Jonah Amy Erickson, 2021-05-18 The dominant reading of the book of Jonah that the hapless prophet Jonah is a lesson in not trying to run away from God oversimplifies a profoundly literary biblical text argues Amy Erickson Likewise the more recent understanding of Jonah as satire is problematic in its own right laden as it is with anti Jewish undertones and the superimposition of a Christian worldview onto a Jewish text How can we move away from these stale interpretations to recover the richness of meaning that belongs to this short but noteworthy book of the Bible This Illuminations commentary delves into Jonah s reception history in Christian Jewish and Islamic contexts while also exploring its representations in visual arts music literature and pop culture After this thorough contextualization Erickson provides a fresh translation and exegesis paving the way for pastors and scholars to read and utilize the book of Jonah as the provocative richly allusive and theologically robust text that it is

Tragic Heroines in Ancient Greek Drama Hanna M. Roisman, 2021-01-14 The heroines of Greek tragedy presented in the plays by Aeschylus Sophocles and Euripides have long captivated audiences and critics In this volume each of the eleven chapters discusses one of the heroines Clytemnestra Hecuba Medea Iphigenia Alcestis Antigone Electra Deianeira Phaedra Creusa and Helen The book focuses on characterisation and the motivations of the women as well as on those of the male playwrights and offers multiple viewpoints and critiques that enable readers to understand the context of each play and form their own views Four core themes bridge the depictions of the heroines the socio political dynamic of ancient Greek expectations of women and their roles in society the conflict of masculinity versus femininity the alternation of defiance and submission and the interplay between deceit and rhetoric Each chapter offers clear descriptions of plot and mythical background and builds on the text of the plays to enable reflections on language and performance All technical terms are explained and key topics or references are pulled out into box features that provide further background information Discussion points at the ends of chapters enable readers to explore various topics more deeply

,1917 *The International Critical Commentary on the Holy Scriptures of the Old and New Testaments*, 1916 **The Reigns of Edmund, Eadred and Eadwig, 939-959** Mary Elizabeth Blanchard, Christopher Riedel, 2024 Essays highlighting the importance of three kings Edmund Eadred and Eadwig in understanding England in the tenth century Much scholarly attention has been devoted to both the expanding kingdom of Alfred the Great Edward the Elder and thelstan and to the larger and integrated realm of their more distant successors Edgar and thelred II However the English kingdom in the 940s and 950s and its three kings Edmund 939 946 Eadred 946 955 and Eadwig 955 959 the men who inherited and held together the kingdom created by their immediate predecessors have been somewhat neglected with little research being dedicated to these men as kings or the era in which they ruled This volume offers a variety of approaches to the period Its contributors bring to light royal legal innovations to ecclesiastical law oaths heriot complex factional politics including the crucial role of queens differing perspectives on the final era of an independent northern kingdom of York and developments in literary culture outside the domineering trend of the later monastic reformers **Index to the Colonial and State Records of North Carolina** North Carolina, 1911 **A Critical and Exegetical Commentary on Deuteronomy** Samuel Rolles Driver, 1895 **The Biblical World** William Rainey Harper, Ernest DeWitt Burton, Shailer Mathews, 1919 Books for New Testament study By Clyde Weber Votaw v 26 p 271 320 v 37 p 289 352 **Satan, the Heavenly Adversary of Man** Cato Gulaker, 2020-12-10 Cato Gulaker employs narrative criticism to explore where the depiction of Satan found in the Book of Revelation is positioned on the axis of two divergent roles The literary character of Satan is commonly perceived to gradually evolve from the first divine agents in the Hebrew Bible representing the darker sides of the divine governing of affairs Job 1 2 Zech 3 1 Chr 21 1 Num 22 22 32 to the full blown enemy of God of the post biblical era However Gulaker posits that texts referring to Satan in between these two poles are not uniform and diverge considerably This book argues for a new way of perceiving Satan in Revelation that provides a more probable reading as it creates less narrative dissonance than the alternative of the ancient combat myth cosmic conflict between Satan and God From this reading emerges a subdued Satan more akin to its Hebrew Bible hypotexts and Second Temple Judaism parallels one that fits seamlessly with the theology cosmology and the overarching plot of the narrative itself Gulaker explores the functions of Satan in a text written relatively late compared to the rest of the New Testament but with strong affinities to the Hebrew Bible concluding that Satan is characterized more as the leash rod and sifting device in the hand of God than as his enemy **California. Dying for Freedom Jacob Dlamini, 2024-07-09 What happens when death becomes the ultimate marker of one's commitment to one's freedom What happens when the opposite of freedom is not unfreedom but death not slavery but mortality How are we to think of the right to life when a political demand for dignity and honor might be more important than life itself Dying for Freedom explores these questions by drawing on archival evidence from South Africa to show how death and conflicting notions of sacrifice dominated the struggle for political equality in that country This political investment in death as a marker of commitment to the anti-apartheid struggle encouraged a masculinist style of politics in which the fight for freedom was seen and understood by many activists as a struggle literally for manhood This investment generated a notion of political sacrifice so absolute that anything less than death was rendered suspect More importantly it resulted in a hierarchy of death whereby some deaths were more important than others and where some deaths could be mourned and others not This highly original account of the necropolitics of the liberation struggle will be of interest to students and scholars throughout the humanities and social sciences and to anyone interested in South Africa
