The Legacy of the New Wave in French Cinema

Douglas Morrey,2019-09-05 In this study of the impact and influence of the New Wave in French cinema Douglas Morrey looks at both the subsequent careers of New Wave filmmakers and the work of later film directors and film movements in France This book is organized around a series of key moments from the past 50 years of French cinema in order to show how the meaning and legacy of the New Wave have shifted over time and how the priorities approaches and discourses of filmmakers and film critics have changed over the years Morrey tackles key concepts such as the auteur the relationship of form and content gender and sexuality intertextuality and rhythm Filmmakers discussed include Godard Truffaut Varda Chabrol and Rohmer plus Philippe Garrel Luc Besson Leos Carax Bruno Dumont the Dardenne brothers Christophe Honor Fran ois Ozon and Jacques Audiard **Jason Statham** Len Brown,2011-02-17 Hollywood s favourite action hero After an exhilarating ten years Jason Statham has finally confirmed his place in the Hollywood elite And starring alongside his childhood heroes Stallone Schwarzenegger Willis and Jet Li it is hard to imagine him anywhere else Born in south London Jason Statham has always been an action man As a boy Jason chose not to follow in the footsteps of his parents and instead cultivated his thirst for adrenaline in athletics and diving a skill that took him to the World Championships in 1992 But it was on the athleatics track that he was first discovered by a modelling scout for Tommy Hilfiger and French Connection which eventually led Jason to the then fledgling director Guy Ritchie A string of Hollywood blockbusters Lock Stock Revolver Snatch followed But perhaps his best known role came in 2002 when Jason was cast as Frank Martin in The Transporter Statham s background in martial arts defies the norm of the action hero as he performs his own scenes and stunts in some of Hollywood s most death defying action scenes A huge box office hit The Transporter spawned two sequels and has earned the reputation of a cult classic Len Brown s biography is an insightful comprehensive and gripping account of Britain s all action hero Nikita Susan Hayward,2010-02-28 Nikita 1990 is the story of a nineteen year old junkie Nikita Anne Parillaud who is given a second chance in life through being trained to be and becoming a skilled assassin for the State Nikita is a cult classic directed by Luc Besson with Thierry Arbogast as director of photography in his hallmark powerful style The film was an international hit which spawned a TV series and a Hollywood remake Susan Hayward develops here a fresh and provocative way of understanding Nikita s plot structure as a neo baroque symphony She goes in depth into key sequences of the film examines its reception as a popular film by audiences and critics and looks at The Assassin the Hollywood remake of Nikita This is a wonderfully exciting book on an underrated film It also shows that the woman placed at the centre of a film noir can as Susan Hayward points out for once win or at least get away with it **Movie Lists** Paul Simpson,2011-05-26 Action African greats alcohol Robert Aldrich aliens Woody Allen Pedro Almodovar Robert Altman animated anime apocalypses Argentina art Asia minor avant garde And that s just A for you A taste of this fabulously quirky and enjoyable book which is both a celebration of movies and movie trivia and a handy entertaining guide to films that we know you will enjoy It is fantastically functional The lists are well conceived and easy to understand mostly assembled by genre actor director theme

or country of origin and the reviews are witty and informative Oddly enough most movie guides are not full of recommendations But Movie Lists is in spades leaving readers in no doubt that the films reviewed are the business Oh and you don't have to watch them all before you die There is no premise of death in this book You just need to get down to the local Blockbusters or flick your remote to Movies on Demand Only the popcorn is not supplied **French B Movies** David A. Pettersen, 2023-03-07 In the impoverished outskirts of French cities known as the banlieues minority communities are turning to American culture history and theory to make their own voices cultures and histories visible Filmmakers have followed suit turning to Hollywood genre conventions to challenge notions of identity belonging and marginalization in mainstream French film French B Movies proposes that French banlieue films far from being a fringe genre offer a privileged site from which to understand the current state of the French film industry in an age of globalization This gritty style appears in popular arthouse films such as Mathieu Kassovitz's *La Haine* and *Bande de filles* Girlhood along with the major Netflix hit series *Lupin* David Pettersen traces how in these works and others directors fuse features of banlieue cinema with genre formulas associated with both Hollywood and Black cultural models as well as how transnational genre hybridizations such as B movies have become part of the ecosystem of the French film industry By combining film analysis cultural history critical theory and industry studies French B Movies reveals how featuring banlieues is as much about trying to imagine new identities and production models for French cinema as it is about representation *Is it French? Popular Postnational Screen Fiction from France* Mary Harrod, Raphaëlle Moine, 2024-01-30 This book investigates the recently accelerated phenomenon of mainstream French film and serial television's remarkable popularity not only within but more novelly for European audiovisual narratives outside the domestic context Treating changes that have taken place in France's production landscape during the mass rollout of global streaming platforms as revelatory of broader tendencies in media production and circulation in Europe and beyond the collection explores emergent influential players Omar Sy Camille Cottin Alexandre Aja and Fanny Herrero companies such as Netflix and Gaumont and new genres identities and representations on screen It thus draws together a body of new research by international experts in French and European media production to analyse popular film and television series from France through a postnational lens with regards to both economic and institutional norms and to culture as a whole This book is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com **Modern Amazons** Dominique Mainon, James Ursini, 2006-03 Book The Modern Amazons Warrior Women on Screen documents the public's seemingly insatiable fascination with the warrior woman archetype in film and on television The book examines the cautious beginnings of new roles for women in the late fifties the rapid development of female action leads during the burgeoning second wave feminist movement in the late sixties and seventies and the present day onslaught of female action characters now leaping from page to screen The book itself is organized into chapters that group women warriors into sub genres e.g. classic Amazons like *Xena Warrior Princess* and the women of the Conan films

