The Pacific Islands Evelyn Colbert, 2018-02-20 This accessible volume provides a brief introduction to the institutions policy concerns and international roles of the Pacific islands Evelyn Colbert expertly paints an overall picture of the region using broad brush strokes complementing the mostly specialized literature available about the South Pacific [The Pacific Islands](#) Brij V. the globe The volume investigates a number of important questions Why and how is war memory so enduring in small islands Do factors such as population size island size isolation or geography have any impact Do close ties of kinship and group identity enable collective memories to shape identity and its resulting war related heritage This book contributes to heritage and memory studies and to conflict and historical archaeology by providing a globally wide ranging comparative assessment of small islands and their experiences of war Heritage of War in Small Island Territories is of relevance to students researchers heritage and tourism professionals local governments and NGOs Historical Dictionary of the Discovery and Exploration of the Pacific Islands Max Quanchi, John Robson, 2005-10-18 The South Seas as this region used to be called conjured up images of adventure belles and savages romance and fabulous fortunes but the long voyages of discovery and exploration of the vast Pacific Ocean were really an exercise in amazing logistics navigation hard grit shipwreck and pure luck The motivations were scientific and geographic but at the same time nationalistic and materialistic A series on global exploration and discovery would not be complete without this book by Quanchi and Robson It is ambitious and informative and includes the familiar names of Laperouse Bougainville Cook and Dampier as well as the intriguing stories of the Bounty Mutiny scurvy and the mysterious Northwest Passage Terra Australis Ignatia and Davis Land There are entries on first contacts ships navigational instruments mapping and botany The scene is carefully set in the introduction the chronology spans several centuries and the extensive bibliography offers a guide to further reading There are more than just dry facts in this book It has a whiff of salt air the clash of empires cross cultural beach encounters and personal adventure

the ACP EU relations Its relevance extends far beyond the ACP EU relationship as it shows and discusses particular solutions for problems that occur in North South relations in general **Asian Security Handbook 2000** ,2000 **The Unraveling of Island Asia?** Bruce Vaughn,2002-04-30 This edited collection takes a primary focus on security issues in Oceania but here the word security is expanded to include such topics as domestic Indonesian and Philippine instability environmental degradation the work of international crime syndicates the generic problem of post colonial state failure and the always overhanging concern with China in short all of the significant troubles roiling Island Asia today Using this expanded notion of security and stability the volume pulls in new anxieties about global warming which may submerge half of the South Pacific microstates within the next 30 years and pollution which covers Indonesia nad Malaysia in thick smoke now visible from space as well as traversing the more traditional security and economic issues Vaughn and his contributors describe a 7 000 mile swath of wobbly island states ranging from the world s fourth most populous country to tiny bogus sovereignties in thrall to globalized criminals through which more than 1 trillion worth of goods move each year An important resource for scholars students researchers and policy makers involved with Oceania and Asian studies as well as contemporary geo political concerns
