Manet and the Family Romance Nancy Locke, 2001
 Édouard Manet's paintings have long been recognized for being visually compelling and uniquely recalcitrant. While critics have noted the presence of family members and intimates in paintings such as *Le Déjeuner sur l'herbe*, Nancy Locke takes an unprecedented look at the significance of the artist's family relationships for his art. Locke argues that a kind of mythology of the family or Freudian family romance frequently structures Manet's compositional decisions and choice of models. By looking at the representation of the family as a volatile mechanism for the development of sexuality and of repression, conflict and desire, Locke brings powerful new interpretations to some of Manet's most complex works. Locke considers, for example, the impact of a father-son drama rooted in a closely guarded family secret: the adultery of Manet's father and the status of Léon Leenhoff. Her nuanced exploration of the implications of this story that Manet in fact married his father's mistress makes us look afresh at even well-known paintings such as *Olympia*. This book sheds new light on Manet's infamous interest in gypsies, street musicians and itinerants as Locke analyzes the activities of Manet's father as a civil judge. She also reexamines the close friendship between Manet and the Impressionist painter Berthe Morisot, who married Manet's brother. Morisot becomes the subject of a series of meditations on the elusiveness of the self, the transience of identity and conflicting concerns with appearances and respectability. **Manet and the Family Romance** offers an entirely new set of arguments about the cultural forces that shaped these alluring paintings.

Synopsis Criticorum aliorumque S[anctae] Scripturae interpretum ... Matthew Poole, 1678

Manet by Himself Édouard Manet, Juliet Wilson-Bareau, 2000 Widely recognised as the most influential artist of his generation and the leader of the group that became known as the Impressionists, this elegant Parisian from a conventional

background nonetheless expressed startlingly liberal views in such masterpieces as *DEJEUNER SUR L'HERBE* and *OLYMPIA*. Despite the furore over these paintings Manet continued to challenge the Salon with his warmly human models, fascinating compositions and inimitable use of colour. He continually insisted that his art had to be seen whole. In this unique volume the artist's previously unpublished letters and verbatim records of conversations are combined with almost 240 beautiful colour reproductions of his work. From an early age Manet revealed his powers of observation and his commitment to radical progressive views in his letters which convey the hopes and fears, the activities and amusements and the successes and disappointments of this most mercurial and influential of artists.
