Medieval Welsh Poems Paperback:

Medieval Welsh Literature Andrew Breeze, 1997 In this book the first general history of the literature of medieval Wales Andrew Breeze surveys the development of this subject over the course of a millennium including the heroic poems of Aneirin and Taliesin tales of magic and romance in The Mabinogion and the comic genius of the fourteenth century bard Dafydd ap Gwilym Dr Breeze discloses the authorship of the centrepiece of medieval Welsh literature The Four Branches of the Mabinogi revealing it to have been written by a woman Gwenllïan the wife of Gruffydd ap Rhys prince of Dyfed She emerges from this study as the greatest of Welsh prose writers and among the first rank of medieval women writers Written for the general reader in an accessible style Medieval Welsh Literature incorporates the latest research in the field **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved Medieval Welsh Poems Joseph P. Clancy, 2003 This anthology of Welsh poems from c 575 to c 1525 offers the general reader the most substantial collection of medieval Welsh verse yet rendered into English in translations that will support the claim that this poetry is one of the finest literary achievements of the Middle Ages Drawing on Professor Clancy's acclaimed Medieval Welsh Lyrics 1965 and The Earliest Welsh poetry 1970 this comprehensive anthology presents over 150 poems eloquently translated that render poetry as poetry A lucid introduction ample notes and a glossary provide the background needed for a full appreciation of the poems

Medieval Welsh Poems Richard Morgan Loomis, Dafydd Johnston, 1992 Loomis and Johnston have translated 111 poems into idiomatic English while retaining the wonderful cadences of the Welsh Sixteen leading poets of medieval Wales including the acknowledged masters Dafydd ap Gwilym and Guto'r Glyn are finally available to English readers Johnston brings his experience as pioneer editor and critic to this collaboration Loomis's translations have been praised for their accuracy and their lyrical quality His Dafydd ap Gwilym The Poems M.R.S. has been widely acclaimed The comprehensive introduction is supplemented by prefaces to each poet generous commentary a guide to Welsh pronunciation and maps The volume is a delight to use Medieval Welsh Poems Joseph P. Clancy, Medieval Welsh Pilgrimage, c.1100-1500 Kathryn Hurlock, 2018-08-12 Medieval Welsh Pilgrimage c 1100 1500 examines one of the most popular expressions of religious belief in medieval Europe from the promotion of particular sites for political religious and financial reasons to the experience of pilgrims and their impact on the Welsh landscape Addressing a major gap in Welsh Studies Kathryn Hurlock peels back the historical and religious layers of these holy pilgrimage sites to explore what motivated pilgrims to visit these particular sites how family and locality drove the development of certain destinations what pilgrims expected from their experience how they engaged with pilgrimage in person or virtually and what they saw smelled heard and did when they reached their ultimate goal **A Selection of Early Welsh Saga Poems** Jenny Rowland, 2014-09-26 The saga englynion are among the most appealing medieval Welsh poems Despite some difficulties their style is generally direct and their contents interesting to modern readers In these poems the anonymous poets speak as characters from story The full narrative setting has been lost

but enough can be reconstructed to appreciate the poetry This selection includes dramatic dialogues and monologues exploring the acceptable limits of heroism The old warrior Llywarch Hen mourns his sons death in battle and his lonely old age full of regrets Heledd the only major female character in the saga poetry laments the loss of her family and her country to the invading English A Selection of Early Welsh Saga Poems the fifth volume of the Library of Medieval Welsh Literature Series presents edited texts from the main manuscripts The introduction offers a guide to interpretation dating and metrics while a full glossary and explanatory notes make these poems readily accessible to the reader

Early Welsh Gnostic and Nature Poetry Nicolas Jacobs, 2012 Among the most enigmatic and fascinating of early Welsh poems are the sequences of stanzas commonly categorized as gnostic In their most typical form they juxtapose vivid natural description with generalisations about the physical world and about human life combining an evident delight in weather and the changing seasons landscapes and seascapes and birds beasts and plants with a serious and often witty concern for the moral and practical aspects of daily life The origin and function of these stanzas remains a puzzle some may be associated with particular situations in narratives now lost but as a whole they appear to have developed at an early stage into a recognised genre of their own They may be supposed to have a philosophical purpose serving to assert a continuity between the natural and moral orders on the other hand they may be read simply as a repository of folk wisdom While their interpretation remains a matter for discussion their language is comparatively simple and they thus provide an engaging window on the ordinary conceptual world of mediaeval Wales This volume presents texts of the gnostic stanzas from the most important collection that in Red Book of Hergest and from some other manuscripts with a few other poems containing related material some of them edited in English for the first time together with a literary and linguistic introduction explanatory commentary and extensive glossary Nicolas Jacobs is an Emeritus Fellow of Jesus College Oxford

Arthur in Early Welsh Poetry Nerys Ann Jones, 2019-07-12 For over a thousand years Arthur has had widespread appeal and influence like no other literary character or historical figure Yet despite the efforts of modern scholars the earliest references to Arthurian characters are still shrouded in uncertainty They are mostly found in poetic texts scattered throughout the four great compilations of early and medieval Welsh literature produced between 1250 and 1350 Whilst some are thought to predate their manuscript sources by several centuries many of these poems are notoriously difficult to date None of them are narrative in nature and very few focus solely on Arthurian material but they are characterised by an allusiveness which would have been appreciated by their intended audiences in the courts of princes and noblemen the length and breadth of Wales They portray Arthur in a variety of roles as a great leader of armies a warrior with extraordinary powers slayer of magical creatures rescuer of prisoners from the Otherworld a poet and the subject of prophecy They also testify to the possibility of lost tales about him his father Uthr his son Llachau his wife Gwenhwyfar and one of his companions Cai and associate him with a wide array of both legendary and historical figures Arthur in Early Welsh Poetry the fourth volume in the MHRA Library of Medieval Welsh

Literature series provides discussion of each of the references to Arthurian characters in early Welsh poetic sources together with an image from the earliest manuscript a transliteration a comprehensive edition a translation where possible and a word list The nine most significant texts are interpreted in more detail with commentary on metrical linguistic and stylistic features
