Keith Hardman, 1994 Now at last a full length treatment of revivals in America from the earliest settlement to the present Instead of focusing narrowly on an isolated period or specific evangelist Seasons of Refreshing traces the entire development of modern mass evangelism and the spiritual awakenings associated with it After a brief review of the church s growth from Pentecost to the Puritans the author leads us on an errand in the wilderness and examines the early harvests under Stoddard Frelinghuysen Edwards Whitefield and the Wesleys Finney Moody Sunday all forming an unbroken chain leading up to the present activities of Billy Graham and Luis Palau **Sensory Worlds in Early America** Peter Charles Hoffer, 2005-12-12

Over the past half century historians have greatly enriched our understanding of America s past broadening their fields of inquiry from such traditional topics as politics and war to include the agency of class race ethnicity and gender and to focus on the lives of ordinary men and women We now know that homes and workplaces form a part of our history as important as battlefields and the corridors of power Only recently however have historians begun to examine the fundamentals of lived experience and how people perceive the world through the five senses In this ambitious work Peter Charles Hoffer presents a sensory history of early North America offering a bold new understanding of the role that sight sound smell taste and touch played in shaping the lives of Europeans Indians and Africans in the New World Reconstructing the most ephemeral aspects of America s colonial past the choking stench of black powder the cacophony of unfamiliar languages the taste of fresh water and new foods the first sight of strange peoples and foreign landscapes the rough texture of homespun the clumsy weight of a hoe Hoffer explores the impact of sensuous experiences on human thought and action He traces the effect sensation and perception had on the cause and course of events conventionally attributed to deeper cultural and material circumstances Hoffer revisits select key events encounters and writings from America s colonial past to uncover the sensory elements in each and decipher the ways in which sensual data were mediated by prevailing and often conflicting cultural norms Among the episodes he reexamines are the first meetings of Europeans and Native Americans belief in and encounters with the supernatural the experience of slavery and slave revolts the physical and emotional fervor of the Great Awakening and the feelings that prompted the Revolution Imaginatively conceived deeply informed and elegantly written *Sensory Worlds of Early America* convincingly establishes sensory experience as a legitimate object of historical inquiry and vividly brings

America's colonial era to life Richard Godbeer author of *Sexual Revolution in Early America* **The Surprising Work of God** Garth M. Rosell, 2020-03-18 *The Surprising Work of God* tells the story of how America's mid twentieth century spiritual awakening became a worldwide Christian movement This seminal study brings a unique perspective to the history personalities and institutions of that period and offers an intimate look at evangelicalism through the window of the life ministry and writings of Harold John Ockenga and his long friendship with Billy Graham Ockenga was pastor of the historic Park Street Congregational Church in Boston and cofounder of Fuller Theological Seminary Gordon Conwell Theological Seminary the National Association of Evangelicals and Christianity Today As such he was a central figure in the birth and development of American neo evangelicalism This lively engaging story will be of value to anyone with an interest in the American church of the last century **The Early Republic and Antebellum America: An Encyclopedia of Social, Political, Cultural, and Economic History** Christopher G. Bates, 2015-04-08 First Published in 2015 This text holds four volumes of essays and entries on the early Republic and Antebellum era in America spanning the end of the American Revolution in 1781 to the outbreak of Civil War in 1861 The Americans forged a new government in theory and then in practice with the beginnings of industrialisation and the effects of urbanisation widespread poverty labour strife debates around slavery and sectional discord By the end of the nineteenth century American had a powerhouse economy new technologies and the emergence of major social reform movements creation of uniquely American art and literature and the conquest of the West This encyclopaedia offers a historic reference **Andrew Fuller's Theology of Revival** Ryan Rindels, 2021-01-21 Revival is the arguable heartbeat of evangelical Christianity Though a theologically diverse and globally diffused phenomenon evangelicalism originated in a distinctly Calvinistic milieu Many Puritans in the seventeenth century evangelicals before the revivals emphasized the work of the Holy Spirit including the importance of personal conversion Unlike theologically Arminian proponents of revival such as Charles G Finney many Puritans and early evangelicals believed and taught that the absolute sovereignty of God was compatible with human responsibility Calvinistic Baptists in the early eighteenth century who rejected this tension declined numerically yet a new generation of pastors led their denomination through this impasse Andrew Fuller 1754 1815 defended Reformed doctrine in the Particular Baptist tradition while emphasizing the importance of human response in his preaching writing and fundraising for the Baptist Missionary Society The fruit of Fuller's ministry included growth of churches in England conversions among people groups in the Global South and the preservation of Reformed theology in a challenging Enlightenment context [Firestorms of Revival](#) Bob Griffin, 2006 Learn the ten characteristics of revival and see the move of God change not only your ministry but your community **Race and Redemption in Puritan New England** Richard A. Bailey, 2011-04-22 As colonists made their way to New England in the early seventeenth century they hoped their efforts would stand as a city upon a hill Living the godly life preached by John Winthrop would have proved difficult even had these puritans inhabited the colonies alone but this was not the case this

