Jungians on Myth Steven Walker,2014-04-08 Carl Gustav Jung 1875 1961 was never more insightful and intriguing than when he discussed mythology The key to understanding the Jungian approach to mythology lies in the concept of the image which provides the basis for his theory of the unconscious By emphasizing the image over the word Jungian psychology distinguishes itself dramatically from Freudian Lacanian and other psychologies that stress the task of interpreting the language the words of the unconscious In *Jung and the Jungians on Myth* Steven Walker carefully leads the reader through the essential lines of thought in Jungian psychology before developing his method for using Jungian ideas to approach mythological texts Whether one is sympathetic toward Jung s ideas or critical of them one will find in Walker s discussion a lucid introduction to Jungian perspectives on myth and psychology *Contemporary Psychoanalysis and Jewish Thought*

Libby Henik,Lewis Aron,2023-10-31 Demonstrating the connections between contemporary psychoanalysis Jewish thought and Jewish history this volume is a significant contribution to the traditions of dialogue debate and change within continuity that epitomize these disciplines The authors of this volume explore the cross disciplinary connections between

psychoanalysis and Jewish thought while seeking out the resonance of new meanings to exemplify the uncanny similarities that exist between ancient Rabbinic methods of interpretation and contemporary psychoanalytic theory and methodology particularly the centrality of the question and the deconstruction of narrative In doing so this collaboration addresses the bi directional influence between and the relevance of the Jewish interpretive tradition and psychoanalysis to provide readers with renewed insight into key topics such as Biblical text and midrash religious traditions trauma gender history clinical work and the legacies of the Holocaust on psychoanalytic theory Creating an intimate environment for interdisciplinary dialogue this is an essential book for students scholars and clinicians alike who seek to understand the continued significance of the multiple connections between psychoanalysis and Jewish thought Psychological Biblical Criticism D. Andrew Kille,2001 This volume provides an introduction to psychological interpretations of the Hebrew Bible with the Garden of Eden story as a test case It approaches the text from Freudian Jungian and Developmental psychologies comparing and contrasting the different methods while taking on the hermeneutical issues Ricoeur s work is used to establish criteria for adequate interpretation Genesis 3 presents a fruitful text for psychological interpretation given its importance in Western culture Its themes of sexuality guilt consciousness and alienation are issues of great concern for everyone in our society Kille s aim is to locate psychological criticism within the field of biblical studies and to propose a hermeneutical framework for describing and evaluating psychological approaches The second part is devoted to analysis of different evaluations of Genesis 3 from the three chosen psychological perspectives **A Palace of Pearls** Howard Schwartz,2018-07-09 Rabbi Nachman of Bratslav 1772 1810 is widely considered to be one of the foremost visionary storytellers of the Hasidic movement The great grandson of the Ba al Shem Tov founder of the movement Rabbi Nachman came to be regarded as a great figure and leader in his own right guiding his followers on a spiritual path inspired by Kabbalah In the last four years of his life he turned to storytelling crafting highly imaginative allegorical tales for his Hasidim Three time National Jewish Book Award winner Howard Schwartz has masterfully compiled the most extensive collection of Nachman s stories available in English In addition to the well known Thirteen Tales including The Lost Princess and The Seven Beggars Schwartz has included over one hundred narratives in the various genres of fairy tales fables parables dreams and folktales many of them previously unknown or believed lost One such story is the carefully guarded Tale of the Bread which was never intended to be written down and was only to be shared with those Bratslavians who could be trusted not to reveal it Eventually recorded by Rabbi Nachman s scribe the tale has maintained its mythical status as a hidden story With utmost reverence and unfettered delight Schwartz has carefully curated A Palace of Pearls alongside masterful commentary that guides the reader through the Rabbi s spiritual mysticism and uniquely Kabbalistic approach ultimately revealing Rabbi Nachman to be a literary heavyweight in the vein of Gogol and Kafka Vibrant wise and provocative this book is a must read for any lover of fairy tales and fables *Soul and Psyche* Wayne G. Belonging Too Well Miriam Sivan, 2009-02-13 In *Belonging Too Well* Miriam Sivan draws on contemporary literary theory as well as traditional Jewish texts and culture to explore the question of identity in Cynthia Ozick's fiction Many critics have pointed to a split in Ozick's work between Judaic and secular culture and values Sivan suggests however that Ozick never settles for a simple either/or dichotomy between traditional Judaism and secular American culture but that her protagonists instead fashion new means of living genuinely Jewish lives within the American Diaspora Often they struggle not with not belonging to either the Old or the New Worlds but of belonging too well to both Part of a recent trend toward analyzing Jewish American literature in the context of a deep encounter with and understanding of Judaism and traditional Jewish texts Sivan's study enables readers of Ozick's fiction to penetrate the complex webs she creates among cultures time periods and characters some quite sober others fantastic all unusual

