Traditional Monster Imagery in Manga, Anime and Japanese Cinema Zília Papp, 2010-10-29

Traditional Monster Imagery in Manga Anime and Japanese Cinema builds on the earlier volume Anime and its Roots in Early Japanese Monster Art that aimed to position contemporary Japanese animation within a wider art historical context by tracing the development of monster representations in Edo and Meiji period art works and post war visual media While the previous volume concentrated on modern media representations this work focuses on how Western art historical concepts and methodology might be adapted when considering non Western works introducing traditional monster art in more detail

while also maintaining its links to post war animation sequential art and Japanese cinema The book aims at a general readership interested in Japanese art and media as well as graduate students who might be searching for a research model within the fields of Animation Studies Media Studies or Visual Communication Design

Japanese Media Cultures in Japan and Abroad: Transnational Consumption of Manga, Anime, and Media-Mixes Manuel

Hernández-Pérez,2019-06-24 In the last few decades Japanese popular culture productions have been consolidated as one of the most influential and profitable global industries As a creative industry Japanese Media Mixes generate multimillion dollar revenues being a product of international synergies and the natural appeal of the characters and stories The transnationalization of investment capital diversification of themes and sub genres underlying threat in the proliferation of illegal audiences development of internet streaming technologies and other new transformations in media mix based production models make the study of these products even more relevant today In this way manga Japanese comics anime Japanese animation and video games are not necessarily products designed for the national market More than ever it is necessary to reconcile national and transnational positions for the study of this cultural production The present volume includes contributions aligned to the analysis of Japanese popular culture flow from many perspectives cultural studies film comic studies sociology etc although we have emphasized the relationships between manga anime and international audiences The selected works include the following topics Studies on audiences national and transnational case studies Fandom production and Otaku culture Cross media and transmedia perspectives Theoretical perspectives on manga anime and media mixes
