

Mandala Oracle

A vibrant, multi-colored mandala serves as the background. It features concentric rings of blue, red, yellow, and green. In the center is a silver, reflective sphere. Radiating from this sphere are thin, light-colored lines that connect to small, yellow-outlined circular dots arranged in a circular pattern around the center. The entire image is framed by a blue border with a subtle geometric pattern.

Number and Time Marie-Louise Von Franz, Ernst Klett Verlag, 1974 C G Jung's work in his later years suggested that the seemingly divergent sciences of psychology and modern physics might in fact be approaching a unified world model in which the dualism of matter and psyche would be resolved Jung believed that the natural integers are the archetypal patterns that regulate the unitary realm of psyche and matter and that number serves as a special instrument for man's becoming conscious of this unity Written in a clear style and replete with illustrations which help make the mathematical ideas visible Number and Time is a piece of original scholarship which introduces a view of how mind connects with matter at the most fundamental level
