Manifesto Of Entrepreneurial Democracies:

The Manifesto of Entrepreneurial Democracies Alexandre Raab, 1989 *Transformative Researchers and Educators for Democracy* João M. Paraskeva, Thad LaVallee, 2015-02-27

The 2012 Critical Transformative Educational Leadership and Policy Annual Conference hosted by the University of Massachusetts Dartmouth met head on with issues of neoliberalism educational democracy cultural politics public education and seeing teachers and administrators as critical transformational leaders This book is a collection of the highlights of that conference that addresses these arenas of debate from the presentations of Deborah Meier Ken Saltman Clyde Barrow and Joao Rosa among others to the works of emerging academics and intellectuals in the field of education The book to serve as an antidote to such ill informed thinking before it becomes a part of the cultural commonsense much the way the manufactured realities of high stakes testing standardization and police guarded schools have become normative It is urgent to learn to accurately read reality in a world in which language and discourse are being resignified to confuse people and turn reality into a board game a world which large corporations and global financial powers play the role of the old mythological gods creators of dogmas and flamboyant realities that they want us to submit and worship This volume is an outcome of an important political critical transformative pedagogical project that challenges the lethal consequences of the impact of neoliberal policies in education We need to welcome Paraskeva and LaVallee s contribution since it offers a crucial tool to help us articulate accurately a critical diagnosis as well as solutions for a more just and democratic public education that cultivates humanity Jurjo Torres Santom University of Corunha Spain This new collection Transformative Researchers and Educators for Democracy Dartmouth Dialogues is one of the most impressive outcomes of a critical transformative program at the University of Massachusetts Dartmouth Jo o M Paraskeva and Thad LaVallee provide their readers with a careful selection of chapters that explore the idea of critical and transformative leadership for a democratic conception of education focusing on a range of related themes in understanding the dimensions of cultural and organizational change A crucial volume focusing on aspects of the critique of neoliberal globalization in education and a needed book that insightfully combines critique and robust analysis with a utopian and positive agenda for critical transformation Michael A Peters University of Waikato NZ and University of Illinois Urbana Champaign USA This edited volume is the result of an amazing critical transformative program in educational leadership and policy studies chaired by Jo o M Paraskeva Paraskeva and LaVallee produced an important contribution to a timely topic that provides clear evidences that the free market model of education it is not a hope for good public education This book is not only important to US educators but it is really crucial for educators all over the world What is analyzed in this book is taking place in Europe Asia Latin America Africa and the Middle East Alvaro Moreira Hypolito University Federal de Pelotas Brasil **Comparing New Democracies** Enrique A. Baloyra, 2019-04-09 The transition to democracy has been a significant trend in Mediterranean Europe and Latin America during the last ten years This book presents comparative analyses that offer a

theoretical synthesis of the dynamics of recent democratization processes on both sides of the Atlantic The contributors argue that transition is a response to fundamental

The Entrepreneurial Imperative Carl J. Schramm, PhD, 2013-02-26 In 2004 Carl Schramm president of the Kauffman Foundation the world's leading foundation for entrepreneurship published a groundbreaking essay with a radical premise that Americans literally have no conception of the secret that truly underlies our economic success and that for the United States to survive and continue to lead the world's economy it is imperative we learn to understand and employ that secret The secret that has led the American economy to become the world's strongest Our unparalleled skill as entrepreneurs As Schramm compellingly shows in this sweeping manifesto entrepreneurship alone not anything else can give America the necessary leverage to remain an economic superpower Not technology since everyone now has the same technology or access to it Not education we are years behind other nations in this area Not basic manufacturing long since moved overseas from the United States And not capital markets now truly global entities Drawing on detailed research conducted by the Kauffman Foundation and on his decades of experience as an entrepreneur himself and as a leader and mentor to other entrepreneurs Schramm persuasively demonstrates in detail what this entrepreneurial imperative means for the way we run universities and foundations lead companies make personal job decisions and even conduct our foreign affairs The Entrepreneurial Imperative will change not only the way our government corporations and nonprofits operate but also our day to day lives as working Americans

