Number The Stars Literature Notes:

Quicklet on Lois Lowry's Number the Stars (CliffNotes-like Book Notes) David Hauslein, 2012-04-28 ABOUT THE BOOK Number the Stars is author Lois Lowry's fictional account of actual historic events that took place in Denmark during World War II. The book follows two families, the Johansens and the Rosens, as they struggle for survival against the oppressive and invasive Nazi occupation. When it is discovered that the Nazis plan to relocate all of Copenhagen's Jewish population, the Johansens realize they must do everything they can to help their Jewish neighbors, the Rosens. The story is told through the perspective of the Johansens' eldest daughter, Annemarie. As the story progresses, Annemarie grows up fast, learning to be brave in the face of certain danger and realizing the importance of doing the right thing even when circumstances are difficult. MEET THE AUTHOR David Hauslein is a screenwriter who occasionally produces short prose and non-fiction works. His most recent screenplay, *Buck Run*, was selected as one of the Top 40 finalists in the Final Draft Big Break Screenplay Competition. He is currently at work on a number of projects, including a feature-length collaboration with award-winning writer-director Matthew Garrett Morris, *County Beating Hearts*. David is available for freelance writing assignments. For work samples and additional information, please visit www.davidhauslein.com. EXCERPT FROM THE BOOK The character of Annemarie is a ten-year-old girl thrust into the world of serious adult problems and life-or-death consequences. Though she is still a child, she finds her responsibilities multiply as the story reaches its climax. Annemarie is often shown parallel to her younger sister, Kirsti, a precocious little girl who is oblivious to the troubles of the world. Annemarie cannot relate to her sister. Since the death of her elder sister, Lise, Annemarie's relationship with her former brother-in-law, Peter Neilsen, has changed as well. He used to be jocular and relatable. Now, in the midst of war, he is serious and driven. She can no longer relate to him, either leaving her stranded between childhood and adulthood. At various points in the story, adults require her to be brave and act mature but refuse to tell her everything she wants to know because she is still a child. Projecting the Holocaust Into the Present Lawrence Baron, 2005 Most Holocaust scholars and survivors contend that the event was so catastrophic and unprecedented that it defies authentic representation in feature films Yet it is precisely the extremity of the Final Solution and the issues it raised that have fueled the cinematic imagination since the end of World War II Recognizing that movies reach a greater audience than eyewitness historical or literary accounts Lawrence Baron argues that they mirror changing public perceptions of the Holocaust over time and place After tracing the evolution of the most commonly employed genres and themes in earlier Holocaust motion pictures he focuses on how films from the 1990s made the Holocaust relevant for contemporary audiences While genres like biographical films and love stories about doomed Jewish Gentile couples remained popular they now cast Jews or non Jewish victims like homosexuals in lead roles more often than was the case in the past Baron attributes the recent proliferation of Holocaust comedies and children s movies to the search for more figurative and age appropriate genres for conveying the significance of the Holocaust to generations born after it happened He contends that thematic shifts to stories about neo Nazis rescuers survivors and their children constitute an expression of the continuing impact the Holocaust exerts on the present The book concludes with a survey of recent films like *Nowhere in Africa* and *The Pianist*
