## **Managing In Emerging Market Economies Cases From The Czech And Slovak Republics:**

**Managing In Emerging Market Economies** Daniel S Fogel, 2019-03-08 Since 1989 east central Europe has plunged headlong into reform efforts and firms large and small have been forced almost overnight to adapt to the demands of a market economy This book of case studies on business development in the Czech and Slovak Republics illustrates how various industries and specific companies are responding to the challenge *Managing in Emerging Market Economies* Daniel S. Fogel, 1994

**The Czech And Slovak Republics** Carol Leff, 2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia's development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book's strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe

**Handbook of Human Resource Management in Emerging Markets** Frank Horwitz, Pawan Budhwar, 2015-02-27 The economic growth of emerging markets has been unparalleled in recent history accounting for 50 per cent of global economic output Despite this reality this much needed Handbook is the first contemporary book on human resource management HRM resources *Change Management in Transition Economies* H. Stüting, W. Dorow, F. Claassen, S. Blazejewski, 2003-05-28 This book investigates the concepts and instruments for managing change in companies striving towards a market orientation in transition economies The focus is on the identification of factors which have led to the considerable success of certain corporations in spite of the very dynamic environment in transition countries since 1989 The analysis considers problems and solutions for all the relevant stakeholder relationships Although the case study is largely based on Poland the book also contains research on the economic political and social context of doing business in Central and Eastern Europe

**Geographies of Economies** Roger Lee, Jane Wills, 2014-05-01 Setting out to explore the intersections of economy and geography this book brings together contributions from the world's top economic geographers Over forty contributors draw upon contemporary theory and experience to explore the cultural and social constitution of economic geographies processes of globalisation and new forms of political regulation and practice Although focusing upon new economic geography the book also illustrates the many connections with previous scholarship as scholars seek to reconstruct the traditions of political economy to understand the contemporary world Highlighting and illustrating contemporary developments the book opens up discussion about the implications of the complex geographies involved In pointing to new directions of research and debate this major statement in state of the art

economic geography demonstrates the central relevance of economic geography not only in understanding the trajectories of change but in proposing alternatives      **The American Bibliography of Slavic and East European Studies for 1994**

Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs      *Reconstructing the Regional Economy* Adrian Smith, 1998-06-25 The book focuses on regional and economic change in Eastern and Central Europe using Slovakia as a case study It explains the relationship between industrial change and regional development and discusses fragmentation within the context of the legacy of the state socialist industrialization model      *Theorizing Transition* John Pickles, Adrian Smith, 2005-08-31 Examining transformations using a variety of perspectives Theorizing Transition provides both a rich empirical map of the dimensions of post Communism and raises important theoretical issues about how we interpret these changes      **Corporate Governance in a Changing Economic and Political Environment** M. Federowicz, R.

Aguilera, 2003-12-19 This collection provides exceptional descriptive and analytical insights into changes in corporate governance settings in ten Eastern and Western European countries It demonstrates that there exist different varieties of capitalisms and paths to transformation of economic institutions In addition it offers detailed discussions about national cases as well as the overall European Union effects This book should be of great interest to scholars and students of comparative national systems corporate governance and European studies      *Nordic, Central, and Southeastern Europe 2024-2025* Bojka Djukanovic, 2024-07-08 The World Today Series Nordic Central and Southeastern Europe is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is organized by individual chapters for each country and presents a complete and authoritative overview of each region s geography people history political system constitution parliament parties political leaders and elections The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 23rd edition the content is thorough yet perfect for a one semester introductory course or general library reference Available in both print and e book formats and priced low to fit student and library budgets      *Privatizing Poland* Elizabeth Cullen

Dunn, 2015-09-25 The transition from socialism in Eastern Europe is not an isolated event but part of a larger shift in world capitalism the transition from Fordism to flexible or neoliberal capitalism Using a blend of ethnography and economic geography Elizabeth C Dunn shows how management technologies like niche marketing accounting audit and standardization make up flexible capitalism s unique form of labor discipline This new form of management constitutes some workers as self auditing self regulating actors who are disembedded from a social context while defining others as too entwined in social relations and unable to self manage Privatizing Poland examines the effects privatization has on workers

self concepts how changes in personhood relate to economic and political transitions and how globalization and foreign capital investment affect Eastern Europe's integration into the world economy Dunn investigates these topics through a study of workers and changing management techniques at the Alima Gerber factory in Rzesz w Poland formerly a state owned enterprise which was privatized by the Gerber Products Company of Fremont Michigan Alima Gerber instituted rigid quality control job evaluation and training methods and developed sophisticated distribution techniques The core principle underlying these goals and strategies the author finds is the belief that in order to produce goods for a capitalist market workers for a capitalist enterprise must also be produced Working side by side with Alima Gerber employees Dunn saw firsthand how the new techniques attempted to change not only the organization of production but also the workers identities Her seamless engaging narrative shows how the employees resisted redefined and negotiated work processes for themselves

Slovakia Since Independence Minton F. Goldman, 1999-01-30 Since becoming an independent country after its split from Czechoslovakia in January 1993 Slovakia's development from communism to political and economic democracy underway when it was part of post Communist Czechoslovakia has been difficult and halting Goldman starts with an analysis of the influence of a strong ethnic based nationalism on Slovak relations with Czechs from 1918 through the Second World War and the years of Communist rule through to the breakaway from Czechoslovakia and the creation of an independent state Goldman then examines the political economic socio cultural problems and international difficulties the new Slovak state experienced as it tried to develop a democratic political system move toward a free market economy achieve societal unity and cohesion and protect its interests abroad In showing how a strong Slovak nationalism rooted in recent history has had an impact on policymaking in almost every sphere of national life Goldman examines the roots and causes of Prime Minister Meciar's authoritarian leadership the halting and uncertain transformation of the Slovak economy to a free market the difficulties of governing the country's minorities and the development of new relationships with areas of strategic as well as economic importance to Slovakia's well being as an independent state This comprehensive and up to date analysis will be of great importance to scholars students and other researchers involved with Eastern European Studies Management in

Transitional Economies Malcolm Warner, 2005 This is a comparative study examining the past present and future of management in the transitional economies of East and Central Europe Russia the People's Republic of China and Vietnam

**The Privatization Challenge** Pierre Guislain, 1997 analisa os aspectos legais e institucionais e apresenta uma lista com a legisla o sobre privatiza o em 112 paises **Parameters** , 1994 Strategic Management Michael A. Hitt, 2002 Strategic Management Competitiveness and Globalization Cases 4th Canadian edition consists of 32 cases representing a variety of strategy topics and types of firms and industries The authors have meticulously reviewed hundreds of cases to ensure that the strategic management issues included in the cases yield a rich set of learning experiences for those performing case analyses **Case Research Journal** , 1996 *Monthly Bibliography* United Nations Library (Geneva, Switzerland), 1994
