New Ground Western American Narrative And The Literary Canon:

New Ground Axel Carl Bredahl, 1989 *New Ground Western American Narrative and the Literary Canon* **The Cambridge Companion to the Literature of the American West** Steven Frye, 2016-04-26 This Companion provides a comprehensive introduction to one of the most vibrant and expansive traditions in world literature The American West occupies a unique place in the global imagination and the literature it produced transcends the category of region in theme and form Written by prominent international scholars the essays cover a diverse group of key texts and authors including major figures in the Native American Hispanic Asian American and African American movements Treatments range from environmental and ecopoetic to transnational and transcultural reflecting the richness of the field This volume places the literature in deep historical context and features a chronology and a bibliography for further reading It will be an essential guide for students of literature of the American West and of American literature generally **A Companion to the Literature and Culture of the American West** Nicolas S. Witschi, 2014-02-03 A Companion to the Literature and Culture of the American West presents a series of essays that explore the historic and contemporary cultural expressions rooted in America's western states Offers a comprehensive approach to the wide range of cultural expressions originating in the west Focuses on the intersections complexities and challenges found within and between the different historical and cultural groups that define the west's various distinctive regions Addresses traditionally familiar icons and ideas about the west such as cowboys wide open spaces and violence and their intersections with urbanization and other regional complexities Features essays written by many of the leading scholars in western American cultural studies *The Western Landscape in Cormac McCarthy and Wallace Stegner* Megan Riley McGilchrist, 2012-06-25 The western American landscape has always had great significance in American thinking requiring an unlikely union between frontier mythology and the reality of a fragile western environment Additionally it has borne the burden of being a gendered space seen by some as the traditional virgin land of the explorers and pioneers subject to masculine desires and by others as a masculine space in which the feminine is neither desired nor appreciated Both Wallace Stegner and Cormac McCarthy focus on this landscape and environment its spiritual narrative symbolic imaginative and ideological force is central to their work In this study McGilchrist shows how their various treatments of these issues relate to the social climates pre and post Vietnam era in which they were written and how despite historical discontinuities both Stegner and McCarthy reveal a similar unease about the effects of the myth of the frontier on American thought and life The gendering of the landscape is revealed as indicative of the attempts to deny the failure of the myth and to force the often numinous western landscape into parameters which will never contain it Stegner's pre Vietnam sensibility allows the natural world to emerge tentatively triumphant from the ruins of frontier mythology whereas McCarthy's conclusions suggest a darker future for the West in particular and America in general However McGilchrist suggests that the conclusion of McCarthy's Border Trilogy upon which her arguments regarding McCarthy are

largely based offers a gleam of hope in its final conclusion of acceptance of the feminine

Updating the Literary West, 1997 Western writers says Thomas J Lyon in his epilogue to *Updating the Literary West* have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the *Literary History of the American West* TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes *Updating the Literary West* a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of *LHAW* western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened *Updating the Literary West* looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of *LHAW* This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries

The Making of the Modern Canon Jan Gorak, 2014-01-13 This book is part of a series which moves the canon debate of the 1980s forward into a new multidisciplinary and cross cultural phase by investigating problems of canon formation across the whole humanistic field Some volumes explore the linguistic political or anthropological dimensions of canonicity Others examine the historical canons of individual disciplines The important contribution to the canon debate is remarkable in examining the actual process of canon formation from three unusual and complementary angles The first two chapters discuss historical attitudes to canons from antiquity onwards showing the religious aesthetic cultural and political interests which have shaped our modern critical canons Each of the four succeeding chapters examines an exemplary modern defendant interpreter or critic of canons Ernst Gombrich Northrop Frye Frank Kermode and Edward Said A final chapter considers the origins and rationale of the contemporary debate emphasizing the disciplinary and aesthetic problems we must confront if our cultural institutions are to meet the changing needs of the next century

The Ecocriticism Reader Cheryll Glotfelty, Harold Fromm, 1996 This book is the first collection of its kind an anthology of classic and cutting edge writings in the rapidly emerging field of literary ecology Exploring the relationship between literature and the physical environment literary ecology is the study of the ways that writing from novels and folktales to U S government reports and corporate advertisements both reflects and influences our interactions with the natural world

The Columbia History of the American Novel Emory Elliott, 1991 Designed as a companion to *The Columbia Literary History of the United States* this compilation of 31 major essays covers the American

novel from the 1700s to the present although the majority deal with the 20th century Within each era themes genres and topics such as realism gender romance and technology are discussed in depth as well as modern Canadian Caribbean and Latin American fiction Each essayist selects only the authors who best illustrate the topic thus subtly skewing the view of the literary scene at that time The volume also covers women minorities popular fiction and the book marketplace ISBN 0 231 07360 7 59 95 *A Companion to the Regional Literatures of America* Charles L. Crow, 2008-04-15 The Blackwell

Companion to American Regional Literature is the most comprehensive resource yet published for study of this popular field The most inclusive survey yet published of American regional literature Represents a wide variety of theoretical and historical approaches Surveys the literature of specific regions from California to New England and from Alaska to Hawaii Discusses authors and groups who have been important in defining regional American literature **Mapping the Invisible Landscape** Kent C. Ryden, 1993 Any landscape has an unseen component a subjective component of experience memory and narrative which people familiar with the place understand to be an integral part of its geography but which outsiders may not suspect the existence of Unless they listen and read carefully This invisible landscape is made visible through stories and these stories are the focus of this engrossing book Traveling across the invisible landscape in which we imaginatively dwell Kent Ryden himself a most careful listener and reader asks the following questions What categories of meaning do we read into our surroundings What forms of expression serve as the most reliable maps to understanding those meanings Our sense of any place he argues consists of a deeply ingrained experiential knowledge of its physical makeup an awareness of its communal and personal history a sense of our identity as being inextricably bound up with its events and ways of life and an emotional reaction positive or negative to its meanings and memories Ryden demonstrates that both folk and literary narratives about place bear a striking thematic and stylistic resemblance Accordingly Mapping the Invisible Landscape examines both kinds of narratives For his oral materials Ryden provides an in depth analysis of narratives collected in the Coeur d'Alene mining district in the Idaho panhandle for his consideration of written works he explores the essay of place the personal essay which takes as its subject a particular place and a writer's relationship to that place Drawing on methods and materials from geography folklore and literature Mapping the Invisible Landscape offers a broadly interdisciplinary analysis of the way we situate ourselves imaginatively in the landscape the way we inscribe its surface with stories Written in an extremely engaging style this book will lead its readers to an awareness of the vital role that a sense of place plays in the formation of local cultures to an understanding of the many layered ways in which place interacts with individual lives and to renewed appreciation of the places in their own lives and landscapes
