Loves Work A Reckoning With Life:

Love's Work Gillian Rose, 2011-05-31 Love's Work is at once a memoir and a book of philosophy. Written by the English philosopher Gillian Rose as she was dying of cancer, it is a book about both the fallibility and endurance of love: love that becomes real and endures through an ongoing reckoning with its own limitations. Rose looks back on her childhood, the complications of her parents' divorce, and her dyslexia, and her deep and divided feelings about what it means to be Jewish. She tells the stories of several friends also laboring under the sentence of death. From the sometimes conflicting vantage points of her own and her friends' tales, she seeks to work out what the work can never be complete: to be alive means to be incomplete, a distinctive outlook on life, one that will do justice to our yearning both for autonomy and for connection to others. With droll self-knowledge, I am highly qualified in unhappy love affairs, Rose writes. My earliest unhappy love affair was with Roy Rogers, and with unsettling wisdom, To live to love is to be failed. Rose has written a beautiful, tender, tough, and intricately wrought survival kit packed with necessary but unanswerable questions.

Power, Love and Evil Wayne Cristaudo, 2008 Love and evil are real; they are substances of force fields which contain us as constituent parts. Of all the powers of life, they are the two most pregnant without meaning; hence the most generative of what is specifically human. Love and evil stand in the closest relationship to each other: evil is both what destroys love and what forces more love out of us. It is as Augustine astutely grasped: privative, requiring something to negate, but it is also born out of misdirected love. Breaking with naive realist and post-modern dogmas about the nature of the real, this book provides the basis for a philosophy of generative action, as it draws upon examples from philosophy, literature, religion, and popular culture. While this book has a sympathetic ear for ancient and traditional narratives about the meaning of life, it offers a philosophy appropriate for our times and our crises. It is particularly directed at readers who are seeking for new ways to think about our world and self-making, and who are as dissatisfied with post-Nietzschean and post-Marxian 20th-century social theory as they are by more traditional philosophical

and naturalistic accounts of human being **1001 Books You Must Read Before You Die** Peter Boxall,2012-01-10
 Completely revised and updated to include the most up to date selections this is a bold and bright reference book to the novels and the writers that have excited the world s imagination This authoritative selection of novels reviewed by an international team of writers critics academics and journalists provides a new take on world classics and a reliable guide to what s hot in contemporary fiction Featuring more than 700 illustrations and photographs presenting quotes from individual novels and authors and completely revised for 2012 this is the ideal book for everybody who loves reading **Love in the Dark** Diane Enns,2016-09-06 Intimate love opens us up to suffering sacrifice and loss Is it always worth the risk Consulting philosophers writers and poets who draw insights from material life Diane Enns shines a light on the limits of erotic love exploring its paradoxes through personal and philosophical reflections Situating experience at the center of her inquiry Enns conducts philosophy by another name elaborating the ambiguities and risks of love with visceral clarity Love in the Dark claims that intimacy must accept risk as long as love does not destroy the self Erotic love inspires an inexplicable affirmation of another but can erode autonomy and vulnerability There is a limit to love and appreciating it requires a rethinking of love s liberal paradigms which Enns traces back to the hostility toward the body and eros in Christianity and the Western philosophical tradition Against a legacy of an abstract and sanitized love Enns recasts erotic attachment as an event linked to conditional circumstances The value of love lies in its intensity and depth and its end does not negate love s truth or significance Writing in a lyrical genre defying style Enns delineates the paradoxes of love in its relations to lust abuse suffering and grief to reach an account faithful to human experience **Love & Eroticism** Mike Featherstone,1999-03-19
 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Eroticism is simultaneously published as volume 15 issue 3 4 of Theory Culture Society Kierkegaard on Faith and Love Sharon Krishek,2009-07-23 Kierkegaard s writings are interspersed with remarkable stories of love commonly understood as a literary device that illustrates the problematic nature of aesthetic and ethical forms of life and the contrasting desirability of the life of faith Sharon Krishek argues that for Kierkegaard the connection between love and faith is far from being merely illustrative Rather love and faith have a common structure and are involved with one another in a way that makes it impossible to love well without faith Remarkably this applies to romantic love no less than to neighbourly love Krishek s original and compelling interpretation of the Works of Love in the light of Kierkegaard s famous analysis of the paradoxicality

of faith in Fear and Trembling shows that preferential love and in particular romantic love plays a much more important and positive role in his thinking than has usually been assumed

Thinking About Love Diane Enns, Antonio Calcagno, 2015-11-10 Does love command an ineffability that remains inaccessible to the philosopher Thinking About Love considers the nature and experience of love through the writing of well known Continental philosophers such as Hannah Arendt Simone de Beauvoir Jacques Derrida and Maurice Merleau Ponty Evolving forms of social organization rapid developments in the field of psychology and novel variations on relationships demand new approaches to and ways of talking about love Rather than offering prescriptive claims this volume explores how one might think about the concept philosophically without attempting to resolve or alleviate its ambiguities paradoxes and limitations The essays focus on the contradictions and limits of love manifested in such phenomena as trust abuse grief death violence politics and desire An erudite examination of the many facets of love this book fills a lacuna in the philosophy of this richly complicated topic Along with the editors the contributors are Sophie Bourgault John Caruana Christina M Gschwandtner Marguerite La Caze Alphonso Lingis Christian Lotz Todd May Dawne McCance Dorothea Olkowski Felix Murchadha Fiona Utley and M lanie Walton