Democracy as Problem Solving Xavier De Souza Briggs, 2008-07-18 Case studies from around the world and theoretical discussion show how the capacity to act collectively on local problems can be developed strengthening democracy while changing social and economic outcomes Complexity division mistrust and process paralysis can thwart leaders and others when they tackle local challenges In *Democracy as Problem Solving* Xavier de Souza Briggs

shows how civic capacity the capacity to create and sustain smart collective action can be developed and used In an era of sharp debate over the conditions under which democracy can develop while broadening participation and building community Briggs argues that understanding and building civic capacity is crucial for strengthening governance and changing the state of the world in the process More than managing a contest among interest groups or spurring deliberation to reframe issues democracy can be what the public most desires a recipe for significant progress on important problems Briggs examines efforts in six cities in the United States Brazil India and South Africa that face the millennial challenges of rapid urban growth economic restructuring and investing in the next generation These challenges demand the engagement of government business and nongovernmental sectors And the keys to progress include the ability to combine learning and bargaining continuously forge multiple forms of accountability and find ways to leverage the capacity of the grassroots and what Briggs terms the grasstops regardless of who initiates change or who participates over time Civic capacity Briggs shows can and must be developed even in places that lack traditions of cooperative civic action

Dance of Democracy E Sudhakar,2023-08-31 This is a general narration of the entire drama of the elections in the largest democracy of the world India Being a slugfest intended to decide who should sit in the seat of power it attracts a lot of attention within

and outside the country and ropes in a number of enthusiastic actors big and small and rakes up a lot of din and dust throwing up money and material in the process The general elections are quinquennial affair in India and every time they are held they create a lot of commotion and hype throughout the country This time around i e in 2019 this battle of ballots provided a colourful intensely absorbing and juicy drama which was not witnessed on previous occasions with some exceptions There were many players in the arena with an ardent desire to seize power including the incumbent prime minister Mr Narendra Modi and others like Mamata Banerjee Mayawati K Chandrashekharao Sharad Pawar Arvind Kejriwal Deve Gowda and of course the Gandhi scion Rahul The array of the political stalwarts everyone having with an axe to grind and everyone exuding fierce instinct and confidence to fight the sworn enemy viz the Bharatiya Janata Party and its top leader and Prime Minister Narendra Modi made it a saga of grand proportions As every election brings some lessons messages and some experiences to guide the political leaders people and the scholars this story of 2019 elections is a piece of brief political history that can guide to assess the past and prove to be an instrument of reality check to the political parties its leaders and the people

The Workshop of Democracy James MacGregor Burns, 1985 **Political Entrepreneurship** Josef Lentsch, 2018-11-20 This book demonstrates how political entrepreneurs entrepreneurially minded citizens who launch innovative political start ups can drive political change Building on unique insights rich examples and personal stories of centrist political entrepreneurs distilled from 40 in depth interviews the author guides readers through key stages of political entrepreneurship and shows how to master them By equally highlighting successes and failures the book reveals how political entrepreneurs actually go about producing transformative political change In light of the populist challenge and the decline of traditional political parties the book also offers an entertaining backstage view and first hand insights into the successes of En Marche in France Ciudadanos in Spain NEOS in Austria and other centrist political startups It provides practical advice on how to learn from and replicate their successes Political practitioners and other politically interested readers will find a useful theory of Political Entrepreneurship what it is how it works and what its role is in 21st century democracies Most of all they will find essential reproducible tools and methods You have read a lot about startups in business but if you want to know how Silicon Valley style startups look in politics read this Its author is not only writing about political entrepreneurs he is one of them Ivan Krastev Chairman of the Centre for Liberal Strategies in Sofia and permanent Fellow at the Institute of Human Sciences in Vienna No one understands better what it takes to take a political start up from ideation to the parliament than Josef Lentsch In Political Entrepreneurship he combines first hand experience with a thoughtful review of what we know about entrepreneurship in the interest of society Johanna Mair Professor of Organization Strategy and Leadership at the Hertie School of Governance and Co Director Global Innovation for Impact Lab at Stanford University Josef Lentsch has produced a fascinating commanding guide to the new insurgent players shaking up traditional party systems and reinvigorating liberal politics Political Entrepreneurship is essential reading for anyone who wants to

understand today's fragmented and disrupted European politics and the European politics of the future

