Manichaeen Body In Discipline And Ritual:

The Manichaeen Body Jason David BeDuhn, 2002-08-23 Award for the Best First Book in the History of Religions from the American Academy of Religion Reconstructing Manichaeism from scraps of ancient texts and the ungenerous polemic of its enemies such as the ex Manichaeen Augustine of Hippo BeDuhn reveals for the first time the religion as it was actually practiced He describes the Manichaeans daily ritual meal their stringent disciplinary codes intended to prevent humans from harming plants and animals and their secretive religious procedures designed to transform the cosmos and bring about the salvation of all living beings Overturning long held assumptions about Manichaeen dualism asceticism spirituality and the pursuit of salvation The Manichaeen Body changes completely how we look at this ancient religion and the environment in which Christianity arose BeDuhn s conclusions revolutionize our understanding of the Manichaeans clearly distinguishing them from Gnostics and other early Christian heretics and revealing them to be practitioners of a unique world religion

Augustine and the Cure of Souls Paul R. Kolbet, 2009-11-15 Augustine and the Cure of Souls situates Augustine within the ancient philosophical tradition of using words to order emotions Paul Kolbet uncovers a profound continuity in Augustine s thought from his earliest pre baptismal writings to his final acts as bishop revealing a man deeply indebted to the Roman past and yet distinctly Christian Rather than supplanting his classical learning Augustine s Christianity reinvigorated precisely those elements of Roman wisdom that he believed were slipping into decadence In particular Kolbet addresses the manner in which Augustine not only used classical rhetorical theory to express his theological vision but also infused it with theological content This book offers a fresh reading of Augustine s writings particularly his numerous though often neglected sermons and provides an accessible point of entry into the great North African bishop s life and thought

Augustine and the Jews Paula Fredriksen, 2010-10-12 In

Augustine and the Jews Fredriksen draws us into the life times and thought of Augustine of Hippo 396 430 Focusing on the period of astounding creativity that led to his new understanding of Paul and to his great classic *The Confessions* she shows how Augustine's struggle to read the Bible led him to a new theological vision one that countered the anti Judaism not only of his Manichaean opponents but also of his own church The Christian Empire Augustine held was right to ban paganism and to coerce heretics But the source of ancient Jewish scripture and current Jewish practice he argued was the very same as that of the New Testament and of the church namely God himself Accordingly he urged Jews were to be left alone Conceived as a vividly original way to defend Christian ideas about Jesus and about the Old Testament Augustine's theological innovation survived the collapse of the Western Roman Empire and it ultimately served to protect Jewish lives against the brutality of medieval crusades Augustine and the Jews sheds new light on the origins of Christian anti Semitism and through Augustine opens a path toward better understanding between two of the world's great religions *Clothed in the Body* Hannah Hunt,2016-05-23 Hunt examines the apparent paradox that Jesus earthly existence and post resurrection appearances are experienced through consummately physical actions and attributes yet some ascetics within the Christian tradition appear to seek to deny the value of the human body to find it deadening of spiritual life Hunt considers why the Christian tradition as a whole has rarely managed more than an uneasy truce between the physical and the spiritual aspects of the human person Why is it that the Church has energetically argued through centuries of ecumenical councils for the dual nature of Christ but seems still unwilling to accept the full integration of physical and spiritual within humanity despite Gregory of Nazianzus's comment that what has not been assumed has not been redeemed *Sinews of Empire* Eivind Seland,Hakon Teigon,2017-06-30 A recent surge of interest in network approaches to the study of the ancient world has enabled scholars of the Roman Empire to move beyond traditional narratives of domination resistance integration and fragmentation This relational turn has not only offers tools to identify map visualize and in some cases even quantify interaction based on a variety of ancient source material but also provides a terminology to deal with the everyday ties of power trade and ideology that operated within below and beyond the superstructure of imperial rule Thirteen contributions employ a range of quantitative qualitative and descriptive network approaches in order to provide new perspectives on trade communication administration technology religion and municipal life in the Roman Near East and adjacent regions *Mani's Pictures* Zsuzsanna Gulácsi,2016-04-18 The founder of Manichaeism Mani 216 274 277 CE not only wrote down his teachings to prevent their adulteration but also created a set of paintings the Book of Pictures to be used in the context of oral instruction That pictorial handscroll and its later editions became canonical art for Mani's followers for a millennium afterwards This richly illustrated study systematically explores the artistic culture of religious instruction of the Manichaeans based on textual and artistic evidence It discusses the doctrinal themes soteriology prophetology theology and cosmology depicted in Mani's canonical pictures Moreover it identifies 10th century fragments of canonical picture books as well as select didactic

Religion and Identity in South Asia and Beyond Steven E. Lindquist, 2013-12-01 This volume brings together sixteen articles on the religions literatures and histories of South and Central Asia in tribute to Patrick Olivelle one of North America's leading Sanskritists and historians of early India Over the last four decades the focus of his scholarship has been on the ascetic and legal traditions of India but his work as both a researcher and a teacher extends beyond early Indian religion and literature Religion and Identity and South Asia and Beyond is a testament to that influence The contributions in this volume many by former students of Olivelle are committed to linguistic and historical rigor combined with sensitivity to how the study of Asia has been changing over the last several decades

