She then covers each of the Persons of the Trinity in turn before culminating with Trinitarian and extended metaphors for God. Readers will find in these pages a wealth of resources for liturgical study homiletical preparation worship preparation and theological reflection. Scholars and ministers alike will want to keep a copy readily available on their shelves. *Reflections of Immanuel* Scott Lencke, 2020-09-30 Each year society cycles back around to the all important date of December 25. This date is bookended by Thanksgiving and New Year's Day yielding a five to six week festive holiday period within American culture. Yet the historic church has held to a different rhythm one that begins with the season of Advent and then moves into the twelve days of Christmas. The word Advent means coming or arrival. It's a time of preparation and anticipation as we head toward the celebration of Christ's birth. Some of us have previously walked through the seasons of the church's calendar others perhaps not. But it is a story that is deeply enriching. *Reflections of Immanuel* invites the reader to wait for Christmas and join the church's rhythmic story of Advent. As we patiently move through the season and then on to Christmas itself this little book offers fresh insights on familiar Scripture passages and themes. **We Live Inside a Story** Megan McKenna, 2010 In the realm of the Spirit and when dealing with our own souls and the souls of others we are often at a loss for words. We have a sense maybe even an image of what we want to share ask or communicate but words are harder to find and express. Stories are the glue that hold us together in whatever groups we belong to even if we only visit or find ourselves on the margins. In a sense our God is a story being told and God is seeking for all of us to listen to enter into the story and become one. Megan McKenna uses images of Russian nesting dolls to illustrate the many layers of the stories that exist in each of our lives particularly in relation to the Spirit. Stories are critical to living and are intertwined with truth in such a way that we can carry them with us remember them and pass them along sharing them as needed. We live inside a story. We live inside God.

Monastic Ecological Wisdom Samuel Torvend, 2023-11-15 Can early medieval monasteries serve as a model of sustainable development and environmental conservation in today's world? Inspired by Pope Francis's encyclical *Laudato Si* and Benedictine communities around the world whose shared monastic values inform ecological practice *Monastic Ecological Wisdom* uncovers the hidden story of early Christian and monastic care for the earth. In *Monastic Ecological Wisdom* Samuel Torvend shows how it is possible that medieval monastic values and practices could assist in the careful conservation of what we claim is God's first gift God's first gesture of grace the earth and all that dwells with it. By reflecting on an ecological reading of New Testament texts the Rule of St. Benedict and early monastic engagement with the natural world as seen in the life of St. Benedict such practices can serve thoughtful Christians today who care deeply about living in harmony with the earth and all who call it home. *Daily Feast: Meditations from Feasting on the Word, Year A* Kathleen Long
