Larissa Wodtke, Rhian E. Jones

Manic Street Preachers:

Manic Street Preachers, 1997 **Nailed to History: The Story of Manic Street Preachers** Martin Power, 2018-04-05 Manic Street Preachers have established themselves as one the UK's most enduring intelligent and credible rock groups but that quest for greatness has been a difficult sometimes torturous path a path which one of their number the gifted and troubled Richey Edwards abandoned for destinations still unknown Nailed To History traces the slow yet inexorable climb of the South Wales band from their 1980s glam punk origins critically derided as Generation Terrorists to their current position as respected art rock intellectuals a fact underlined by 2009's award winning *A Journal For Plague Lovers* This Omnibus Enhanced edition now includes a multimedia discography charting every album and single release the band has made through a timeline of music videos and album art Author Martin Power also examines the life and complex personality of Edwards whose highly politicised morally disquieting wordplay defined much of the Manics early appeal his personal demons writ large across 1994's dark masterwork *The Holy Bible* Edwards evermore extreme behaviour culminated in his sad strange disappearance in February 1995 A story of honour and enduring friendship of culture alienation boredom and despair Nailed To History examines the Manic Street Preachers musical output and the personalities that make them an enduring artistic and political force **Manic Street Preachers: In Their Own Words** Michael Heatley, 2012-04-10 Four volatile bursts of energy whose incendiary music and intelligent lyrics made them articulate spokesmen for a dissatisfied generation This is the band in their own words from their anarchic beginnings to their current mainstream success and life in the aftermath of guitarist Richey Edwards disappearance **Manic Street Preachers Songs** Irwin Alejos, 2021-08-11 Manic Street Preachers are a Welsh rock band formed in Blackwood in 1986 The band consists of cousins James Dean Bradfield and Sean Moore plus Nicky Wire They are often colloquially known as the Manics They form a key part of the 1990s Welsh Cool Cymru cultural movement The Manics as they're more fondly known have continued to bridge the gap of indie credibility with mainstream success never compromising on their need to fuse intelligence and political fire with a good pop hook and a face melting riff This book takes the reader on a chronological journey of the band's major successes their necessary failures and their highs and lows as a great Welsh rock band *168 Songs of Hatred and Failure* Keith Cameron, 2025-09-11 The story of Manic Street Preachers is unique in pop Raging out of the stricken mining communities of south Wales in the late 80s they were bonded by friendships family ties and a self-styled geometry of contempt whereby James Dean Bradfield and Sean Moore would orchestrate the daring intellectual broadsides written by Richey Edwards and Nicky Wire Seemingly condemned to mere cult status by a cruel juncture of artistic triumph commercial failure and personal despair the story took an agonising twist when the tragedy of Edwards 1995 disappearance was followed by a remarkable rebirth built upon *A Design For Life*'s hymn to the band's working class roots and then the award winning multi million selling album *Everything Must Go* a majestic soundtrack to history and loss Less than five years later Manic Street Preachers

played to 60 000 at the national stadium of Wales and had their second UK Number 1 single Subsequent output has confirmed the band as both a wellspring of restless creativity and a barometer of the cultural conversation Because it was music that saved them it s through the prism of their music that Keith Cameron tells the definitive history of Manic Street Preachers drawing on many hours of new interviews to dive deep into 168 songs from 1988 s debut single Suicide Alley to the late day peaks of 2025 s album Critical Thinking Writing with the band s full co operation his book charts the dynamic evolution of a universe in which Karl Marx and Kylie Minogue happily co exist that accords Rush and The Clash equal favour and where Morrissey Marr meet Torvill Dean via Nietzsche and New Order in a single four minute pop song all in the name of what Nicky Wire himself calls the fabulous disaster of Manic Street Preachers

Manic Street Preachers' The Holy Bible David Evans,2019-05-16 In August 1994 Manic Street Preachers released The Holy Bible a dark fiercely intelligent album that explored such themes as mental illness murder and war Richey Edwards the band s lyricist and motive force vanished five months later he was never found In his absence The Holy Bible entered the rock canon alongside Joy Division s Closer and Nirvana s In Utero the valedictory works of troubled young men This book tells the dramatic story of Manic Street Preachers masterpiece Tracing the album s origins in the Valleys an industrialised region of South Wales where the band spent their formative years the author argues that The Holy Bible can be seen as a meditation on the uses and abuses of history

Manic Street Preachers Marc Burrows,2021-12-08 In a career that s spanned thirty five years and generated fourteen albums fifty three singles two of them UK number ones four Brit Awards two Ivor Novellas and inspired literally hundreds of university dissertations quite a few PhD s and the odd specialist subject on Mastermind Manic Street Preachers have become in the words of their 2011 singles collection national treasures The Welsh trio who to many will always be a quartet have a uniquely intense impact on their fans educating them as much as they entertain and inspire This book collects fourteen brand new essays one for each Manics album from fourteen different writers from diverse backgrounds tracing the band s impact on fans and culture and setting each of their works from 1992 s Generation Terrorists to 2018 s Resistance Is Futile and beyond into context The essays are linked by a detailed month by month biography by music critic and Manics fan Marc Burrows The Guardian The Quietus Drowned In Sound who compiled and edited the book tracing the band s development from glamourpuss upstart intellectuals to the elder statesmen of British indie rock via an era defining run of hits an historic trip to Cuba and one vanished genius Manic Street Preachers Album by Album includes a complete discography and is sourced from in depth archival research making it one of the most comprehensive and detailed works devoted to the band yet compiled

Manic Street Preachers Nick Wise,1997 This biography tells of the Manic Street Preachers rise to fame It examines the bands mixture of political statements and rock that earned them a following that grew and grew Richey and his mental illness and disappearance and how they carried on with the successful album Everything Must Go