The Practice of Autonomy Carl Schneider, 1998 Exploring what patients do want gives direction to the author's inquiry into what they should want What patients want he believes is properly more complex and ambiguous than being empowered In this book he charts that ambiguity to take the autonomy principle past current pieties into the uncertain realities of the sick room and the hospital ward The Practice of Autonomy is a sympathetic but trenchant study of the animating principle of modern bioethics It speaks with freshness insight and even passion to bioethicists and moral philosophers about their theories to lawyers about their methods to medical sociologists about their subject to policy makers about their ambitions to doctors about their work and to patients about their lives

Atheism After Christendom Simon Perry, 2015-03-01 As Christendom continues to dwindle atheism becomes an increasingly safe pastime Now that we live in a post Christendom era the New Atheists boldly oppose the god of a bygone age whilst dutifully serving the new gods of our own age These new gods include

the insurmountable dehumanizing and oppressive political economic and social forces that acquire power at the expense of the powerless This is a call to both atheist and Christian to be faithful to their atheistic heritage At root this entails radical openness to radical otherness Exploring Philosophy and Biblical Studies Science and Ethics Politics and Ecology Economics and Literature this book argues that when atheists are truly atheist and Christians truly Christian there is true hope for a better world The book culminates with a presentation of the Lord's Prayer as an atheist manifesto written to incite gracious pragmatic effective rebellion against the gods of the age Simon Perry's provocative book throws down the gauntlet to atheists and believers alike So called new atheists will welcome his attack on much of traditional Christianity only to discover themselves exposed as worshippers of the gods of this world But Perry's real challenge is to Christians who are forced to look again at their beliefs in the light of a radical atheism Morna Hooker University of Cambridge

Resourcing Hope for Ageing and Dying in a Broken World Ashley Moyse, 2022-09-06 For those captive to the broken world of late modernity wherein ageing and dying persons become vulnerable to despair this book offers a diagnostic of such despair It also resources the practices of a realistic humanising hope that might enable a strength for person to journey with and for others together through such despair Thus by addressing the aetiology of despair experienced by people confronting ageing frailty and dying and drawing upon the writings of Gabriel Marcel among others Ashley Moyse reveals the problematic life of a broken world with its functionalising metaphors instrumentalising reasoning and objectifying desires that offer no hope at all It is a broken world where despair generates behaviours that anticipate suicide or other often tragic outcomes that impede or greatly curtail or even completely inhibit human flourishing Resisting despair but living through it Moyse presents the activity of the moral life demonstrating a way persons might be resourced through an intersubjective and reflective pedagogy with its habits or practices that enable a humanising hope liberating human beings to become those readied to confront the actualities of human living and dying and encouraged to grow and develop as wayfarers hopefully

Badiou, Poem and Subject Tom Betteridge, 2020-01-23 Reinterpreting Badiou's philosophy in light of both his persistent reverent invocations of the German Jewish poet Paul Celan and his long term engagement with Samuel Beckett Badiou Poem and Subject fundamentally reassesses Badiou's radical departure from the legacy of Martin Heidegger and his wholesale rejection of philosophies that would in the wake of twentieth century violence and beyond proclaim their own end or completion For Badiou both writers from the terminus of Literary Modernism affirm novel conceptions of subjectivity capable of transcending the historical conditions of their presentation Celan's collective and ephemeral subject of anabasis and Beckett's disjunctive Two of love Blending close textual analyses with critical reflections on Heidegger Lacoue Labarthe and Adorno among others Tom Betteridge argues that Badiou's innovative readings of both Celan's poetry and the latent poem in Beckett's late prose are crucial to understanding his significance in the history of twentieth century French philosophy and its German heritage offering a significant contribution to a growing field of interest in Badiou's philosophical encounter with

