Miller,2009 Now in its Fifth Edition this text provides a comprehensive and wellness oriented approach to the theory and practice of gerontologic nursing Organized around the author s unique functional consequences theory of gerontologic nursing the book explores normal age related changes and risk factors that often interfere with optimal health and functioning to effectively identify and teach health promotion interventions The author provides research based background information and a variety of practical assessment and intervention strategies for use in every clinical setting Highlights of this edition include expanded coverage of evidence based practice more first person stories new chapters and clinical tools such as assessment tools recommended by the Hartford Institute of Geriatric Nursing

**Nursing for Wellness in Older Adults** Carol A. Miller,2018-01-10 Publisher s Note Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality authenticity or access to any online entitlements included with the product This text covers the theory and practice of wellness oriented gerontological nursing addressing both physiologic and psychosocial aspects of aging Organized around the author s unique Functional Consequences Theory the book explores age related changes as well as the risk factors that often interfere with optimal health and functioning Key features include NEW Technology to Promote Wellness in Older Adults boxes describe examples of technology based interventions that can be effective for promoting wellness for older adults NEW Interprofessional Collaboration IPC material which is found in boxes or is highlighted with orange bars in the margins indicates the responsibilities of nurses to collaborate with other professionals and paraprofessionals in health care and community based settings when caring for older adults NEW Global Perspective boxes provide examples of the various ways in which health care professionals in other countries provide care for older adults NEW Unfolding Patient Stories written by the National League for Nursing are an engaging way to begin meaningful conversations in the classroom These vignettes which open each unit feature patients from Wolters Kluwer s vSim for Nursing Gerontology co developed with Laerdal Medical and DocuCare products however each Unfolding Patient Story in the book stands alone not requiring purchase of these products For your convenience a list of these case studies along with their location in the book appears in the Case Studies in This Book section later in this frontmatter NEW Transitional Care Unfolding Case Studies which unfold across Chapters 27 through 29 to illustrate ways in which nurses can provide effective transitional care to an older adult whose progressively worsening condition requires that her needs be met in several settings For your convenience a list of these case studies along with their location in the book appears in the Case Studies in This Book section later in this frontmatter Updated unfolding case studies illustrate common experiences of older adults as they progress from young old to old old and are affected by combinations of age related changes and risk factors Evidence based information is threaded through the content and summarized in boxes in clinically oriented chapters Assessment and

intervention guidelines help nurses identify and address factors that affect the functioning and quality of life of older adults Nursing interventions focus on teaching older adults and their caregivers about actions they can take to promote wellness Case studies include content on transitional care interprofessional collaboration and QSEN      *Nursing Older Adults* Jan Reed,Charlotte Clarke,Ann MacFarlane,2011-06-16 This timely textbook aims to provide adult nurses with the principles and practice insights needed to deliver exceptional care in partnership with older adults Written by a world renowned author team and includes contributions by older people ensuring their needs and concerns about nursing care are reflected across the book This important book Considers the social perspectives wider issues and themes such as ageism policy services and demographics Evaluates daily activities and needs including mobility nutrition communication sexuality and leisure Features scenarios based on real situations and narratives from older people Examines the use of affirmative language to promote wellbeing and dignity when nursing older adults Nursing Older Adults will help nurses to better appreciate the experiences and strengths of older people The book emphasises the importance of undertaking a collaborative approach when shaping the care that older people receive in a variety of healthcare settings Contributors Serena Allan Michael Bauer Sheena E E Blair Jo Booth Mima Cattan Charlotte Clarke Amanda Clarke Christine Brown Wilson Angela Dickinson Karen S Dunn Soong Nang Jang Diana Jones Mike Nolan Linda McAuliffe Brendan McCormack Patricia McGeever Ann MacFarlane Rhonda Nay Bhanu Ramaswamy Jan Reed Isabell Reid and Debbie Tolson Never was a book like this more urgently needed Those who nurse older people will find much sound help within these pages Broadcaster and writer Dame Joan Bakewell I am delighted to commend this book to you Putting older people at the centre of their care and support is central in all good nursing care Dame Christine Beasley DBE Chief Nursing Officer for England This text makes an extraordinary contribution to scholarship and practice and is sure to be on most undergraduate and postgraduate nursing students must have list of texts Wendy Moyle PhD RNDirector Research Centre for Community Practice Innovation Griffith University Australia A great book giving a comprehensive insight in the fundamentals of working with older people and key issues in nursing older people The voice of older people is vividly written in many examples and scenarios given I recommend this book to nurses care staff all who are in the education and qualification sector and other stakeholders in elder care Professor Dr Barbara Klein Fachhochschule Frankfurt am Main University of Applied Sciences Germany This is exactly the book to choose when looking for a straightforward study book and is particularly good for students and newly qualified nurses I would strongly recommend this book Susan Doyle Student Nurse Bangor University Wales UK      Resources for Teaching Gerontology Verle H. Waters,1994 This practical resource a companion volume to Teaching Gerontology The Curriculum Imperative gives educators useful tools for teaching the subject The book includes innovative classroom and clinical activities guides for independent student field assignments proven strategies for effective use of print and video resources and learning activities which develop students ethical reasoning and sensitivity An annotated list of articles textbooks videos and films for teaching gerontologic nursing

concepts is included      **Nursing Care of Older Adults** Meridean Maas,2001 Here is the first geriatric nursing book to incorporate standardized nursing diagnoses NANDA nursing sensitive outcomes NOC and nursing interventions NIC systems that are rapidly becoming universal standards Readers will learn why the use and documentation of nurse's decisions and actions using these standardized languages is essential in the development of evidence based practice and to influence health policy decisions affecting older adults      **The Nurse's Role in Promoting Optimal Health of Older Adults** Jean W

