Astrogeographia Robert Powell, David Bowden, 2012-10-01 There are many books on the sacredness and the spirituality of our Earth Few books however deal with the relationship between the Earth and the cosmos which is the central theme for the research presented in this book Its point of departure is the one to one correspondence between the encircling starry heavens the celestial sphere and the sphere of the earthly globe David Bowden has not only worked out the mathematics of this one to one correspondence but has also written a computer program that applies it in practice Thus a new science has been born Astrogeographia concerning the one to one correspondence between the earthly sphere and the celestial sphere

Ethiopia and Lakes Albert and Victoria in Uganda The Egyptians had good reason to worship the Nile which was the manifestation of the gods 4 The two kingdoms of Egypt were originally separated by the Nile River and were ruled by two separate pharaohs The capital of Upper Egypt was at Nekheh near Hierakonopolis under the protection of the vulture goddess Nekhebet The capital of Lower Egypt was at Pe a town in the Delta

The Cult of Alien Gods Jason Colavito,2010-03-05 Fans of fantasy horror writer H P Lovecraft must add The Cult of Alien Gods H P Lovecraft and Extraterrestrial Pop Culture to their reading lists California BookwatchCombining literary theory cultural criticism and muckraking Colavito aims to debunk alternative history He does a fair job of presenting his case using a great deal of textual analysis but believers will dismiss it as yet another attempt to suppress the truth while those who haven t been immersed in the literature are likely to be bewildered or indifferent the writing is engaging and the topic intriguing Publishers WeeklyNearly half of all Americans believe in the existence of extraterrestrials and many are also convinced that aliens have visited earth at some point in history Included among such popular beliefs is the notion that so called ancient astronauts visitors from outer space were responsible for historical wonders like the pyramids In The Cult of Alien Gods author Jason Colavito reveals for the first time that the entire genre of ancient astronaut books is based upon fictional horror stories whose author once wrote that he never wished to mislead anyone In this entertaining and informative book Colavito traces the origins of the belief in ancient extraterrestrial visitors to the work of horror writer H P Lovecraft 1890 1937 This amazing tale takes the reader through fifty years of pop culture and pseudoscience highlighting such influential figures and developments as Erich von D niken Chariots of the Gods Graham Hancock Fingerprints of the Gods Zecharia Sitchin Twelfth Planet and the Raelian Revolution The astounding and improbable connections among these various characters are revealed along with the disturbing consequences of Lovecraft s little joke for modern science and public knowledge Beyond documenting Lovecraft s influence

on ancient astronaut theories and Raelian cloning efforts Colavito also argues that the appeal of such modern myths is a troubling sign in an age when science is having its greatest success He suggests that at the dawn of the 21st century Western society is witnessing a deep seated erosion of Enlightenment values that are the basis of the modern world Jason Colavito is a freelance writer and editor who has written for Skeptic magazine among other publications *The Stargate Conspiracy* Lynn Picknett,2001-09-01 In recent years alternative historians have gained remarkable insight into the mysteries of ancient Egypt but according to Lynn Picknett and Clive Prince their discoveries tie into a dangerous conspiracy nearly fifty years in the making At the center of this conspiracy is a group of respected powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth The conspirators have intimate and exclusive knowledge of this momentous second coming but they insist on keeping it to themselves What could be the purpose of such a conspiracy Why are the conspirators so desperate to keep their information a secret And what does it mean for mankind In this riveting well researched book Picknett and Price offer compelling evidence that the conspiracy exists and expose the insidious motivations of the individuals and organizations behind it **The Canopus Revelation** Philip Coppens,2004 Links the star Canopus in the constellation Orion with the god Osiris the Grail legend and alchemy Proposes that Canopus enabled men to communicate with gods and enter other dimensions and shows how this connection is part of both Egyptian mythology and modern physics and describes the structure of the universe When the Sky Fell Rand Flem-Ath,Rose Flem-Ath,1997-12-15 The fascinating truth about Atlantis leads to a chilling conclusion about the environmental catastrophe that destroyed it Now you can find out how the forces that shattered the first great civilization on Earth can happen again bringing the end of the world to us all With an Introduction by Colin Wilson Martin s Press
