

W.H. Auden's September 1,1939

W. H. Auden's September 1, 1939 appears at first to be a poem preoccupied with war; its title, being a significant date of the Polish-Nazi invasion in World War II, is a preliminary indication of a war-time theme. On the surface, the poem appears to comment on the dishonesty and manipulation of government leading to war and expresses Auden's political opinions about WWII and his skepticism of governmental authority.

The ideas Auden presents of the 'Collective Man' and 'the lie of Authority' suggests that concerning the war, he believes that the people of the world should be more truthful to one another, and that governments are to blame for the deceptions and wars in the world. The actions of governments at the time and their use of wartime propaganda to manipulate the public's perception could be a mirrored image of the way Auden believes he has been made to be judged by society.

Richard R Bozorth claims that "Auden's poems had private meanings[...]To read with this knowledge is to see that what is true of all writing is acutely so for lesbian and gay writers – that meaning is initiated and elaborated in social settings where truth is very much a matter of what is speakable. " When considering the homosexual nature of Auden's social life, a new layer can be found within the poem.

From the outset of the poem there is a theme of isolation; the speaker sits in 'one of the dives/ On Fifty-Second Street', suggesting a certain seclusion and loneliness. America was an impartial country in the Second World War and is described in the poem as the 'neutral air', reflecting its political neutrality during the war. The lonely bar Auden resides in suggests that like the country that inhabits him, Auden feels he is too separated and alienated within society, which may be due to his conflicting sexuality.

The primary interpretation of Auden's perception of WWII allows him to express his feelings towards the intolerance of homosexuality in society as it could be suggested that Auden believes homosexuals are forced to be kept hidden from the public, the way the government deals with propaganda and censorship during the wartime. The use of light and dark duality throughout the poem could be a metaphor for Auden's attitude towards homosexuality and how it is kept in the 'dark' of society.

The 'waves of anger and fear/ Circulate over the bright/ And darkened lands of the earth' could refer to both the spreading of the war, causing anger and fear to civilians, and the anger felt by people who are unaccepted within society, left to exist within the darkened lands, unexposed to the light of acceptance. Auden insists 'the lights must never go out', in which 'the lights' could represent the acceptance and embracing of homosexuality and thus Auden seeks the light that will allow him to feel accepted within the world.

Auden's Games of Knowledge Richard R. Bozorth, 2001 The first full length consideration of Auden as a homosexual poet this volume shows that Auden's career was tied to a process of gay self interrogation unparalleled in modern poetry and argues that he was driven by a powerful yearning to comprehend the psychological political and ethical implications of same sex desire Auden's theories about poetry in the 1930s and after reflected an intense concern with how to write publicly as a homosexual poet That struggle was made manifest in his love poetry which Bozorth argues constitutes a kind of erotic autobiography exploring the distinct challenges of homosexual love Bozorth's approach is manifold examining the poet's engagements with avant garde poetics gay subculture psychoanalysis leftist politics and theology This book proposes that from his early fascination with secret agent and trickster figures to his later theories of poetry as an I Thou relation Auden viewed poetry as a fictional but primal erotic encounter with the reader

Auden's Apologies for Poetry Lucy McDiarmid, 2014-07-14 Common wisdom has it that when Auden left England for New York in January 1939 he had already written his best poems He left behind most critics believe all the idealisms of the 1930s and all serious concerns to become an unserious poet a writer of ingenious agreeable minor lyrics Lucy McDiarmid argues that such readers spoiled by the simple intensities of apocalypse distort and misjudge Auden's greatest work She shows that once Auden was freed from the obligation to criticize and reform the society of his native country he devoted his imaginative energies to commentary on art And about art he was never complaisant with greater passion than he had ever used to undermine bourgeois society Auden undermined literature Every major poem and every essay became a retraction a statement of art's frivolity vanity and guilt Auden's Apologies for Poetry then sets forth the unorthodox notion that the chief subject of later New Yorker Auden is the insignificance of poetry Commenting on all the major poems and essays from the 1930s through the 1960s and analyzing manuscript revisions and unpublished works it charts the changes in Auden's poetics in the light of his shift from an oral to a written model of poetry In his earliest work Auden voices the tentative hope that poems can be like loving spoken words transforming and redeeming themselves carriers of value After 1939 he takes for granted a written model His later essays and poems deny art spiritual value claiming that love or truth in any serious sense is a reticence the unarticulated worth that exists if at all outside the words on the page Later Auden creates a poetics of apology and self deprecation a radical undermining of poetry itself Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of

Drama Simon Trussler,1983 **Encyclopedia of the Essay** Tracy Chevalier,2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies Humor in Modern American Poetry Rachel Trousdale,2017-11-16 Modern poetry at least according to the current consensus is difficult and often depressing But as Humor in Modern American Poetry shows modern poetry is full of humorous moments from comic verse published in popular magazines to the absurd juxtapositions of *The Cantos* The essays in this collection show that humor is as essential to the serious work of William Carlos Williams as it is to the light verse of Phyllis McGinley For the writers in this volume the point of humor is not to provide comic relief a brief counterpoint to the poem s more serious themes humor is central to the poems projects These poets use humor to claim their own poetic authority to re define literary tradition to show what audience they are writing for to make political attacks and perhaps most surprisingly to promote sympathy among their readers The essays in this book include single author studies discussions of literary circles and theories of form Taken together they help to begin a new conversation about modernist poetry one that treats its lighthearted moments not as decorative but as substantive Humor defines groups and marks social boundaries but it also leads us to transgress those boundaries it forges ties between the writer and the reader blurs the line between public and private and becomes a spur to self awareness