new landscape included colonists from Europe indigenous Americans and enslaved Africans In Race and Redemption in Puritan New England Richard A Bailey investigates the ways that colonial New Englanders used constructed and re constructed their puritanism to make sense of their new realities As they did so they created more than a tenuous existence together They also constructed race out of the spiritual freedom of puritanism

**An Evaluative Template for Peer-to-peer Models of Evangelism Applied to the "3Story" Model** John James Eitel ,2009 This ministry focus paper examines the 3Story evangelism model through an evaluative template to establish if the model considers the theological historical developmental and environmental factors of the task of peer to peer evangelism While the language and methodology of evangelism seem to have remained unaltered within Christendom the surrounding culture continues to change Expectations and techniques that existed in the past now are being placed on an adolescent culture that neither understands nor connects with them The result of this evaluation will be a greater awareness of the issues facing both models and practitioners when approaching the task of adolescent peer to peer evangelism This study will be divided into four sections The first section will examine the historical approaches to evangelism in North America and the efforts made to adapt these strategies for the task of adolescent peer to peer evangelism This information will create evaluation markers for the evaluative template The second section will explore the theology of peer to peer evangelism along with the dynamic of human relationships in both the Old and New Testament the dynamics of how Jesus His disciples and the early Church shared the Good News in an interpersonal context and the role of the Church This information will create evaluation markers for the theological measure of the evaluative template The third section will explore the psychosocial development spiritual development and environmental issues of peer relationships and their implication to the

task of peer to peer evangelism in a North American context This information will create additional markers for the evaluative template Finally the last section will examine the 3Story model through the template presented It will discuss if the model is a viable strategy for adolescent peer to peer evangelism     An Able and Faithful Ministry James M. Garretson,2014-03-03 Samuel Miller 1769 1850 played an integral part in founding Princeton Theological Seminary which became one of the most influential training grounds for Presbyterian ministers in the nineteenth century While Miller is most commonly remembered for his writings on church office he also played a significant role instructing students and shaping their theology of preaching and pastoral ministry In the present volume Jim Garretson highlights the narrative of Miller s life and the major ministerial emphases found in his published writings sermons and unpublished lecture notes As a result readers will come to know the spiritual convictions of Miller s heart and understand the theology of ministry he imparted over the course of his lifetime     The Great Awakening Thomas S. Kidd,2008-10-01 In the mid eighteenth century Americans experienced an outbreak of religious revivals that shook colonial society This book provides a definitive view of these revivals now known as the First Great Awakening and their dramatic effects on American culture Historian Thomas S Kidd tells the absorbing story of early American evangelical Christianity through the lives of seminal figures like Jonathan Edwards and George Whitefield as well as many previously unknown preachers prophets and penitents The Great Awakening helped create the evangelical movement which heavily emphasized the individual s experience of salvation and the Holy Spirit s work in revivals By giving many evangelicals radical notions of the spiritual equality of all people the revivals helped breed the democratic style that would come to characterize the American republic Kidd carefully separates the positions of moderate supporters of the revivals from those of radical supporters and he delineates the objections of those who completely deplored the revivals and their wildly egalitarian consequences The battles among these three camps the author shows transformed colonial America and ultimately defined the nature of the evangelical movement     *The Greenwood Encyclopedia of Daily Life in America* Randall M. Miller,2008-12-30 The course of daily life in the United States has been a product of tradition environment and circumstance How did the Civil War alter the lives of women both white and black left alone on southern farms How did the Great Depression change the lives of working class families in eastern cities How did the discovery of gold in California transform the lives of native American Hispanic and white communities in western territories Organized by time period as spelled out in the National Standards for U S History these four volumes effectively analyze the diverse whole of American experience examining the domestic economic intellectual material political recreational and religious life of the American people between 1763 and 2005 Working under the editorial direction of general editor Randall M Miller professor of history at St Joseph s University a group of expert volume editors carefully integrate material drawn from volumes in Greenwood s highly successful Daily Life Through History series with new material researched and written by themselves and other scholars The four volumes cover the following periods The War of

