When John Kennedy ran for president some Americans thought a Catholic couldn't or shouldn't win the White House Credit Bing Crosby among others that he did For much of American history Catholics perceived allegiance to an international church centered in Rome excluded them from full membership in society a prejudice as strong as those against blacks and Jews Now Anthony Burke Smith shows how the intersection of the mass media and the visually rich culture of Catholicism changed that Protestant perception and in the process changed American culture Smith examines depictions of and by Catholics in American popular culture during the critical period between the Great Depression and the height of the Cold War He surveys the popular films television and photojournalism of the era that reimagined Catholicism as an important even attractive element of American life to reveal the deeply political and social meanings of the Catholic presence in popular culture Hollywood played a big part in this midcentury Catholicization of the American imagination and Smith showcases the talents of Catholics who made major contributions to cinema Leo McCarey's Oscar winning film *Going My Way* starring the soothing and Catholic Bing Crosby turned the Catholic parish into a vehicle for American dreams while Pat O'Brien and Spencer Tracy portrayed heroic priests who championed the underclass in some of the era's biggest hits And even while a filmmaker like John Ford rarely focused on clerics and the Church Smith reveals how his films gave a distinctly ethnic Catholic accent to his cinematic depictions of American community Smith also looks at the efforts of Henry Luce's influential *Life* magazine to harness Catholicism to a postwar vision of middle class prosperity and cultural consensus And he considers the unexpected success of Bishop Fulton J. Sheen's prime time television show *Life is Worth Living* in the 1950s which offered a Catholic message that spoke to the anxieties of Cold War audiences Revealing images of orthodox belief whose sharpest edges had been softened to suggest tolerance and goodwill Smith shows how such representations overturned stereotypes of Catholics as un-American Spanning a time when hot and cold wars challenged Americans' traditional assumptions about national identity and purpose his book conveys the visual style moral confidence and international character of Catholicism that gave it the cultural authority to represent America

Five Came Back Mark Harris, 2015-02-24 One of The Hollywood Reporter's 100 Greatest Film Books of All Time One of the great works of film history of the decade *Slate* Now a Netflix original documentary series also written by Mark Harris the extraordinary wartime experience of five of Hollywood's most important directors all of whom put their stamp on World War II and were changed by it forever Here is the remarkable untold story of how five major Hollywood directors John Ford George Stevens John Huston William Wyler and Frank Capra changed World War II and how in turn the war changed them In a move unheard of at the time the U.S. government farmed

out its war propaganda effort to Hollywood allowing these directors the freedom to film in combat zones as never before. They were on the scene at almost every major moment of America's war, shaping the public's collective consciousness of what we've now come to call the good fight. The product of five years of scrupulous archival research, *Five Came Back* provides a revelatory new understanding of Hollywood's role in the war through the life and work of these five men who chose to go and who came back. *The Westerns and War Films of John Ford* Sue Matheson, 2016-02-18 Responsible for some of the greatest films of the 20th century, *The Grapes of Wrath*, *How Green Was My Valley*, and *The Quiet Man* among others, John Ford was best known for motion pictures that defined the American West and the face of wartime military. A Hollywood celebrity, Ford lived his life against the background that Twentieth Century Fox fashioned for him. As he did, the facts of his life merged with and became inseparable from his multifaceted legend fostered by Hollywood's studio culture and his own imagination. In *The Westerns and War Films of John Ford*, Sue Matheson offers an engaging look at one of America's greatest directors and the two genres of films that solidified his reputation. Drawing on previously unreleased material, this volume explores the man, the filmmaker, the veteran, and the legend, and the ways in which all of those roles shaped Ford's view of America, national character, and his creative output. Among the films discussed here in depth are Ford's early productions such as *The Iron Horse* and *Drums Along the Mohawk*; his military films such as *Submarine Patrol*, *The Battle of Midway*, and *They Were Expendable*; and his Westerns including *Fort Apache*, *She Wore a Yellow Ribbon*, *The Searchers*, and *Cheyenne Autumn*. Ford imbued many of his creations with a point of view that represented his ideals, and the films discussed here illustrate their director's distinct vision of American life on the frontier and in service of the country. That vision, Ford's idealization of the American Character, would in turn shape the worldview of several generations. *The Westerns and War Films of John Ford* will appeal to critics and scholars but also to any fan of this iconic filmmaker's work. *John Ford* Scott Eyman, Paul Duncan, 2004 This text takes a critical look at the films of John Ford, including *Stagecoach*, *The Fugitive*, and *The Quiet Man*.

The Lost Worlds of John Ford Jeffrey Richards, 2020-02-20 The great director John Ford (1894-1973) is best known for classic westerns, but his body of work encompasses much more than this single genre. Jeffrey Richards develops and broadens our understanding of Ford's film-making oeuvre by studying his non-Western films through the lens of Ford's life and abiding preoccupations. Ford's other cinematic worlds included Ireland, the Family, Catholicism, War, and the Sea, which share with his westerns the recurrent themes of memory and loss, the plight of outsiders, and the tragedy of family breakup. Richards's revisionist study both provides new insights into familiar films such as *The Fugitive* (1947), *The Quiet Man* (1952), *Gideon's Way*, and *The Informer* (1935) and reclaims neglected masterpieces among them *Wee Willie Winkie* (1937) and the extraordinary *The Long Voyage Home* (1940). *The American West on Film* Johnny D.
