Policy and Program Planning for Older Adults and People with Disabilities, Second Edition Elaine Jurkowski, 2019-01-14. The second edition of this landmark textbook is distinguished by its pioneering approach to encompassing disability and aging policies under one umbrella in response to the newly developed Administration on Aging and Disability. It addresses policy changes impacting health and disability services resulting from the Affordable Care Act (ACA) and other new legislation and offers a pioneering approach to transforming policy into practice applications. New to the second edition is current census data and new legislative mandates from the ACA and other policy organizations impacting aging adults and/or disabled populations. Also included is new coverage on Social Media, Motivational Interviewing, Health Literacy, Underrepresented Groups, LGBT, and Rural Communities. Podcasts available as downloads present the messages of advocates, lobbyists, policy experts, and consumers who address various aspects of relevant policies and policy development.
