Manera De Una Psique Sin Cuerpo:

Manera de una psique sin cuerpo Macedonio Fernández, 1973 This Craft of Verse Jorge Luis Borges, 2025 Through a twist of fate that the author of Labyrinths himself would have relished these lost lectures given in English at Harvard in 1967 1968 by Jorge Luis Borges return to us now a recovered tale of a life long love affair with literature and the English language Transcribed from tapes only recently discovered This Craft of Verse captures the cadences candor wit and remarkable erudition of one of the most extraordinary and enduring literary voices of the twentieth century In its wide ranging commentary and exquisite insights the book stands as a deeply personal yet far reaching introduction to the pleasures of the word and as a first hand testimony to the life of literature Though his avowed topic is poetry Borges explores subjects ranging from prose forms especially the novel literary history and translation theory to philosophical aspects of literature in particular and communication in general Probably the best read citizen of the globe in his day he draws on a wealth of examples from literature in modern and medieval English Spanish French Italian German Greek Latin Arabic Hebrew and Chinese speaking with characteristic eloquence on Plato the Norse kenningar Byron Poe Chesterton Joyce and Frost as well as on translations of Homer the Bible and the Rub ay t of Omar Khayy m Whether discussing metaphor epic poetry the origins of verse poetic meaning or his own poetic creed Borges gives a performance as entertaining as it is intellectually engaging A lesson in the love of literature and in the making of a unique literary sensibility this is a sustained encounter with one of the writers by whom the twentieth century will be long remembered Spaces of Madness Eunice Rojas, 2014-12-17 Spaces of Madness examines the role of the insane asylum in Argentine prose works published between 1889 and 2011 From a place of existential exile at the turn of the twentieth century to a symbolic representation of Argentine society during and immediately subsequent to the Dirty War the figure of the asylum in Argentine literature has evolved along with the institution itself The authors studied in Spaces of Madness include Manuel T Podest Roberto Arlt Leopoldo Marechal Julio Cort zar Adolfo Bioy Casares Juan Jos Saer Abelardo Castillo Ricardo Piglia and Luisa Valenzuela **Los tigres del miedo** Enrique Flores, 2004 *La apuesta ética/estética de Lacan* Guillermo Belaga, 2022-07-28 En este libro Guillermo Belaga aborda la tem tica de la creaci n en el arte desde su doble pertenencia psicoanalista y artista pl stico para con la ense anza de Jacques Lacan y Jacques Alain Miller dar cuenta de la frase del mismo Lacan que inicia estas palabras As pensando y articulando la pareja creaci n s ntoma se alude tambi n al paralelismo entre histeria neurosis obsesiva y paranoia con los tres t rminos de la sublimaci n el arte la religi n la evitaci n del vac o y la ciencia el rechazo del vac o Y es justamente este concepto el que interesa situar en el centro de las consideraciones y preguntas la sublimaci n en referencia a la Cosa Destaca por otro lado la doble escansi n presente en Lacan respecto a que la historia de las artes las artes del vac o y las artes de la anamorfosis y esos juegos de la forma que remiten al barroco Dem s est recordar las referencias al vac o y a la anamorfosis presentes en los testimonios del pase donde para el autor se juega la apuesta tica est tica del psicoan lisis que

da t tulo a este libro una pol tica del s ntoma que encarna el encuentro de una narraci n de un estilo de vida que incluye el inventarse una relaci n con los otros seg n los l mites del fantasma particular inscripto en lo real Son los artistas los que orientan al psicoan lisis en la tarea de iluminar ese encuentro entre s ntoma y creaci n que el recorrido de este libro indaga articulando la creaci n art stica con aquellos conceptos caros al psicoan lisis el s ntoma la sublimaci n las estructuras cl nicas y el pase
