B Lingard

Low Level Hell A Scout Pilot In The Big Red One:

Low Level Hell Hugh L. Mills, Jr., 2009-01-16 The aeroscouts of the 1st Infantry Division had three words emblazoned on their unit patch Low Level Hell It was then and continues today as the perfect concise definition of what these intrepid aviators experienced as they ranged the skies of Vietnam from the Cambodian border to the Iron Triangle The Outcasts as they were known flew low and slow aerial eyes of the division in search of the enemy Too often for longevity s sake they found the Viet Cong and the fight was on These young pilots 19 22 years old invented the book as they went along Praise for Low Level Hell An absolutely splendid and engrossing book The most compelling part is the accounts of his many air to ground engagements There were moments when I literally held my breath Dr Charles H Cureton Chief Historian U S Army Training and Doctrine TRADOC Command Low Level Hell is the best bird s eye view of the helicopter war in Vietnam in print today No volume better describes the feelings from the cockpit Mills has captured the realities of a select group of aviators who shot craps with death on every mission R S Maxham Director U S Army Aviation Museum **Low Level Hell** Hugh L. Mills, 1993-06-01 The first hand account of a special breed of Vietnam aviator by a highly decorated pilot whose exploits in armed helicopters have become legendary His chopper wasn t designed to fight but 21 year old Hugh Mills had other ideas His troop of scouts made up their own rules and made aerial warfare history *Professional Journal of the United States Army*, 1993 **Unleashing the Power of Unconditional Respect** Jack Colwell, Charles Huth, 2010-06-16 Every day police officers face challenges ranging from petty annoyances to the risk of death in the line of duty Coupled with these difficulties is in some cases lack of community respect for the officers despite the dangers these men and women confront while protecting the public Exploring issues of courage integrity leadership and charact *Military Review*, 1993 *Voices from the Vietnam War* Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War s influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War* Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a

KGB spy These narratives humanize and contextualize the war's events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li's achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly

The God Machine James R. Chiles, 2008-09-30 From transforming the ways of war to offering godlike views of inaccessible spots revolutionizing rescues worldwide and providing some of our most watched TV moments including the cloud of newscopters that trailed O J Simpson's Bronco the helicopter is far more capable than early inventors expected Now James Chiles profiles the many helicoptrians who contributed to the development of this amazing machine and pays tribute to the selfless heroism of pilots and crews A virtual flying lesson and scientific adventure tale The God Machine is more than the history of an invention it is a journey into the minds of imaginative thinkers and a fascinating look at the ways they changed our world

On Warriors' Wings David Napoliello, 2023-08-08 The book is a wonderment of research with its 37 pages of notes and 29 pages of bibliography Napoliello supports his secondary sources with interviews with Army aviators who flew in Vietnam and with current day members of Native American tribes The VVA Veteran On Warriors Wings traces the evolution of the Army policy to give names to major end items of equipment and specifically Native American tribal warrior chiefs and item to helicopters Twelve Army helicopters saw combat in Vietnam with eleven bearing Native American names For each David Napoliello's work includes an examination of what capabilities were needed its performance requirements and the production of the fleet Napoliello continues with a discussion on how the aircraft was used during its entire period of service in country as opposed to a twelve month snapshot of the experiences of a single aviator or a specific aviation unit The capstone of each chapter is the story of the Native American tribe or warrior chief and how that history commends it for the naming of that particular helicopter David also devotes a chapter to the experiences and memories of Native American veterans who served as pilots or crew members of those eleven aircraft These are insightful first person accounts of their tours of duty in Vietnam and duties in aviation units while stationed there Over two hundred Native Americans perished in Vietnam nineteen of whom died while participating in aerial operations The details of that final mission and loss are included in here along with a listing of the other fallen warriors On Warriors Wings concludes with a summary of the new Native American named helicopters that came after Vietnam and the progress the US military has made with regards to national recognition of Indigenous veterans On Warriors Wings includes extensive illustrations and archival images of Native American veterans

A History of Army Aviation James W. Jr. Williams, James Williams, James W. Williams, 2005-09 spellbinding history the how what when where and why some never told and certainly not always understood This is a story that has begged to be told with sources and substance heretofore missing Historians military scholars and aviators will rely on this work for years Carl H McNair Jr Major General U S Army Retired This is worth a good read a welcome and long overdue history of Army Aviation Joseph L Galloway senior military correspondent Knight Ridder

Newspapers and co author *We Were Soldiers Once and Young* Soldiers scholars and aviation enthusiasts alike can learn much from this comprehensive examination successfully blends lively and insightful historical narrative with astute analysis unfailingly honest assessment of contributions to our national defense Carol Reardon Pennsylvania State University author of *LAUNCH THE INTRUDERS* tightly written and focused traces the aviation branch from its inception through two world wars the loss of a major portion to the new Air Force up through its current role required reading for anyone who desires to understand Army aviation Darrel Whitcomb author of *The Rescue of Bat 21* and *Combat Search and Rescue in Desert Storm* tells the whole story concisely by addressing seven key themes crisp prose and well chosen illustrations This old ground pounder owes his life to brave crews of Army birds Henry Gole Ph D Colonel ret author of *Soldiering* **Parameters** ,1993

Co-ed Combat Kingsley Browne,2007 Browne makes a case against women in combat based on research in anthropology biology history psychology sociology and law as well as military memoirs It asks hard questions that challenge the assumptions of feminists For instance 5 Has warfare really changed so much as to reverse the almost unanimous history of all male armed forces 5 Are men and women really equivalent in combat skills even leaving aside physical strength 5 Do female troops respond to traditional types of motivations 5 Can the bonds of unit cohesion form in a co ed military unit 5 Can an all volunteer military afford to reject women **Air University Library Index to Military Periodicals** ,1992 Kliatt Young Adult Paperback Book Guide ,1993 Army History ,1989 America, History and Life ,1994 **Airpower Journal** ,1993 **American Book Publishing Record** ,1995 Choice ,1992 *Indochina Chronology* ,1992 **American Bookseller** ,1991

The Top Books of the Year Low Level Hell A Scout Pilot In The Big Red One The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
