Tennessee Delta Quiltmaking Teri Klassen, 2024-01-12 *Tennessee Delta Quiltmaking* is an excellent study of quilting in rural West Tennessee Both black and white quilters inhabit the small farm region and their quilting traditions are largely shared across racial lines A study that highlights shared culture rather than seeking to distinguish racial or ethnic contributions is a welcome direction in cultural research Alan Jabbour former director of the American Folklore Society Library of Congress Prior to the 1960s quiltmaking thrived in the Tennessee Delta as a crucial source of warm bedcovers among cash poor yet self sufficient farm households As agriculture mechanized rural workers switched to factory jobs and could afford nicer houses and blankets Quiltmaking survived because women both black and white reinvented it as a hobby that met personal and social needs Though scholars have studied quilt styles with rural southern roots few have considered black and white quiltmakers together or as part of a shared regional culture In *Tennessee Delta Quiltmaking* Teri Klassen traces how mid twentieth century common quilts developed from nineteenth century styles Through interviews with people from rural households Klassen uncovers the ways in which designs and labor were shared and the ways in which quiltmaking was part of the small farm culture that was common to blacks and whites While quiltmaking was a creative form passed down in families limited means and accessible materials made it both a necessity and a highly evolved custom in southwestern Tennessee's upper Delta region For families in this region the quilt symbolized homemaker competence and self reliance a trait especially valued by sharecroppers and tenant farmers who owned no land The culture of quiltmaking reflected living conditions and values of these folk and Klassen details numerous changes in this culture from how it contributed to small farm stability to how industrialization affected the practice By considering quiltmaking's practical aesthetic and social aspects in a historical mixed race context *Tennessee Delta Quiltmaking* makes a unique contribution to the study of the Tennessee Delta and the understanding of common quilt design

Hanson,Patricia Cox Crews,2009-04 Pulitzer Prize winning historian Laurel Thatcher Ulrich has remarked Much of the social history of early America has been lost to us precisely because women were expected to use needles rather than pens This book part of the multivolume series of the International Quilt Study Center collections recovers a swath of that lost history

and shows us some of America's treasured material culture as it was pieced and stitched into place. *American Quilts in the Modern Age 1870-1940* examines the period's quilts from both an artistic and a historical perspective. From pieced block to Crazy style to Colonial Revival examples as well as one-of-a-kind creations, the full array of style and design appears in this book covering seven decades of quilting. The contributing authors provide critical information regarding the modern and anti-modern tensions that persisted throughout this era of America's coming of age from the Civil War to World War II. They also address the textile technology and cultural context of the times in which the quilts were created with an eye to the role that industrialization and modernization played in the evolution of techniques, materials, and designs. With full-color photographs of over 587 quilts, *American Quilts in the Modern Age 1870-1940* offers a new visual and tactile understanding of American culture and society, bridging the transition from traditional folk culture to the age of mass production and consumption. New Jersey Outdoors, 1993. African American Quilting in Michigan, Marsha MacDowell, 1997. A valuable historical contribution, this is the first book on the quilting tradition of African Americans in Michigan. With 60 photographs of quilts, it brings together many images in the exploration of African American quilting and examines quilting as a form women have used to make a contribution to the historic meaning of the African American family and community.