Lange,2011-09-02 Awarded a 2012 AJN Book of the Year Award Why focus on the negative aspects of growing old while most older adults are leading positive fulfilling and active lives even while dealing with the changes associated with aging and chronic illnesses Promote healthy aging learn what it means to age successfully and develop the tools and resources that can optimize well being during the later years in life with the guidance you'll find inside The author a nationally recognized expert in the field of gerontology addresses the physical psychosocial and spiritual needs of older adults based on a holistic mid range nursing theory of successful aging Contributions from healthcare professionals in exercise physiology nutrition pharmacy and elder law help you understand how these disciplines work together to benefit patients      *Becoming a Nurse*

*in the 21st Century* Ian Peate,2006-07-11 This is an accessible guide aimed at student nurses introducing them and guiding them through the Nursing and Midwifery Council's approved programmes of education for Registered Nurse status Every programme of study that prepares a student to become a proficient registered nurse must be approved by the NMC and adhere to its standards and guidelines The book is broken in to four sections based on the four proficiencies stated by the NMC Professional and Ethical Practice Care Delivery Care Management and Personal and Professional Development It presents these proficiencies in an easy to understand and implement way making it easily accessible for both students and registered nurses who will find it a useful reference for their work and development      **The Clinical Management of**

**Elder Abuse** Georgia J Anetzberger,2012-12-06 Learn to detect elder abuse and provide the help that your neglected or abused elderly clients need Even to clinicians experienced in managing difficult client situations elder abuse is perplexing complex and ethically charged This kind of abuse can be hard to detect with its subtle manifestations and indicators that could just as easily reflect other problems or illnesses It can seem impossible to control particularly when the victim refuses help or denies the seriousness of mistreatment Moreover decision making when dealing with interventions for elder abuse is rarely easy and is frequently clouded by ethical dilemmas The Clinical Management of Elder Abuse can help This essential guide for present and future clinicians provides you with multidisciplinary perspectives on detecting elder abuse situations and interventions that can make a real difference in the lives of clients Three case studies are presented and then examined from the professional perspectives of an attorney a physician a nurse and a social worker What these professionals have to say will leave you better informed about the dynamics and complexities of elder abuse about important steps that must be taken in the clinical management of elder abuse and about the importance and application of multidisciplinary teams in elder

abuse work The handy figures lists of definitions and tables you ll find in this well referenced book make important concepts and complex information easy to access and understand The Clinical Management of Elder Abuse shows how professionals in the above disciplines can address the effects of elder abuse which may manifest as physical effects including pain and injury sleep disturbances eating problems and headaches behavioral effects including anger helplessness reduced coping abilities and suicidal actions psychological effects which can be wide ranging and include denial fear anxiety and depression social effects such as increased dependence withdrawal and lessened contact with the outside world As the baby boom generation ages incidents of elder abuse are certain to continue to increase Whether you are a student an educator an experienced clinician or a novice in the field The Clinical Management of Elder Abuse is a resource that you ll return to again and again as you work to improve the lives of this important growing population *CMSA Core Curriculum for Case Management*, 2008 This text contains the core body of knowledge for case management practice as delineated by the Case Management Society of America CMSA the largest professional organization of case managers The core curriculum provides a synthesis of case management evolution and presents essential elements concepts and vision for current and future case management practice This edition is significantly expanded to reflect the dynamic changes taking place in case management Each chapter is organized in a consistent format that includes learning objectives introduction important terms and concepts key definitions and references

**Physical Change and Aging** Sue V. Saxon PhD, Mary Jean Etten EdD, GNP, FT,, Dr. Elizabeth A. Perkins PhD (c), RNMH, 2009-11-09 cs hlth\_prof gerontol

**Women and Healthy Aging** J Dianne Garner, Alice A Young, 2014-04-04 This book explores what is known about healthy living among older women emphasizing overcoming illness and adversity Women and Healthy Aging focuses on common age related changes and illnesses that frequently occur among women in the later years It describes these diseases and changes provides treatment options highlights preventative measures and offers suggestions for continued productive living as women age Since some of the barriers to effective diagnoses treatments and implementation of productive living strategies are institutional two chapters explore public health policies which affect older women and discrimination against older women in health care This informative book assists health care professionals in the provision of services to older women helping these professionals become catalysts for enabling older women to overcome adversity and continue to lead healthy productive lives Many of the most common diseases and age related changes that affect older women are not curable In a society which stresses cure as the appropriate role for health care professionals what are these professionals to do with the legions of older women for whom cures may not be possible How can they assist older women in preventing or slowing the occurrences of diseases and age related changes When prevention or cure is not possible how can they assist older women in living productive meaningful lives By addressing specific conditions and diseases Women and Healthy Aging gives readers focused information on current treatment options preventative strategies and suggestions for productive living which are disease or condition specific and target older women