Reimagining the Bible Howard Schwartz, 1998 A collection of essays from Schwartz's previously published work exploring how each successive phase of Jewish literature has drawn upon and reimagined previous ones and arguing that there is a continuity in Jewish Literature which extends from the biblical era to our own times

DNA of the Gods Chris H. Hardy, 2014-03-21 An in depth study of humanity's Anunnaki origins and the Anunnaki battle for an intelligent versus enslaved humanity Explains the genetic engineering of humanity by an Anunnaki scientist Ninmah Shows how the concepts of sin and the inferiority of women arose from Enlil's will to keep humanity underdeveloped clashing with Enki's and Ninmah's plan to make us equal in intelligence Reveals how humanity's long history of conflict was shaped by the battle between Enki and his brother Enlil Further developing the revolutionary work of Zecharia Sitchin Chris Hardy shows that the gods of ancient myth visitors from the planet Nibiru created us using their own divine DNA first through DNA extraction from their own ribs marrow and later by direct relations with early human females Drawing upon multiple sacred texts Hardy details the genetic engineering of humanity by Anunnaki scientist Ninmah with the help of Enki and Hermes She reveals how Ninmah's first female human creation Tiamat Eve contained more alien DNA than the earlier male one Adamu and how the biblical Noah represents the perfection of her work Examining the war between Anunnaki brothers Enki and Enlil Hardy reveals how the concepts of sin and the inferiority of women were born out of Enlil's attempts to enslave and then wipe out humanity repeatedly thwarted by Enki and Ninmah The author further explains how the sacred sexuality taught to humans still seen in Tantric practice became suppressed millennia later by the patriarchal concept of original sin and how innocent Eve took the blame for the expulsion from Eden and fall from Grace Showing that the god who created us was not the same god who expelled us from Eden Hardy explains that there will be no

apocalypse because the Good Evil duality has never truly existed it has been only enemy gods fighting and implicating humanity in the wake of their own competition for power With a full psychological understanding of how the ancient gods have shaped humanity s ongoing history of conflict we can move beyond the framework of my Good versus your Evil imposed by Enlil and begin to steer our own planetary destiny

Weapons Upon Her Body Sandra Ladick Collins,2013-01-16 The biblical stories of Lot s daughters Tamar Ruth and Bathsheba share much in common singular women who are left to rely upon their own wits to achieve some measure of victory over the men around them Scholarly interpretation of these women often reduces them to mere stock characters who inform civic notions about Israel the perennial underdog who like these women achieves against great odds Or they reflect the trickery and moral ambiguity inherent in their line as ancestresses of the House of David However when read for their gender information and not for what they can tell readers about Israel one finds women who employ strategies of deception and trickery motivated by individual self interest in order to successfully maneuver within the system to their benefit Such initiative can be seen as valorous they save themselves through their own pluck and ingenuity Thus a close consideration of these stories finds that heroic biblical women carry their essential weapons upon and within themselves in their drive their resolve and their cleverness Using methods from biblical study as well as folklore this study identifies biblical women motivated by self interest coupled with deception and an incidence of the bedtrick an instance of sexual trickery that challenges the text s power and gender dynamics This identification puts Lot s daughters Tamar Ruth and Bathsheba in league with female heroes from folk tale and legend By contrasting and comparing common motifs and actions with traits established by other non biblical female heroic narratives strong heroic themes are located in all four narratives This offers a dynamic argument for identifying the female biblical heroic This work concludes that this new identification of heroic women in the Bible profoundly affects further interpretation of the Bible

