*The Overland Monthly*, 1895      Men and Women of America, 1909      **True Sex** Emily Skidmore, 2019-08-15 Winner 2018 U S History PROSE Award The incredible stories of how trans men assimilated into mainstream communities in the late 1800s In 1883 Frank Dubois gained national attention for his life in Waupun Wisconsin There he was known as a hard working man married to a young woman named Gertrude Fuller What drew national attention to his seemingly unremarkable life was that he was revealed to be anatomically female Dubois fit so well within the small community that the townspeople only discovered his true sex when his former husband and their two children arrived in the town searching in desperation for their departed wife and mother At the turn of the twentieth century trans men were not necessarily urban rebels seeking to overturn stifling gender roles In fact they often sought to pass as conventional men choosing to live in small towns where they led ordinary lives aligning themselves with the expectations of their communities They were in a word unexceptional In **True Sex** Emily Skidmore uncovers the stories of eighteen trans men who lived in the United States between 1876 and 1936 Despite their unexceptional quality their lives are surprising and moving challenging much of what we think we know about queer history By tracing the narratives surrounding the moments of discovery in these communities from reports in local newspapers to medical journals and beyond this book challenges the assumption that the full story of modern American sexuality is told by cosmopolitan radicals Rather **True Sex** reveals complex narratives concerning rural geography and community persecution and tolerance and how these factors intersect with the history of race identity and sexuality in America      *The Timberman*, 1911      Coast of Dreams Kevin Starr, 2011-06-22 In this extraordinary book Kevin Starr widely acknowledged as the premier historian of California the scope of whose scholarship the Atlantic Monthly has called breathtaking probes the possible collapse of the California dream in the years 1990 2003 In a series of compelling chapters *Coast of Dreams* moves through a variety of topics that show the California of the last decade when the state was sometimes stumbling sometimes humbled but more often flourishing with its usual panache From gang violence in Los Angeles to the spectacular rise and equally spectacular fall of Silicon Valley from the Northridge earthquake to the recall of Governor Gray Davis Starr ranges over myriad facts anecdotes news stories personal impressions and analyses to explore a time of unprecedented upheaval in California *Coast of Dreams* describes an exceptional diversity of people cultures and values an economy that mirrors the economic state of the nation a battlefield where industry and the necessities of infrastructure collide with the inherent demands of a unique and stunning natural environment It explores California politics including Arnold Schwarzenegger's election in the 2003 recall the multifaceted business landscape and controversial icons such as O J Simpson Historians of the future Starr writes will be able to see with more certainty whether or not the period 1990 2003 was not only the end of one California but the beginning of another in the meantime he gives a picture of the place and time in a book at once sweeping and riveting in its details deeply informed engagingly personal and altogether fascinating

Chourou,Czeslaw Mesjasz,Heinz Krummenacher,2009-06-04 The year 2007 could perhaps accurately be described as the year when climate change finally received the attention that this challenge deserves globally Much of the information and knowledge that was created in this field during the year was the result of the findings of the Fourth sessment Report AR4 of the Intergovernmental Panel on Climate Change IPCC which were disseminated on a large scale and reported extensively by the media This was the result not only of a heightened interest on the part of the public on various aspects of climate change but also because the IPCC itself proactively attempted to spread the findings of its AR4 to the public at large The interest generated on the scientific realities of climate change was further enhanced by the award of the Nobel Peace Prize to the IPCC and former Vice President of the US Al Gore By taking this decision in favour of a leader who has done a great deal to create awareness on c mate change and a body that assesses all scientific aspects of climate change and disseminates the result of its findings the Norwegian Nobel Committee has clearly drawn the link between climate change and peace in the world      *Distinguished Asian Americans* Chung H. **Fagen** Michael Morey,2019-02-05 In 1898 in an era of racial terror at home and imperial conquest abroad the United States sent its troops to suppress the Filipino struggle for independence including three regiments of the famed African

American Buffalo Soldiers Among them was David Fagen a twenty year old private in the Twenty Fourth Infantry who deserted to join the Filipino guerrillas He led daring assaults and ambushes against his former comrades and commanders who relentlessly pursued him without success and his name became famous in the Philippines and in the African American community The outlines of Fagen s legend have been known for more than a century but the details of his military achievements his personal history and his ultimate fate have remained a mystery until now Michael Morey tracks Fagen s life from his youth in Tampa as a laborer in a phosphate camp through his troubled sixteen months in the army and most importantly over his long obscured career as a guerrilla officer Morey places this history in its larger military political and social context to tell the story of the young renegade whose courage and defiance challenged the supremacist assumptions of the time     **Association Men** ,1912     **The Cesare Lombroso Handbook** Paul Knepper,Per Ystehede,2013 This book offers the definitive introduction to current scholarship on Cesare Lombroso his work and his legacy It brings together essays by leading Lombroso scholars from social history history of ideas law criminology cultural studies and Jewish studies It will be of interest to academics students and the general reader alike     **Tobacco** Charles A.
