Managing Monsters Six Myths Of Our Time The 1994 Reith Lectures:

Managing Monsters Marina Warner, 1994 Marina Warner's 1994 Reith Lectures in which she offered a definition of myth and its many contemporary faces exploring the monster children mothers strangers and the idea of home Childhood in the Contemporary English Novel Sandra Dinter, 2019-10-10 Since the 1980s novels about childhood for adults have been a booming genre within the contemporary British literary market Childhood in the Contemporary English Novel offers the first comprehensive study of this literary trend Assembling analyses of key works by Ian McEwan Doris Lessing P D James Nick Hornby Sarah Moss and Stephen Kelman and situating them in their cultural and political contexts Sandra Dinter uncovers both the reasons for the current popularity of such fiction and the theoretical shift that distinguishes it from earlier literary epochs The book's central argument is that the contemporary English novel draws on the constructivist paradigm shift that revolutionised the academic study of childhood several decades ago Contemporary works of fiction Dinter argues depart from the notion of childhood as a naturally given phase of life and examine the agent's interests and conflicts involved in its cultural production Dinter also considers the limits of this new theoretical impetus observing that authors and scholars alike even when they claim to conceive of childhood as a construct do not always give up on the idea of its natural core Accordingly this book reconstructs how the English novel between the 1980s and the 2010s oscillates between an acknowledgment of constructivism and an endorsement of childhood as the last irrevocable quintessence of humanity In doing so it successfully extends the literary and cultural history of childhood to the immediate present **Exploring Urban Youth Culture Outside of the Gang Paradigm** Jade Levell, Tara Young, Rod Earle, 2025-03-18 On road is a complex term used by young people to describe street-based subculture and a general way of being Featuring the voices of young people this collection explores how race class and gender dynamics shape this aspect of youth culture With young people on road often becoming criminalised due to interlocking structural inequalities this book looks beyond concerns about gangs and presents empirical research from scholars and activists who work with and study the social lives of young people It addresses the concerns of practitioners policy makers and scholars by analysing aspects and misinterpretations of the shifting realities of young people's urban life **Girls, Boys, Books, Toys** Beverly Lyon Clark, Margaret R. Higonnet bring together twenty-two scholars to look closely at the complexities of children's culture Girls Boys Books Toys asks questions about how the gender symbolism of children's culture is constructed and resisted What happens when women rewrite or illustrate nursery rhymes adventure stories and fairy tales told by men How do the socially scripted plots for boys and girls change through time and across cultures Have critics been blind to what women write about masculine topics Can animal tales or doll stories displace tired commonplaces about gender race and class Can different critical approaches new historicism narratology or

Contemporary Italian Women Writers and Traces of the Fantastic Danielle Hipkins, 2017-12-02 Contemporary fantastic fiction particularly that written by women often challenges traditional literary practice At the same time the predominantly male authored canon of fantastic literature offers a problematic range of gender stereotypes for female authors to re write Fantastic tropes of space in particular enable three important contemporary Italian female writers Paola Capriolo b 1962 Francesca Duranti b 1935 and Rossana Ombres b 1931 to encounter and counter anxieties about writing from the female subject All three writers begin by exploring the hermetic fantastic space of enclosure with a critical or troubled eye but eventually opt for wider national and often international spaces in which only a fantastic trace remains This shift mirrors their own increasingly confident distance from male authored literary models and demonstrates the creative input that these writers bring to the literary canon by redefining its generic boundaries

Potent Fictions Mary Hilton, 2012-11-12 Today s children spend more time than ever before watching television playing computer games and reading comic and pulp fiction Many of these are directly designed by the toy and media industry Are children therefore simply being manipulated There is widespread concern that because of these kinds of popular fiction children do not read quality literature resulting in lower standards of

literacy There is also the further fear that because many of these popular media portray highly stereotyped gendered images this too will have a damaging effect on children Mary Hilton's fascinating book proves that there is another side to the argument We do not have to view popular culture as a threat to our children or their education The writers of this collection show how used carefully alongside other types of literature popular culture can actually help teachers to develop literacy in a broad and positive sense