Wars of the Anunnaki Chris H. Hardy,2016-07-18 Examines the Anunnaki gods evolving relationships with humanity their power struggles and the details of their nuclear war on Earth Analyzes the crisis and rationale behind the Anunnaki decision to nuke 5 cities in the Jordan plain resulting in the obliteration of Sumerian civilization Draws upon the work of Zecharia Sitchin the Book of Genesis Sumerian clay tablets and archaeological evidence such as ancient radioactive skeletons Examines the Anunnakis lack of higher consciousness their reliance on technology their sacred power objects and sacred geometry and the possibility of Anunnaki bases on Mars in the distant past The detonation of nuclear weapons in the 20th century was not the first time humanity has seen such terrible destruction Drawing upon the work of Zecharia Sitchin the Book of Genesis Sumerian clay tablets and archaeological evidence such as ancient radioactive skeletons Chris Hardy reveals the ancient nuclear event that destroyed the Sumerian civilization and the power struggles of the gods that led up to it The author explains how the Anunnaki came to Earth from the planet Nibiru seeking gold to repair their ozone layer Using genetic engineering they created modern humanity to do their mining work and installed themselves as our kings and our gods

Anunnaki god Enki had a fatherly relationship with the first two humans Then Enlil Enki's brother took over as Commander of Earth instating a sole god theocracy and a war against the clan of Enki and humanity for spoiling the Anunnaki bloodlines through interbreeding This shift imposed a blackout not only of the very human nature of the Anunnaki gods but also of humanity's own ancient past on Earth Two of Enlil's attacks against the Enki clan and humanity are described in the stories of the Deluge and the Tower of Babel His final attempt after coercing the Assembly of the Gods into voting yes was the nuclear bombing of 5 cities of the Jordan plain including Sodom and Gomorrah which resulted in the destruction of the Sumerian civilization and the Anunnakis own civilization on Earth including their space port in the Sinai The author reveals how after each attempt humanity was saved by Enki chief scientist Ninmah and Enki's son Hermes The author explores how the Anunnakis reliance on technology and their recurrent wars caused them to lose touch with cosmic consciousness And she reveals how we will be doomed to repeat this dynamic until humanity awakens to our true origins

New Jerusalem Nancy Tenfelde Clasby, 2000 New Jerusalem links the archetypal images of modern literature with ancient myth and ritual In this collection of essays on American Literature Nancy Clasby shows that the primary forms shaping premodern consciousness rise still with undiminished force structuring modern poetry and fiction Our literature is a vast echoing house of symbols comprising the sacred space of the modern world Archetypes of death and rebirth indelibly inscribed in human consciousness find fresh expression in contemporary writing The lost Eden and the heavenly Jerusalem are symbols that speak in a perennial language of modern writing and revealing the deep relationship between consciousness and the forms of the sacred

Library Journal, 1995 **Bruno Schulz** Rolando Perez, 2002 **Literary Canons and Religious Identity** International Society for Religion, Literature, and Culture. Meeting, 2004 The central focus of this volume is the turn to religion in modern and postmodern literature with a special emphasis on the interaction and transformation of both literary and religious canons in contemporary culture The essays represent different approaches to the literary disclosure of the religious in 20th century literature intersecting with crucial issues in contemporary literary and cultural criticism issues such as gender postcolonialism multiculturalism ethics literature and hermeneutics and trauma theory The contributors combine a specific theoretical methodological stance with a case study in which the literary articulation of a post modern ethical religious receptivity for the Other is demonstrated They explicitly pay attention to the narrative poetical and rhetorical structures and strategies of the texts that is to the tension between representation and performativity