superheroes and their archenemies such as Wonder Woman Batgirl and Catwoman revenge films such as the Kill Bill movies Sexploitation and Blaxploitation films such as Coffy and the Ilsa trilogy Hong Kong cinema and warriors like Angela Mao Cynthia Rothrock and Zhang Ziyi sci fi warriors from Star Trek Blade Runner and Star Wars supersleuths and spies like the Avengers and Charlie's Angels and gothic warriors such as Buffy the Vampire Slayer and Kate Beckinsale in Underworld and Van Helsing In addition the book is lavishly illustrated with over 400 photos of these popular culture icons in action interesting articles and sidebars about themes trends weapons style and trivia as well as a complete filmography of more than 150 titles

Super Bitches and Action Babes Rikke Schubart, 2014-08-23 With actress Pam Grier's breakthrough in Coffy and Foxy Brown women entered action science fiction war westerns and martial arts films genres that had previously been considered the domain of male protagonists This ground breaking cinema however was and still is viewed with ambivalence While women were cast in new and exciting roles they did not always arrive with their femininity intact often functioning both as a sexualized spectacle and as a new female hero rather than female character This volume contains an in depth critical analysis and study of the female hero in popular film from 1970 to 2006 It examines five female archetypes the dominatrix the Amazon the daughter the mother and the rape avenger The entrance of the female hero into films written by produced by and made for men is viewed through the lens of feminism and post feminism arguments Analyzed works include films with actors Michelle Yeoh and Meiko Kaji the Alien films the Lara Croft franchise Charlie's Angels and television productions such as Xena Warrior Princess and Alias

Reimagining the Human in Contemporary French Science Fiction Christina Lord, 2023-04-15 The study of French science fiction even in France remains an underexploited field Only recently have French literary scholars been able to gain recognition for the validity of studying SF but their works are often literary histories This is the first book length study to take into account both French and Anglo American intellectual trends theories and SF scholarship and apply them to a corpus of French works It shows how contemporary French SF imagines two broad philosophical inquiries into the powerful yet terrifying geological age of the Anthropocene posthumanism and transhumanism While the posthumanist perspective calls attention to the interdependence and co evolution of humans and nonhumans within a complex ecosystem of life the transhumanist view of coping with the Anthropocene offers more pragmatic tool based solutions rather than a reworking of the human imagination Given the history of philosophical thought's entanglement with literature in France French SF can tell us a lot about this existential crisis of Anthropos as both destroyer and savior of worlds and bodies alike With a focus on encounters between humans nonhumans and posthumans in selected works this book investigates both the immaterial the psychological state of the mind and material the body stakes of posthumanist or transhumanist thinking in French SF

Concentrationary Imaginaries Griselda Pollock, Max Silverman, 2015-11-30 In 1945 French political prisoners returning from the concentration camps of Germany coined the phrase the concentrationary universe to describe the camps as a terrible political experiment in the destruction of the human

This book shows how the unacknowledged legacy of a totalitarian mentality has seeped into the deepest recesses of everyday popular culture. It asks if the concentrationary now infests our cultural imaginary normalizing what was once considered horrific and exceptional by transforming into entertainment violations of human life. Drawing on the political philosophy of Hannah Arendt and the analyses of violence by Agamben, Virilio, Lacoue Labarthe and Nancy, it also offers close readings of films by Cavani and Haneke that identify and critically expose such an imaginary and hence contest its lingering force.

The Seeing Century, 2021-10-25 The twentieth century with all its turbulence and change, its conflicts and its discoveries was perhaps above all the century of cinema. *The Seeing Century* offers an innovative international and interdisciplinary exploration of the role cinema plays in contemporary life and culture and the complex and fascinating relationship between screen images and our changing concepts of personal and national identity. Rejecting the compartmentalisation that has traditionally marked film studies and confronting an impressively eclectic range of material, fifteen essays by leading academics from around the world cut across divergent cultures, languages and genres: mainstream Hollywood rubs shoulders with low budget Icelandic or Sicilian cinema and the popular and the esoteric feature alongside each other. In this way the reader is offered a stimulating overview which directly addresses the contradictions and ambiguities inherent in the relationship between film and identity and reveals the vibrancy of contemporary film debate to which *The Seeing Century* makes an important and thought provoking contribution. [Encyclopedia of Religion and Film](#) Eric Michael

Mazur, 2011-03-08 Comprising 91 A-Z entries, this encyclopedia provides a broad and comprehensive introduction to the topic of religion within film. Technology has enabled films to reach much wider audiences, enabling today's viewers to access a dizzying number of films that employ diverse symbolism and communicate a vast array of viewpoints. *Encyclopedia of Religion and Film* will provide such an audience with the tools to begin their own exploration of the deeper meanings of these films and grasp the religious significance within. Organized alphabetically, this encyclopedia provides more than 90 entries on the larger religious traditions, the major film-producing regions of the globe, the films that have stirred controversy, the most significant religious symbols and the more important filmmakers. The included topics provide substantially more information on the intersection of religion and film than any of the similar volumes currently available. While the emphasis is on the English speaking world and the films produced therein, there is also substantial representation of non-English, non-Western film and filmmakers, providing significant intercultural coverage to the topic.
