Memorys Daughters The Material Culture Of Remembrance In Eighteenth Century America:

Memory's Daughters Susan Stabile, 2018-09-05 A renowned literary coterie in eighteenth century Philadelphia Elizabeth Fergusson Hannah Griffitts Deborah Logan Annis Stockton and Susanna Wright wrote and exchanged thousands of poems and maintained elaborate handwritten commonplace books of memorabilia Through their creativity and celebrated hospitality they initiated a salon culture in their great country houses in the Delaware Valley In this stunningly original and heavily illustrated book Susan M Stabile shows that these female writers sought to memorialize their lives and aesthetic experience a purpose that stands in marked contrast to the civic concerns of male authors in the republican era Drawing equally on material culture and literary history Stabile discusses how the group used their writings to explore and at times replicate the arrangement of their material possessions including desks writing paraphernalia mirrors miniatures beds and coffins As she reconstructs the poetics of memory that informed the women s lives and structured their manuscripts Stabile focuses on vernacular architecture penmanship souvenir collecting and mourning Empirically rich and nuanced in its readings of different kinds of artifacts this engaging work tells of the erasure of the women s lives from the national memory as the feminine aesthetic of scribal publication was overshadowed by the proliferating print culture of late eighteenth century America

Cultures of Memory in the Nineteenth Century Katherine Haldane Grenier, Amanda R. Mushal, 2020-06-08 This collection provides a long overdue examination of the nineteenth century as a crucible of new commemorative practices Distinctive memory cultures emerged during this period which would fundamentally reshape public and private practices of remembrance in the modern world The essays in this volume bring together scholars of History Literature Art History and Musicology to explore uses of memory in nineteenth century empire building and constructions of national identity cultures of sentiment and mourning practices and discourses of race and power Contributors approach the topic through case studies of Europe the United States and the British Empire Their analyses of nineteenth century innovations in commemoration at both the personal and the larger civic and political levels will appeal to students and scholars of memory and of the nineteenth century world

Material Literacy in 18th-Century Britain Bloomsbury Publishing, 2020-09-03 The eighteenth century has been hailed for its revolution in consumer culture but *Material Literacy in Eighteenth Century Britain* repositions Britain as a nation of makers It brings new attention to eighteenth century craftswomen and men with its focus on the material knowledge possessed not only by professional artisans and amateur makers but also by skilled consumers This edited collection gathers together a group of interdisciplinary scholars working in the fields of art history history literature and museum studies to unearth the tactile and tacit knowledge that underpinned fashion tailoring and textile production It invites us into the workshops drawing rooms and backrooms of a broad range of creators and uncovers how production and tacit knowledge extended beyond the factories and machines which dominate industrial histories This book illuminates for the first time the material literacies learnt enacted

