Managing Teacher Workload:

Managing Teacher Workload Sara Bubb, 2004 This book deserves to be the standard introduction to teachers' abilities to achieve a work life balance. It reflects the challenges and the changes facing teachers dealing effectively with both the big picture and the fine details that matter most. Dr Mary Bousted General Secretary Association of Teachers and Lecturers

Managing Teacher Workload Sara Bubb, Peter Earley, 2004-09-27 By showing you what you can do to assess, manage and reduce the time you spend on school work, this book will help you achieve a better work life balance. *Managing Teacher Workload: A Whole-School Approach to Finding the Balance* Nansi Ellis, 2016-08-30 It is acknowledged that the quality of teaching is the critical factor in raising standards of learning. And yet teachers' workload has rocketed in recent years, leaving morale for many at rock bottom. Recent DfE analysis shows that primary teachers work around 60 hours a week and school leaders even longer. This is not sustainable. Teachers need an end to excessive working hours. Edited by Nansi Ellis, assistant general secretary at leading teaching union ATL. **Managing Teacher Workload** brings together leading educationalists to discuss real practical ways to solve the biggest problem in the profession. Contributors include Mary Bousted, General Secretary ATL; Emma Knights, Chief Executive of the National Governors' Association (NGA); Heath Monk, Executive Director of the Schools of King Edward VI in Birmingham; former CEO of the Future Leaders Trust, Julian Stanley; chief executive, Education Support Partnership, Mary Myatt; Joe Pardoe, Lee Card, Toby French, Judith Vaughan, Collette Bradford. **Managing Teachers as Professionals in Schools** Hugh Busher, Rene Saran, 2013-04-15 This text examines the challenges facing education managers as the introduction of the National Curriculum, a number of Education Acts and the reorganization of management have altered the concepts of teacher professionalism and their statutory duties. *Managing Teacher Workload* Nansi Ellis, 2016 **The Headteacher's Handbook** Rae Snape, 2021-08-05 This must-read guide to

being a primary headteacher is filled with practical guidance, tips and advice on all aspects of headship to support and inspire new current and aspiring headteachers. Written by a headteacher with over 14 years' experience at the helm, *The Headteacher's Handbook* is the indispensable manual to understanding the role as both an instructional coach and community leader. With a kind and compassionate tone, Rae Snape presents invaluable advice, models, research, motivational quotes and self-reflection questions on a wealth of topics. This includes developing and communicating the vision for your school, building a staff team, handling an Ofsted inspection, ensuring inclusion, equality and diversity in your setting, curriculum and assessment design, managing the day-to-day, the finances, health and safety, behaviour and everything in between. The book features examples from Rae's own experiences as well as contributions from some of the most influential and forward-thinking school leaders today, including Dr Kulvarn Atwal, Mary Myatt, Remi Atoyebi, Paul Dix and Christalla Jamil. Also featuring a foreword by Professor Dame Alison Peacock, CEO of the Chartered College of Teaching, and Sir David Carter's popular framework, *First 100 Days in Headship*, *The Headteacher's Handbook* is a compendium of all you need to excel as a headteacher. **Stress**

Management for Teachers Elizabeth Hartney, 2008-04-22 Teaching has long been recognised by researchers as one of the most stressful professions. However, only in recent years has the scale of occupational stress faced by teachers finally been addressed by government policy. In this ground-breaking book, Elizabeth Hartney provides readers with a basic understanding of stress in the context of teaching in schools and its effects on personal and professional well-being. Drawing on recent research into stress in teachers, the latest political changes affecting teachers, and stress management effectiveness, she suggests a wide range of strategies and an exhaustive and up-to-date list of resources to assist teachers and trainees in coping with all manners of stress, from stress in the classroom and the requirements of administration to career development and coping with difficult people. *Leading & Managing Continuing Professional Development* Sara Bubb, Peter Earley, 2007-09-25 Praise for the first edition: Peter Earley and Sara Bubb bring together in a very accessible way theoretical and practical aspects of CPD and suggest how leadership and management can be applied in this vital area of staff development. This book will help co-ordinators and school leaders to develop their most important resource: the people who work with the children. Richard Stainton, *Education Journal*. The most obvious target user for the book is the not rare person suddenly hoist with the staff development responsibility. Petard, but thoughtfully used, most staffrooms will include several people who could benefit from thinking about its contents and putting some of the ideas into practice. British Journal of Educational Technology. This book is a welcome and practical guide to the wealth of publications on Continuing Professional Development. It makes an excellent contribution to the current and widening debate on the nature of Continuing Professional Development. For School Leadership Teams, it is an essential resource and reference for the managing of professional development and learning. It also serves as an excellent practical guide and CPD coordinators reading this book will find themselves questioning and, as a result, developing their own practice. The book is written in accessible language using believable case studies to illustrate the wealth of research that has been carried out. The deeply embedded notion among some teachers that professional development consists of the one-day course is challenged and the reader is left in no doubt as to the range of opportunities that exist and need for them to be harnessed in order to ensure school improvement. The book will surely act as a catalyst for the review and development of CPD in schools. Stephen Merrill, *Edge Hill College of Higher Education*. British Journal of In-Service Education.