**Irish Presbyterians and the Shaping of Western Pennsylvania, 1770-1830** Peter E. Gilmore, 2018-10-30 *Irish Presbyterians and the Shaping of Western Pennsylvania 1770-1830* is a historical study examining the religious culture of Irish immigrants in the early years of America. Despite fractious relations among competing sects many immigrants shared a vision of a renewed Ireland in which their versions of Presbyterianism could flourish free from the domination of landlords and established church. In the process they created the institutional foundations for western Pennsylvanian Presbyterian churches. Rural Presbyterian Irish church elders emphasized community and ethnoreligious group solidarity in supervising congregants' morality. Improved transportation and the greater reach of the market eliminated near subsistence local economies and hastened the demise of religious traditions brought from Ireland. Gilmore contends that ritual and daily religious practice as understood and carried out by migrant generations were abandoned or altered by American born generations in the context of major economic change.

**Jonathan Edwards's Interpretation of Revelation 4:1-8:1** Glenn R. Kreider, 2004 The Bible was at the center of Jonathan Edwards' intellectual and ministerial life. As an eighteenth century theologian, pastor, the Scriptures were the focus of his work and the perspective through which he viewed his world. Edwards had a particular interest in the interpretation of the Apocalypse, devoting a notebook to the collection of observations and thoughts from his reading and reflection. This book examines Edwards' interpretation of Revelation 4-8 as seen in his working notebooks and

theological treatises and sermons and then compares his views with some of his major contemporary biblical interpreters

*Stonewall Jackson, Beresford Hope, and the Meaning of the American Civil War in Britain* Michael Turner, 2020-10-21 In this comprehensive examination of British sympathy for the South during and after the American Civil War Michael J Turner explores the ideas and activities of A J Beresford Hope one of the leaders of the pro Confederate lobby in Britain to provide fresh insight into that seemingly curious allegiance Hope and his associates cast famed Confederate general Thomas J Stonewall Jackson as the embodiment of southern independence courage and honor elevating him to the status of a hero in Britain Historians have often noted that economic interest political attitudes and concern about Britain's global reach and geostrategic position led many in the country to embrace the Confederate cause but they have focused less on the social cultural and religious reasons enunciated by Hope and ostensibly represented by Jackson factors Turner suggests also heightened British affinity for the South During the war Hope noticed a tendency among British people to view southerners as heroic warriors in their struggle against the North He and his pro southern followers shared and promoted this vision framing Jackson as the personification of that noble mission and raising the general's profile in Britain so high that they collected enough funds to construct a memorial to him after his death in 1863 Unveiled twelve years later in Richmond Virginia the statue stands today as a remarkable artifact of one of the lesser known strands of British pro Confederate ideology *Stonewall Jackson Beresford Hope and the Meaning of the American Civil War in Britain* serves as the first in depth analysis of Hope as a leading pro southern activist and of Jackson's reputation in Britain during and after the Civil War It places the conflict in a transnational context that reveals the reasons British citizens formed bonds of solidarity with the southerners whom they perceived shared their social and cultural values