poetry and its political ramifications *The Invading Body* Einat Avrahami, 2007 Widely debated in feminist poststructuralist and literary theory is the relationship between subjectivity and the body Yet autobiographical criticism an obvious place for testing this conceptual relationship has lagged behind contemporary queries about the embodied self In *The Invading Body* Einat Avrahami corrects this deficiency by analyzing the genre of terminal illness autobiographies These personal narratives challenge the world of self writing in their power to question the assumption that autobiography and the body are products of cultural constructs and discursive practices Their self disclosures of symptoms disabilities and the physical and psychological pains of treatment especially when combined with thoughts of further deterioration and imminent death defy the theoretical formulations of identity and alter the definition of autobiography itself Avrahami investigates an array of autobiographical testimonies of terminal illness ranging from Harold Brodkey's poignant account of his struggle with AIDS to Hannah Wilke's and Jo Spence's gripping self portraits of cancer By challenging the artificial and contrived skepticism that critics and theorists bring to their concepts of the self the author argues these illness narratives constitute an invasion of the real confronting the notions of self representation and self invention on which current autobiographical studies are based The author's examinations of these moving memoirs and photographs will engage not only the growing field of disability studies but also a more general readership interested in the transition that occurs when one's body suddenly falls out of step with one's mind **Gratitude and Grace** Joel W. Huffstetler, 2009-09-29 *Gratitude and Grace* The Writings of Michael Mayne offers an introduction and overview of the five bestselling books by one of the United Kingdom's finest spiritual writers Michael Mayne who served as dean of Westminster Abbey from 1986 to 1996 Previously he had served as vicar of Great St Mary's the University Church Cambridge and as Head of Religious Programmes for BBC Radio Mayne's primary vocation was that of pastor not writer but his deep pastoral wisdom shines through in his books Though clearly Christian in orientation Michael Mayne's books were written to appeal to all who are on a quest to integrate spirituality into their daily lives His work recalls the very best of English pastoral writing such as that of George Herbert Thomas Traherne and Francis Kilvert The list of the finest English pastoral books now includes those by Michael Mayne *d* 2006 *Gratitude and Grace* The Writings of Michael Mayne is the first book length treatment of Mayne's writings and will remain the starting point of Mayne studies for years to come **Immanent Frames** John Caruana, Mark Cauchi, 2018-05-31 For some time now thinkers across the humanities and social sciences have increasingly called into question the once dominant view of the relationship between modernity and secularism prompting some to speak of a postsecular turn Until now film studies has largely been silent about this development even though cinema itself has been a major vehicle for such reflection This fact became inescapable in 2011 when Terrence Malick's *The Tree of Life* and Lars von Trier's *Melancholia* were released within days of each other While these two audacious and controversial films present seemingly opposite perspectives the former a thoughtful meditation on faith the latter a portrayal of nontriumphalist atheism together they raise critical questions about transcendence and

immanence in modern life These films are however only the most conspicuous of a growing body of works that call forth similar and related questions what this collection aptly calls postsecular cinema Taking the nearly simultaneous release of The Tree of Life and Melancholia as its starting point and framing device this pioneering collection sets out to establish the idea of postsecular cinema as a distinct body of films and a viable critical category Adopting a film philosophy approach one group of essays examines Malick's and von Trier's films while another looks at works by Chantal Akerman Denys Arcand the Dardenne brothers and John Michael McDonagh among others The volume closes with two important interviews with Luc Dardenne and Jean Luc Nancy that invite us to reflect more deeply on some of the central concerns of postsecular cinema

Final Acts Tom Ratekin, 2010-07-02 Writers facing death offer a rare glimpse into human mortality they have the unusual opportunity to craft the closing chapter of their life stories Final Acts explores memoirs of terminal illness and shows a paradoxical pattern where the diagnosis of terminal illness evokes not despair but a new freedom and richness in life The memoirs analyzed by Allon White Harold Brodkey Gillian Rose and Derek Jarman provide insight into the experience of radical contingency that an awareness of mortality brings Tom Ratekin engages the concept of traversing the fantasy elaborated by Jacques Lacan and Slavoj Žižek to argue that the new richness in life each of these memoirists experiences arises from the abandonment of a particular fantasy that guided his or her earlier work a fantasy that both protected and inhibited the memoirist Freed from convention these writers while close to death can reinterpret the stories presented in their earlier work and gain new perspectives on their worlds and existence The Disobedient Generation Alan

Sica, Stephen P. Turner, 2005-12-15 The Disobedient Generation collects newly written autobiographies by an international cross section of well known sociologists all of them children of the 60s It illuminates the human experience of living through that decade as apprentice scholars and activists encountering the issues of class race the Establishment the decline of traditional religion feminism war and the sexual revolution In each case the interlinked crises of young adulthood rapid change and nascent professional careers shaped this generation's private and public selves **Lost Intimacy in American**

Thought Edward F. Mooney, 2009-12-23 This book offers a critique of rationalism in contemporary American thought by recovering a lost tradition of intimacy in American philosophical writing **Writing otherwise** Jackie Stacey, Janet

Wolff, 2016-05-16 Writing otherwise is a collection of essays by established feminist and cultural critics interested in experimenting with new styles of expression Leading figures in their field such as Marianne Hirsch Lynne Pearce Griselda Pollock Carol Smart Jackie Stacey and Janet Wolff all risk new ways of writing about themselves and their subjects Aimed at both general and academic readers interested in how scholarly writing might be more innovative and creative this collection introduces the personal the poetic and the experimental into the frame of cultural criticism This collection of essays is highly interdisciplinary and contributes to debates in sociology history anthropology art history cultural and media studies and gender studies
