theoretical focus to gender Rather it seeks to be inclusive ecumenical and multicultural It brings together the best in contemporary feminist biblical and historical studies to explore critical issues of perspective method and communication This first volume explores the many facets of feminist hermeneutics outlines modes of enquiry and theological approaches samples the history of interpretation by women and shows possible ways forward for feminist biblical studies for both worship and teaching
