**Music, Nostalgia and Memory** Sandra Garrido, Jane W. Davidson, 2019-03-19 How are our personal soundtracks of life devised What makes some pieces of music more meaningful to us than others This book explores the role of memory both personal

and cultural in imbuing music with the power to move us Focusing on the relationship between music and key life moments from birth to death the text takes a cross disciplinary approach combining perspectives from a history of emotions with modern day psychology empirical surveys of modern day listeners and analysis of musical works The book traces the trajectory of emotional response to music over the past 500 years illuminating the interaction between personal historical and contextual variables that influence our hard wired emotional responses to music and the key role of memory and nostalgia in the mechanisms of emotional response

**Of Death and Birth** Barbara Schuler,2009 Scholars of popular Hindu religion in India have always been fascinated by oral texts and rituals but surprisingly only few attempts have as yet been made to analyse the relationship between rituals and texts systematically This book contributes to the filling of this gap Focusing on the dynamics of a local non Brahmanical ritual its modular organisation and inner logic the interaction between narrative text and ritual and the significance of the local versus translocal nature of the text in the ritual context the study provides a broad range of issues for comparison It demonstrates that examining texts in their context helps to understand better the complexity of religious traditions and the way in which ritual and text are programmatically employed The author offers a vivid description of a hitherto unnoticed ritual system along with the first translation of a text called the Icakkiamman Katai IK Composed in the Tamil language the IK represents a substantially longer and embellished form of a core versio which probably goes as far back as the seventh century C E Unlike the classical source this text has been incorporated into a living tradition and is being constantly refashioned A range of text versions have been encapsulated in the form of a conspectus which will shed light on the text s variability or fixity and will add to our knowledge of bardic creativity Includes a film by the author on DVD

**Childbirth Across Cultures** Helaine Selin,2009-12-01 This book will explore the childbirth process through globally diverse perspectives in order to offer a broader context with which to think about birth We will address multiple rituals and management models surrounding the labor and birth process from communities across the globe Labor and birth are biocultural events that are managed in countless ways We are particularly interested in the notion of power Who controls the pregnancy and the birth Is it the hospital the doctor or the in laws and in which cultures does the mother have the control These decisions regarding place of birth position who receives the baby and even how the mother may or may not behave during the actual delivery are all part of the different ways that birth is conducted One chapter of the book will be devoted to midwives and other birth attendants There will also be chapters on the Evolution of Birth on Women s Birth Narratives and on Child Spacing and Breastfeeding This book will bring together global research conducted by professional anthropologists midwives and doctors who work closely with the individuals from the cultures they are writing about offering a unique perspective direct from the cultural group

**Sustainability, Midwifery and Birth** Lorna Davies,Rea Daellenbach,Mary Kensington,2010-10-18 Environmental awareness and sustainability are vitally important concepts in the twenty first century and as a low environmental impact healthcare profession midwifery has

the potential to stand as a model of excellence This innovative volume promotes a sustainable approach to midwifery practice philosophy business administration and resource management Drawing on an interdisciplinary body of knowledge this international collection of experts explores the challenges inviting readers to critically reflect on the issues and consider how they could move to effect changes within their own working environments Divided into three parts the book discusses The politics of midwifery and sustainability Midwifery as a sustainable healthcare practice Supporting an ecological approach to parenting Sustainability Midwifery and Birth identifies existing models of sustainable midwifery practice such as the continuity of care model and highlights the potential for midwifery as a role model for ecologically sound health care provision This unique book is a vital read for all midwives and midwifery students interested in sustainable practice Contributors include Sally Baddock Carol Bartle Ruth Deery Nadine Pilley Edwards Ina May Gaskin Megan Gibbons Carolyn Hastie Mary Kensington Mavis Kirkham Nicky Leap Ruth Martis Zo Meleo Erwin Jenny Meyer Jo Murphy Lawless Mary Nolan Sally Pairman and Sally Tracy

**From Menstruation to the Menopause** Maria Kathryn Tomlinson, 2021-05-15 This book examines the representation of the female fertility cycle in contemporary Algerian Mauritian and French women s writing It focuses on menstruation childbirth and the menopause whilst also incorporating experiences such as miscarriage and abortion This study frames its analysis of contemporary women s writing by looking back to the pioneering work of the second wave feminists Second wave feminist texts were the first to break the silence on key aspects of female experience which had thus far been largely overlooked or considered taboo Second wave feminist works have been criticised for applying their universal theories to all women regardless of their ethnicity socio economic status or sexuality This book argues that contemporary women s writing has continued the challenge against normative perceptions of the body that was originally launched by the second wave feminists whilst also taking a more nuanced contextual and intersectional approach to corporeal experience The cross cultural and interdisciplinary approach of this book is informed not only by critics of the second wave feminist movement but also by sociological studies which consider how women s bodily experiences are shaped by socio cultural context

