Paddle Steamers in Camera Allan T. Condie, 1987 **Piers & Paddle Steamers in Camera** Pat Bushell, 1989 The Weaponized Camera in the Middle East Liat Berdugo, 2021-01-14 Drawing on unprecedented access to the video archives of B Tselem an Israeli NGO that distributes cameras to Palestinians living in the West Bank East Jerusalem and the Gaza Strip Liat Berdugo lays out an argument for a visual studies approach to videographic evidence in Israel Palestine Using video stills as core material it discusses the politics of videographic evidence in Israel Palestine by demonstrating that the conflict is one that has produced an inequality of visual rights The book highlights visual surveillance and counter surveillance at the citizen level how Palestinians originally filmed to shoot back at Israelis who were armed with shooting power via weapons as the occupying force It also traces how Israeli private citizens began filming back at Palestinians with their own cameras including personal cell phone cameras thus creating a simultaneous echoing counter surveillance Complicating the notion that visual evidence alone can secure justice the Weaponized Camera in The Middle East asks how what is seen but also who is seeing affects how conflicts are visually recorded Drawing on over 5 000 hours of footage only a fraction of which is easily accessible to the public domain this book offers a unique perspective on the strategies and battlegrounds of the Israel Palestine conflict A Quayside Camera, 1845-1917 Basil Greenhill, 1975 **Cameras into the Wild** Pallo B. Petterson, 2011-08-12 The cinematographers and directors who shot film in wilderness areas at the turn of the 19th century are some of the unsung heroes of documentary film making Apart from severe weather conditions these men and women struggled with heavy and cumbersome equipment in some of the most unforgiving locales on the planet This groundbreaking study examines nature wildlife and wilderness filming from all angles Topics covered include the beginnings of film itself the first attempts at nature and expedition filming technical developments of the period involving cameras and lenses and the role film has played in wilderness preservation The individual contributions of major figures are discussed throughout and a filmography lists hundreds of nature films from the period **A Life on the Lines** R H N Hardy, 2020-02-20 During much of his early career from 1944 through to the early 1960s Richard Hardy took hundreds of pictures of life on the railways and the men he knew and worked with on a daily basis using his trusty Brownie 620 box camera These unique behind the scenes images form a fascinating and hugely evocative portrayal of Britain at the height of the era of steam during the time of the Big Four and after 1947 when the sprawling nationalised network known as British Railways came of age The second edition contains many new unseen photos which capture the railways in wartime providing a valuable social record of the nation at war In addition there is a sequence of rare photographs of French engines railways and railwaymen offering a superb contrast to the British rail network it quickly becomes evident that the British rail system ran on tea whereas the French system ran on wine Great characters are the unifying theme of the pictures and they include famous figures associated with the railways such as the poet John Betjeman This wonderfully illustrated book sets Richard s personal photographs and text

alongside a carefully collated selection of ephemera artworks and photographs drawn from the National Railway Museum in York Collectively these images and artefacts tell the stories of the great brotherhood of railwaymen brilliantly evoking the speed heat and dust of the footplate [Ships Monthly](#) ,2000 **Imagining Earth** Solvejg Nitzke,Nicolas

Pethes,2017-07-24 While concepts of Earth have a rich tradition more recent examples show a distinct quality Though ideas of wholeness might still be related to mythical religious or utopian visions of the past Earth itself has become available as a whole This raises several questions How are the notions of one Earth or our Planet imagined and distributed What is the role of cultural imagination and practices of signification in the imagination of the Earth Which theoretical models can be used or need to be developed to describe processes of imagining Planet Earth This collection invites a wide range of perspectives from different fields of the Humanities to explore the means of imagining Earth *The Photograph* Andrew P.

Jackson,2018-12-25 What if you knew you were dying What would you do to lessen the grief of your loved ones Harry knows his time is coming and with his passing will leave his daughter Trixie all alone in the world Trixie had already lost her Mum shortly after she was born and her sister had been taken violently by her abusive husband But there were happier times Much happier times back when it was just the three of them Harry had shared his own passion for photography with them and would take his girls on trips called photo hunts challenges they would set themselves to capture the one perfect shot that would win the day Harry is sending his little girl on one final adventure solving the clues capturing the photos and ultimately discovering a truth neither of them could ever have imagined The Photograph will keep you guessing with every turn of the page as you share Trixie s journey to follow her father s footsteps to learn of the man she never knew and a future she could never have imagined Discover The Photograph for yourself and be swept away on an adventure of a lifetime 30 years in the making **Kingdom of the Beast** M. P. Hellinger,2011-10-26 A writer at the edge of sanity tries to avoid confrontation with the influences on his life He struggles with disintegration while attempting to bring order and reason to the family history he is working on which in its turn is anchored into a relentlessly infinite time span Reluctant memories of what had should have or could never have been
