Manipur And The Naga Hills:

My Experiences in Manipur and the Naga Hills James Johnstone, 2017-06-10 **My Experiences in Manipur and the Naga Hills** By Sir James Johnstone **My Experiences in Manipur and the Naga Hills** Sir James Johnstone, 2019-11-26 In **My Experiences in Manipur and the Naga Hills** Sir James Johnstone immerses readers in the intricate socio political landscape of late 19th century India. Crafted with an engaging narrative style that seamlessly marries personal anecdotes with detailed ethnographic observations, the book provides a vivid account of Johnstone's travels and encounters in the volatile regions of Manipur and the Naga Hills. His descriptive prowess captures the grandeur of the landscapes and the complexities of the indigenous cultures, illuminating the profound differences in customs and governance during a period of colonial expansion and conflict. Through a blend of sharp observation and poignant reflection, Johnstone's work stands as a significant historical document that contextualizes the British imperial experience in Northeast India. Sir James Johnstone's distinguished career as a soldier, administrator, and explorer informs the deeply personal nature of this narrative. His first-hand experiences as a strategic player in the region's colonial administration not only highlight his intimate understanding of local issues but also reflect his evolving perspectives on imperialism and its impacts on indigenous populations. Johnstone's insights stem from both a professional obligation and a genuine curiosity about the cultures he encountered, capturing the interplay between power and identity in a tumultuous era. I highly recommend **My Experiences in Manipur and the Naga Hills** to scholars, students, and general readers alike. Johnstone's rich descriptive language and personal reflections provide invaluable insights into the contradictions of British colonial policy and its ramifications for indigenous communities. This book offers not just a historical record but an invitation to engage with the complexities of cultural encounters in a time of transformation.

It is by characters of his type that our great empire has been created and it is only if such types continue that we may look forward and hope that it will be maintained and extended. Although the family from which Sir James Johnstone sprang is of Scottish origin, his own branch of it had lived in Worcestershire and Warwickshire for nearly a century and a half. It has taken a prominent part in the social and public life of the Midlands and has produced several eminent physicians. 2 He was the eleventh in direct male descent from William Johnstone of Graitney, who received a charter of the barony of Newbie for distinguished services to the Scottish crown in 1541. A remnant of the old Scottish estates was inherited by his great grandfather Dr James Johnstone, who died at Worcester in 1802 and who, being the fourth son of his parents, had left Annandale at the age of twenty-one to settle in Worcestershire as a physician but who always