*Birthing Techno-Sapiens* Robbie Davis-Floyd, 2021-03-30 This ground breaking book challenges us to re think ourselves as techno sapiens a new species we are creating as we continually co evolve ourselves with our technologies While some of its chapters are imaginary they are all empirically grounded in ethnography and richly theorized from diverse disciplines The authors go far beyond a techno optimism vs techno pessimism stance stretching our thinking about birthing techno sapiens to consider not only how our cyborgian reproductive lives are constrained and or enabled by technology but are also about emotions and spirit The world of reproductive health care and particularly that of genetic engineering is developing exponentially and current challenges are vastly different from those of a decade ago The book is provocative intended to generate debate ideas and future research and to influence ethical policy and practice in human techno reproduction It will be of interest across the social sciences and humanities for reproductive scholars bioethicists

techno scientists and those involved in the development and delivery of maternity services

*Things I Didn't Expect (when I was expecting)* Monica Dux, 2013-03-01 Pregnancy is natural healthy and fun right Sure it is if you're lucky For others it's an adventure in physical discomfort unachievable ideals kooky classes and meddling experts When Monica Dux found herself pregnant with her first child she was dismayed to find she belonged firmly in the second category For her pregnancy could only be described as a medium level catastrophe So three years later and about to birth her second child Monica went on a quest to figure out what's really going on when we incubate Monica explores the aspects of baby making that we all want to talk about but which are too embarrassing unsettling or downright confronting She also looks at the powerful forces that shape women's experiences of being pregnant in the west the exploitative industries and the medical and physical realities behind it all Along the way she fends off sadistic maternal health nurses attempts to expand then contract her vagina and struggles to keep her baby's placenta off her hippy brother's lunch menu

**Bump** Kate Evans, 2014-04-01 Kate Evans celebrated author of the breastfeeding bestseller *The Food of Love* acclaimed cartoonist and mother turns her attention to the joys and pains of growing a baby Evans deftly handles the physical and emotional changes that come with being pregnant looking at the practicalities of every stage as well as the challenges that may arise Her no nonsense quirky and accessible text is illustrated throughout with detailed artwork to guide the reader through the intricacies of human reproduction whilst her customary laugh out loud cartoons demystify the complexities of pregnancy and birth The book includes a graphic guide to conception practical help for those trying to conceive early pregnancy advice stop telling me what to do food glorious food the call of the duvet engaging with the professionals abortion rights and wrongs miscarriage support screening and scans are you ready to have a baby the physical preparations ripening and readying waiting well past your due date the art of birth labor push it real good the Caesarean section

*Global Fluids* Charlotte Kroløkke, 2018-07-27 In the fertility and cosmetics

industries women's body products such as urine eggs and placentas have moved from being seen as waste to becoming valuable ingredients Taking a sociological and anthropological perspective the author focuses in particular on the role that countries like Denmark Spain the Netherlands and Japan play in the reproductive products industry and discusses the moral limits of the cultural and rhetorical trajectories that turn women's body products into internationally mobile substances

*The Venetian Bride* Patricia Fortini Brown, 2021-03-12 A true story of vendetta and intrigue triumph and tragedy exile and repatriation this book recounts the interwoven microhistories of Count Girolamo Della Torre a feudal lord with a castle and other properties in the Friuli and Giulia Bembo grand niece of Cardinal Pietro Bembo and daughter of Gian Matteo Bembo a powerful Venetian senator with a distinguished career in service to the Venetian Republic Their marriage in the mid sixteenth century might be regarded as emblematic of the Venetian experience with the metropole at the center of a fragmented empire a Terraferma nobleman and the daughter of a Venetian senator who raised their family in far off Crete in the stato da mar in Venice itself and in the Friuli and the Veneto in the stato da terra The fortunes and misfortunes of the nine surviving Della Torre children and their descendants tracked through the end of the Republic in 1797 are likewise emblematic of a change in feudal culture from clan solidarity to individualism and intrafamily strife and ultimately redemption Despite the efforts by both the Della Torre and the Bembo families to preserve the patrimony through a succession of male heirs the last survivor in the paternal bloodline of each was a daughter This epic tale highlights the role of women in creating family networks and opens a precious window into a contentious period in which Venetian republican values clash with the deeply rooted feudal traditions of honor and blood feuds of the mainland *The Lovelorn Ghost and the Magical Monk* Justin Thomas McDaniel, 2013-12-01 Focusing on representations of a famous ghost and monk from the late eighteenth century to today Justin Thomas McDaniel builds a case for interpreting modern Thai Buddhist practice through the movements of these transformative figures He follows embodiments of the ghost and monk in a variety of genres and media including biography drama ritual art liturgy film television and the Internet Sourcing nuns monks laypeople and royalty McDaniel shows how relations with these figures have been instrumental in crafting histories and modernities particularly local conceptions of being Buddhist and the formation and transmission of such identities across different venues and technologies *Paganism and Its Discontents* Holli S. Emore, Jonathan M. Leader, 2020-08-24 Proponents of racist interpretations of pre Christian Norse Germanic spiritualities have claimed to be preserving heritage while others belonging to the contemporary Heathen movements have moved to distance themselves from volkish thinking Long simmering just beneath the surface of American Paganism racialized Heathenry was on full display in 2017 in Charlottesville Virginia The contributions to this volume delineate between two communities that are using shared symbolism for widely different purposes The book will serve to broaden understanding of the narratives in play here resulting in mitigation of the rising tide of hate and racialized identity