Jeremy Cliffe
 Charlemagne columnist The Economist The rarest of events has occurred a new political species has appeared in the European eco system the centrist political start up From Macron's En Marche in France to Spain's Ciudadanos a new type of political actor has emerged Few are better positioned to tell this Europe wide story than Josef Lentsch who has had a front seat view on this important political transformation that is shaking Europe A dramatic and important account Daniel Ziblatt
 Eaton Professor of Government Harvard University and co author of How Democracies Die A Practical Guide to Entrepreneurship Michael J Morris,2012-11-03 A Practical Guide to Entrepreneurship is a comprehensive framework for the study of entrepreneurship More than just another book on enterprise this is a step by step guide through the main issues faced by all new entrepreneurs including customers profits financial management raising finance law operations taxation employing staff managing risk developing the firm leadership and a systematic approach to growth The book is complemented by insightful practical features such as case studies exercises academic model summaries and tips to help students apply their understanding to the real world Developed from Kogan Page's successful and long running title Starting a Successful Business A Practical Guide to Entrepreneurship is intended for those taking courses in entrepreneurship who wish to study the subject academically whilst preparing a business plan for their own enterprise whether for academic or real world use or both A range of support materials for students and lecturers is available including over 350 PowerPoint slides covering the each chapter a business plan template instructors manual and budget figures **Democracy Challenged in the 2022 Presidential Succession in Kenya** Jeffrey Steeves,2023-09-04 This analysis of the 2022 presidential succession in Kenya examines the process evolution over time not just in the stages closest to the presidential election The live speeches statements press conferences and rallies of the key actors are featured and analysed carefully In Kenya major television stations and regional stations are highly developed and offer a wealth of research opportunities The book analyses the Roadside Rallies which are a unique feature of Kenyan political campaigns in the face of State repression An intense struggle took place leading up to the 2022 election What made this succession special was the determination of the incumbent president to shape the succession to his will In effect the 2022 succession revealed the fault lines in the Kenya political class and the lengths an incumbent will go to assert his dominance over the succession process The book explores the tools utilised by an Imperial President to circumvent legal and constitutional restrictions For those interested in democracy in Africa this study illustrates the very real barriers to its fulfillment **The American Experiment** James MacGregor Burns,2013-05-21 The Pulitzer Prize winning author's stunning trilogy of American history spanning the birth of the Constitution to the final days of the Cold War In these three volumes Pulitzer Prize and National Book Award winner James MacGregor Burns chronicles with depth and narrative panache the most significant cultural economic and political events of American history In The Vineyard of Liberty he combines the color and texture of early American life with meticulous scholarship Focusing on

the tensions leading up to the Civil War Burns brilliantly shows how Americans became divided over the meaning of Liberty In *The Workshop of Democracy* Burns explores more than a half century of dramatic growth and transformation of the American landscape through the addition of dozens of new states the shattering tragedy of the First World War the explosion of industry and in the end the emergence of the United States as a new global power And in *The Crosswinds of Freedom* Burns offers an articulate and incisive examination of the US during its rise to become the world's sole superpower through the Great Depression the Second World War the Cold War and the rapid pace of technological change that gave rise to the American Century

Democracy's Voices Robert M. Fishman, 2018-07-05 Building on one of sociology's core ideas that social ties can shape collective outcomes *Democracy's Voices* shows that connections across class boundaries can remake public rhetoric and thus the quality of democratic life Robert M. Fishman takes up a question of enduring significance to people concerned with the quality of democratic public life focusing on why political rhetoric proves engaging and broadly relevant or disengaging and narrow The answer to that question he argues is to be found not only in the deeds of prominent politicians and the nature of official institutions but also in the existence and the character of social connections among ordinary citizens Fishman's book based on long-term fieldwork and systematic survey research in Spain identifies the special contribution to democratic quality made by conversations between intellectuals and workers Fishman focuses on what he calls the discursive horizons of local leaders and communities the actual location of the problems and proposed remedies articulated in political rhetorics *Democracy's Voices* shows how the subcultural context of social ties may accentuate or diminish their power to reshape rhetorics Fishman argues that conversations are able to remake public rhetorics whereas ties that take the form of brokerage lack that ability The book also offers a general critique of social capital theory and argues that the full ability of social ties to shape collective outcomes can only be observed when one distinguishes in useful ways among types of ties

Billionaire Democracy George Tyler, 2018-01-30 This isn't your America No matter who the president is We're told that when we vote when we elect representatives we're gaining a voice in government and the policies it implements But if that's true why don't American politics actually translate our preferences into higher living standards for the majority of us The answer is that in America the wealthy few have built a system that works in their favor while maintaining the illusion of democracy The reality is that the quality of democracy in the United States is lower than in any other rich democracy on a par with nations such as Brazil or Turkey In the US voters have little influence on eventual policy outcomes engineered by lawmakers Political scientists call it the income bias and attribute it to the power of wealthy donors who favor wage suppression and cuts to important government programs such as public education and consumer protection It causes American lawmakers to compete to satisfy preferences of donors from the top one percent instead of the middle class It's also why our economy has been misfiring for most Americans for a generation wages stagnating and opportunity dwindling The election of Donald Trump shocked the world but for many Americans it came as a stark reflection

of mounting frustrations with our current system and anger at the status quo We need to find a way to fix the way our government serves us The only realistic pathway to improve middle class economics is for Congress and the Supreme Court to raise the quality of American democracy In Billionaire Democracy The Hijacking of the American Political System economist George R Tyler lays out the fundamental problems plaguing our democracy He explains how the American democratic system is rigged and how it has eroded the middle class providing an unflinching and honest comparison of the US government to peer democracies abroad He also breaks down where we fall short and how other rich democracies avoid the income bias created by the overwhelming role of money in US politics Finally Tyler outlines practical campaign finance reforms we can adopt when we finally focus on improving the political responsiveness of our government It s time for the people of this nation to demand a government that properly serves us the American people