Leo the Great and the Spiritual Rebuilding of a Universal Rome Susan Wessel, 2008-11-30 Leo the Great was a major figure of the late Roman world whose life and work were profoundly intertwined with the political crisis of his day As the western empire gradually succumbed to the advancing barbarian kingdoms Leo understood that the papacy needed to expand its authority in order for the church to survive the demise of the political system This book argues that his achievement was to transform the church not only in the practical level of administrative organization but in the more fluid realm of thought and idea The secular Rome that was crumbling was replaced with a Christian universal Rome that he fashioned by infusing his theology with humanitarian ideals

Manichaeism Nicholas J. Baker-Brian, 2011-02-17 This is the first general comprehensive introduction to Manichaeism aimed at a non-specialist and undergraduate readership This study will be a historical and theological introduction to Manichaeism It will comprise a biographical treatment of the founder Mani situating his personality his writings and his

ideas within the Aramaic Christian tradition of third century CE Mesopotamia It will provide a historical treatment of the Manichaean church in late antiquity 250 700 CE detailing the emergence of Manichaeism in the late Roman and Byzantine empires in addition to examining the continuation of Manichaean traditions in the eastern world China up to the thirteenth century and beyond The book will consider the theology of Mani's system with the aim of providing a clear-eyed treatment of the cosmogonic scriptural and ecclesiological ideas forming its foundations The study will base its analysis on original Manichaean literary sources together with rehabilitating the representation of Manichaeism in those writings that polemicised against the religion The study will aim to demonstrate the highly syncretic nature of Manichaeism and will look to move forward traditional perceptions of the religion as being simply a form of Christian Gnostic Dualism *Heresy and Identity in Late Antiquity* Eduard Iricinschi, Holger M. Zellentin, 2008 The papers collected in this volume shift the focus away from heretics and heresy to heresiological discourse by contextualizing the late antique Jewish and Christian groups that produced our extant literature The contributors to the volume draw from multiple literary corpora and genres bringing a variety of late antique perspective to explore the discursive construction of the Other They unravel ethnic identities and re-create the multiple voices textured in the dialogue between the orthodox and heretical writers **BOOK JACKET** **Virtuous Bodies** Susanne Mrozik, 2007-07-20 *Virtuous Bodies* breaks new ground in the field of Buddhist ethics by investigating the diverse roles bodies play in ethical development Traditionally Buddhists assumed a close connection between body and morality Thus Buddhist literature contains descriptions of living beings that stink with sin are disfigured by vices or are perfumed and adorned with virtues Taking an influential early medieval Indian Mahayana Buddhist text *Santideva's Compendium of Training* *Sikṣaśamuccaya* as a case study Susanne Mrozik demonstrates that Buddhists regarded ethical development as a process of physical and moral transformation Mrozik chooses *The Compendium of Training* because it quotes from over one hundred Buddhist scriptures allowing her to reveal a broader Buddhist interest in the ethical significance of bodies The text is a training manual for bodhisattvas especially monastic bodhisattvas In it bodies function as markers of and conditions for one's own ethical development Most strikingly bodies also function as instruments for the ethical development of others When living beings come into contact with the virtuous bodies of bodhisattvas they are transformed physically and morally for the better *Virtuous Bodies* explores both the centrality of bodies to the bodhisattva ideal and the corporeal specificity of that ideal Arguing that the bodhisattva ideal is an embodied ethical ideal Mrozik poses an array of fascinating questions What does virtue look like What kinds of physical features constitute virtuous bodies What kinds of bodies have virtuous effects on others Drawing on a range of contemporary theorists this book engages in a feminist hermeneutics of recovery and suspicion in order to explore the ethical resources Buddhism offers to scholars and religious practitioners interested in the embodied nature of ethical ideals *Religion and Retributive Logic* Carole M. Cusack, Christopher Hartney, 2010 Garry Winston Trompf b 1940 in his outstanding academic career has inspired scholars in

the fields of Studies in Religion and the History of Ideas In this volume his colleagues and students critique and expand upon the world of this outstanding academic The book is divided into four parts Melanesia Ancient World Studies Philosophical and Methodological Considerations and Historiography Authors address Trompf's research in works such as *The Idea of Historical Recurrence in Western Thought* Early Christian Historiography and themes of Melanesian religion that Trompf address in *Payback* No study in the religions of Oceania or ideas of millennialism should ignore this critical assessment of Garry Trompf's work ***Formations of Belief*** Philip Nord, Katja Guenther, Max Weiss, 2019-09-17 For decades scholars and public intellectuals have been predicting the demise of religion in the face of secularization Yet religion is undergoing an unprecedented resurgence in modern life and secularization no longer appears so inevitable *Formations of Belief* brings together many of today's leading historians to shed critical light on secularism's origins its present crisis and whether it is as antithetical to religion as it is so often made out to be *Formations of Belief* offers a more nuanced understanding of the origins of secularist thought demonstrating how Reformed Christianity and the Enlightenment were not the sole vessels of a worldview based on rationalism and individual autonomy Taking readers from late antiquity to the contemporary era the contributors show how secularism itself can be a form of belief and yet how its crisis today has been brought on by its apparent incapacity to satisfy people's spiritual needs They explore the rise of the humanistic study of religion in Europe Jewish messianism atheism and last rites in the Soviet Union the cult of the saints in colonial Mexico religious minorities and Islamic identity in Pakistan the neuroscience of religion and more Based on the Shelby Cullom Davis Center Seminars at Princeton University this incisive book features illuminating essays by Peter Brown Yaacov Dweck Peter E Gordon Anthony Grafton Brad S Gregory Stefania Pastore Caterina Pizzigoni Victoria Smolkin Max Weiss and Muhammad Qasim Zaman