and understood by British producers and consumers The skills required for sewing embroidering and the textile arts were possessed by a large proportion of the British population men women and children professional and amateur alike Building on previous studies of shoppers and consumption in the period as well as narratives of manufacture these essays document the multiplicity of small producers behind Britain's consumer revolution reshaping our understanding of the dynamics between making and objects consumption and production It demonstrates how material knowledge formed an essential part of daily life for eighteenth century Britons Craft technique practice and production the contributors show constituted forms of tactile languages that joined makers together whether they produced objects for profit or pleasure *Victorian Paper Art and Craft* Deborah Lutz, 2022-09-22 This book shows how authors in nineteenth century Britain used the materials of writing and of reading drawing and handicraft for inspiration and creative composition In doing so it reshapes the sensory history of working on and with paper These activities were many and varied Charlotte Brontë composed poems and doodled in the margins of school books George Eliot recorded writing ideas on her blotter Elizabeth Barrett Browning sewed paper to paper to edit her poems and Jane Austen employed straight pins to cut and paste Albums provided a playful space to collect and to produce text and collage gifts for friends circumventing print culture for a more intimate book making as Elizabeth Gaskell and Anna Atkins knew Notebooks and commonplace books were vital to Eliot Michael Field and Emily Brontë as part of a writing process Writers experimented with crafts and needlework to compose text without paper and ink most notably in the case of samplers What writing and drawing happened on including bibles sewing patterns and walls mattered as related to and generative of the themes of the work This expansive field of meanings that creativity with textual and material things could have was common to the Victorians but the writers explored here were extravagant even among their self reflexive contemporaries in their undoing remaking miniaturizing encrypting reusing and transforming The edge of the page the width of the margin the covers of the book were limiting factors but also provocations to push on further be radical *Sociability and Cosmopolitanism* David Burrow, 2015-10-06 This collection of essays expands the focus of Enlightenment studies to include countries outside the core nations of France Germany and Britain Notions of sociability and cosmopolitanism are explored as ways in which people sought to improve society *A Companion to Mexican History and Culture* William H. Beezley, 2011-03-16 *A Companion to Mexican History and Culture* features 40 essays contributed by international scholars that incorporate ethnic gender environmental and cultural studies to reveal a richer portrait of the Mexican experience from the earliest peoples to the present Features the latest scholarship on Mexican history and culture by an array of international scholars Essays are separated into sections on the four major chronological eras Discusses recent historical interpretations with critical historiographical sources and is enriched by cultural analysis ethnic and gender studies and visual evidence The first volume to incorporate a discussion of popular music in political analysis This book is the recipient of the 2013 Michael C Meyer Special Recognition Award from the Rocky Mountain Conference on Latin American Studies *Illegitimacy,*

Family, and Stigma in England, 1660-1834 Kate Gibson, 2022 *Illegitimacy* Family and Stigma is the first full length exploration of what it was like to be illegitimate in eighteenth century England telling stories of individuals across the socio economic scale This vivid investigation of the meaning of illegitimacy gets to the heart of powerful inequalities in families communities and the state

The World of Colonial America Ignacio Gallup-Diaz, 2017-04-28 *The World of Colonial America* An Atlantic Handbook offers a comprehensive and in depth survey of cutting edge research into the communities cultures and colonies that comprised colonial America with a focus on the processes through which communities were created destroyed and recreated that were at the heart of the Atlantic experience With contributions written by leading scholars from a variety of viewpoints the book explores key topics such as The Spanish French and Dutch Atlantic empires The role of the indigenous people as imperial allies trade partners and opponents of expansion Puritanism Protestantism Catholicism and the role of religion in colonization The importance of slavery in the development of the colonial economies The evolution of core areas and their relationship to frontier zones The emergence of the English imperial state as a hegemonic world power after 1688 Regional developments in colonial North America Bringing together leading scholars in the field to explain the latest research on Colonial America and its place in the Atlantic World this is an important reference for all advanced students researchers and professionals working in the field of early American history or the age of empires

, *Archives and Emotions* Ilaria Scaglia, Valeria Vanesio, 2024-11-14 *Archives and Emotions* argues at its most fundamental level that emotions matter and have always mattered to both the people whose histories are documented by archives and to those working with the documents these contain This is the first study to put archivists and historians scholars and practitioners from different settings geographical provenance and stages of career in conversation with one another to examine the interplay of a broad range of emotions and archives traditional and digital from the eighteenth to the twenty first centuries across national and disciplinary borders Drawing on methodologies from the history of emotions and critical archival studies this book provides an original analysis of two interconnected themes through a selected number of case studies the emotional dynamics affecting the construction and management of archives and the emotions and their effects on the people engaging with them such as archivists researchers and a broad range of communities Its main message is that critically investigating the history and mechanics of emotions including their suppression and exclusion also being conscious of their effects on people and societies is essential to understanding how archives came to hold deep civic and ethical implications for both present and future This study thus establishes a solid base for future scholarship and interdisciplinary collaborations and challenges academic and non academic readers to think work and train new generations differently fully aware that past and present choices have and might again hurt inspire empower or silence