The SAGE Handbook of Digital Journalism Tamara Witschge,C. W. Anderson,David Domingo,Alfred Hermida,2016-05-18 The production and consumption of news in the digital era is blurring the boundaries between professionals citizens and activists Actors producing information are multiplying but still media companies hold central position Journalism research faces important challenges to capture examine and understand the current news environment The SAGE Handbook of Digital Journalism starts from the pressing need for a thorough and bold debate to redefine the assumptions of research in the changing field of journalism The 38 chapters written by a team of global experts are organised into four key areas Section A Changing Contexts Section B News Practices in the Digital Era Section C Conceptualizations of Journalism Section D Research Strategies By addressing both institutional and non institutional news production and providing ample attention to the question who is a journalist and the changing practices of news audiences in the digital era this Handbook shapes the field and defines the roadmap for the research challenges that scholars will face in the coming decades

Science and Democracy Stephen Hilgartner,Clark Miller,Rob Hagendijk,2015-03-05 In the life sciences and beyond new developments in science and technology and the creation of new social orders go hand in hand In short science and society are simultaneously and reciprocally coproduced and changed Scientific research not only produces new knowledge and technological systems but also constitutes new forms of expertise and contributes to the emergence of new modes of living and new forms of exchange These dynamic processes are tightly connected to significant redistributions of wealth and power and they sometimes threaten and sometimes enhance democracy Understanding these phenomena poses important intellectual and normative challenges neither traditional social sciences nor prevailing modes of democratic governance have fully grappled with the deep and growing significance of knowledge making in twenty first century politics and markets Building on new work in science and technology studies STS this book advances the systematic analysis of the coproduction of knowledge and power in contemporary societies Using case studies in the new life sciences supplemented with cases on informatics and other topics such as climate science this book presents a theoretical framing of coproduction processes while also providing

detailed empirical analyses and nuanced comparative work *Science and Democracy Knowledge as Wealth and Power in the Biosciences and Beyond* will be interesting for students of sociology science technology studies history of science genetics political science and public administration *Democracy and Capitalism in Turkey* Devrim Adam Yavuz, 2023-02-23 While a positive correlation between capitalism and democracy has existed in Western Europe and North America the example of late industrializing nations such as Turkey has demonstrated that the two need not always go hand in hand and sometimes the interests of business coincide more firmly with anti democratic forces This book explores the factors that compelled capitalists in Turkey to adopt a more pro democratic ideology by examining a leading Turkish business lobby T SIAD which has been pushing for democratic reform since the 1990s despite representing some of the largest corporation owners in Turkey and having supported the state s authoritarian tendencies in the past such as the military coup of 1980 Drawing on roughly 70 interviews with influential members of T SIAD and individuals close to them the book reveals that business leaders were willing to break away from the state due to the conflict between their evolving economic needs and power with a political elite and state that were unwilling to cater to their demands In so doing the book provides a rich account of business state relations in Turkey as well as providing a case study for the wider study of democracy and capitalism in developing nations *The Rise of Entrepreneurial Parties in European Politics* Vít Hloušek, Lubomír Kopeček, Petra Vodová, 2020-04-21 Political parties run by entrepreneurs as a means to their own end are a recent phenomenon found in many countries and their electoral influence has never been greater This book offers a thorough comparative analysis of such business firm and sometimes oddly memberless parties in Western and East Central Europe assessing the considerable corpus of literature on the growing band of political entrepreneurs The book clearly separates such party enterprises from other more traditional political platforms as it contributes to our understanding of the potential of entrepreneurial parties The authors offer a unique typology based on two characteristics whether the party receives private financial media or other investment and the nature of its membership and territorial structure Famous examples of entrepreneurial parties including Silvio Berlusconi s Forza Italia and Geert Wilders s Party for Freedom alongside their lesser known counterparts serve in this book as valuable material for conceptual innovation and the investigation into why certain entrepreneurial party types succeed or fail
